

OREGON SMOTHERS MULTNOMAH; WINS HITTING GAME, 17-4

Johnny Gamble Drives in Five Runs With Homer and Three Bagger

WILSON SHINES ON MOUND

Holds Foe to Few Swats; All Varsity Men But One Connect Safely

Varsity Batting Average table with columns for NAME, A.B., H., AVE.

By ALEXANDER G. BROWN

Oregon broke right into the win column in the first game of the series last Saturday, handing the Multnomah Club team of Portland, a drubbing to the tune of 17 to 4.

Oregon got at Thompson right at the start, and the former University of Washington twirler lasted just one-third of an inning.

Gamble Cleans Up

Lewis got by the rest of the frame without any additional scores being rung up, but in the second inning with Rhinehart, Lind and Medley on first, second and third Gamble came up again.

The visitors got one run in the first inning and then laid off until the first of the sixth, when they gathered three. In the fifth inning "Chief" Wilson was hit on the head by one of Lewis' fast ones which almost put him out for the count.

Eddie got along nicely the rest of the game allowing three hits and only passing one during the three and two-thirds innings he worked.

K. K. K. Sideshows Prove Barnum Was Right; Yield Coin

"A riot of fun and good humor," as the press agent would say, was held under the auspices of the order of the "O" last Saturday night in the gymnasium.

Nearly all the houses on the campus were represented by a side show and Friendly Hall and Beta Theta Pi probably would have won the prizes had any been offered.

The Betas had a novel attraction, a huge tank of water above which sat "Cotton" Manerud. Every time you hit the bullseye the seat was knocked out from under "Skeet's" brother and he went under, Thompson, the Multnomah Club southpaw, put him in just about as often as he would get out.

The dance, which followed the sideshows, was well attended and, as it was a jitney affair, was a financial success.

MISS GORMAN SIGNS FOR POST IN RUSSIA

Physical Training Instructor to Work for Y. W.—Sailing Date Indefinite

Miss Gladys Gorman, instructor in physical training at the University, has accepted an offer from the Y. W. C. A. to engage in physical training work in Russia.

Miss Gorman does not know where her work will be or what it will consist of, other than that it will be work in physical training.

Miss Gorman, whose home is in Montclair, New Jersey, came to the University last fall and since then has been a member of the staff of instructors in the women's physical training department, her work being mostly with the majors in physical education.

She received her B. A. at Wellesley college in 1914 and graduated from the hygiene and physical education department at Wellesley in 1916.

She has had charge of summer camps in New Hampshire and Vermont and has done physical education work in other colleges, summer schools and private schools.

DeBUSK ON EXTENSION TRIP

Dr. B. W. DeBusk, professor of secondary education, left yesterday for an extension trip to La Grande and Pendleton. He will address the study club at La Grande and at both places will hold a clinic for the examination of retarded children.

DORRIS WILL TELL WAR EXPERIENCES AT NEXT ASSEMBLY

Awarded Belgium Croix de Guerre for Service; Wounded in Jaw by Sniper's Bullet.

Lieutenant Ben F. Dorris, University graduate in 1915, veteran of the Argonne and other famous drives, will be the speaker at the assembly on Wednesday morning, according to an announcement made by the President's office.

Lieutenant Dorris returned the first of April to visit his family in Eugene after six and one-half months in service overseas. He was on sick leave at that time recovering from a wound he had received in the jaw.

Dorris enlisted in May, 1917, in the infantry and took the first course for officers at the Presidio where he was commissioned second lieutenant and was assigned to the 91st division, 362 infantry. In July he was promoted to first lieutenant and later for a time was battalion adjutant.

Dorris was wounded in the jaw by a sniper's bullet while in action in Belgium after having gone through 17 days hard fighting in the Argonne without a scratch. The jaw was broken and some teeth knocked out. Dorris was given the Belgium Croix de Guerre for his service.

Mr. Onthank says arrangements are being made for special music for the assembly hour this week.

Plans for all except one of the assemblies for the remainder of the year have been made, Mr. Onthank said also. On May 7, and June 4, business meetings of the student body will be held at assembly time and on May 28, all the classes will have separate meetings.

On May 14, Bishop Walter T. Sumner of Portland will speak to the students. His subject has not been announced yet.

SCULPTOR DUE THIS WEEK

Proctor to Supervise Placing of "The Pioneer;" Rock Base Here

The large rock which will be used as the base for the statue, "The Pioneer" has been brought down from the McKenzie and is now on the campus ready to be fitted into place.

A. Phimister Proctor, American sculptor of wide fame, who designed "The Pioneer," will come to the campus this week to supervise the placing of the statue.

This work typifying the spirit of the early days, is a gift to the University from Joseph N. Teal, of Portland, in memory of the late D. P. Thompson, former regent of the University, who was Mr. Teal's father-in-law, and Mr. Teal's own father.

The statue is of heroic size, being nine feet in height. It is the figure of a man with flowing beard and long hair, dressed in buckskin clothes, walking, as if into the new country. The model used by Mr. Proctor was a hunter and trapper of eastern Oregon.

R. O. T. C. TO GET UNIFORMS

Uniforms will be issued to members of the R. O. T. C. sometime this week. All members, according to Lieutenant Colonel Baird, are requested to watch the bulletin board for announcement as to the time to go to the storeroom of the barracks for measurements and issuing of the uniforms.

VAN OSDEL SUPPLIES PULPIT

Edgar B. Van Osdel, secretary of the campus Y. M. C. A., spoke Sunday morning and evening at the Baptist church in the absence of Rev. C. E. Dunham, pastor.

HAYWARD DUBIOUS OVER TRACK MEET WITH MULTNOMAH

Tryouts Do Not Satisfy Coach; Freshman Entry Still Uncertain

"Bill" Hayward figures that Oregon will not bring home the bacon in the Multnomah-Oregon dual meet, which is to be held in Portland Saturday, unless the unexpected happens before then.

"The score will be something like 53 for Oregon against 79 for Multnomah," Bill said. "This allows the clubmen's use of Philbrook, whom O. A. C. protested in their meet last Saturday."

Hayward further declared that he would not enter a protest against Multnomah's use of Philbrook. "If the clubmen want to use him, that is up to them," he said. "It looks to me as if he is entitled to be entered, because if he were a professional, he could not be a member of the Multnomah club."

Hayward is not satisfied with the results of the tryouts held on Kincaid field last Saturday. "The results were rather discouraging," he said. "Some of the members of the team expect to go to Portland and win the meet on our reputation. This is an impossibility, and I don't know how they can expect to win anything when they are not putting forth their best efforts at a try out."

May Enter Freshmen

"Bill" is uncertain whether he will enter freshmen against Multnomah or not. He will be allowed to do so if he desires, but Oregon's track mentor is trying to work up a good Varsity team. O. A. C. entered freshmen in the meet which they won by protest last Saturday.

The track men upon whom Oregon is placing her hopes in next Saturday's meet are beginning to figure on their possible showing against the Portland clubmen. The result of that meet will undoubtedly also serve as an indication of the showing Oregon will be able to make against O. A. C.

Oregon's milers, Wally Parr, Burgess and Belding, will have to run against Coleman of Multnomah, who took second place against the Aggies Saturday. In the sprints, Oregon may be expected to make its best showing. Foster and Hemenway, both good men, may possibly place, as O. A. C. won all three places against the clubmen.

Trio Will Work Hard

Philbrook, whom the Aggies protested, was the only Multnomah heaver who placed in the shot put, also winning the discus, in which event Multnomah took all three places. This looks as if Starr, Tegart and Runquist, Oregon's heaving trio, will have to exert themselves to place there.

Kadderly, of Multnomah, who won the 440 in the Portland meet against the Aggies' best men, will be the most serious competitor of Anderson, Sundeale and Hayslip, while Windnagle and Coleman will be the club's offerings in the 880, where Belding is expected to make a showing.

The best Multnomah could get in the hurdles last Saturday was third, so Wilson, Hollenbeck and Hunt may be expected to win some points for Oregon.

Sparrow and Webster form a team of jumpers for Multnomah that will make Oregon's candidates exert themselves quite a bit. These men took the first two places in the high and broad jump and in the pole vault last Saturday against O. A. C. Chapman, Estes, Hargreaves, Meyer and Foster may expect real competition next Saturday, when they bump against the Portland clubbers.

On the whole, the Oregon men have a fairly good chance to break into the limelight with some surprising wins in different events, even if they do not win the meet.

Winners in Tryout

Some of the results of Saturday's tryouts are: Mile—First Walkley; second Parr, third Burgess. Hundred — Freshmen, Hemenway.

Dress Suits, Hats Deck Neophytes of Sigma Delta Chi

No, Mabel, you're all wrong. Young men of the University do not stay out all night and appear the next morning in dress suits. That is just Harris Ellsworth and Harry Smith being initiated into Sigma Delta Chi, national journalism fraternity and they are going to make a speech from the library steps at 10 o'clock Wednesday.

Wednesday morning will see a departure from a proper dress and there will be two men on the campus, during the greater part of the day, in full dress, including cane and silk hat. The two young men who will get this opportunity to place themselves before the campus public on assembly morning are the latest neophytes of Sigma Delta Chi, which observes the full dress custom for initiation every year.

The speeches have already been written and have been read to the members of Sigma Delta Chi; Jimmie Sheehy, Harold Newton, Leith Abbott and Alexander Brown; and have been gone over and edited by the inactive members of the fraternity—Dean Eric W. Allen, Professor George Turnbull, Karl Onthank and Carlton Spencer. All agree that the speeches are the best they have ever seen and expect that they will get by big on the day, which is Wednesday.

The dress-suited neophytes have been ordered, by the members of Sigma Delta Chi, to turn down all of the bids to dinner that the girls will probably throw at them, unless the whole chapter is invited.

Y. W. C. A. TO GIVE PLAY AT Y. M. HUT

Skit to Show Life of Students in Japan; No Admission Fee Charged

A Japanese play depicting the life of students in the orient, taking girls from rice fields to college is to be put on by the Y. W. C. A. in the Y. M. C. A. hut next Thursday. There will be no admission charged and every one is invited to come.

The association is supporting work in Japan and wishes everyone to know something about the program of its work in the orient.

The play, which is cleverly written takes up the interesting work of the factory girls who work hours each day making the safety matches, silks, hairbrushes and neckties which we in this country consider such necessities. These girls in the majority of cases have until recently been unable to receive the benefit of the splendid professional and special schools which are in the city, owing to the long hours of labor. A few factory laws, owing to the efforts of the Japanese christians and missionaries have been made but there is great need for more. Tokyo in Japan and Calcutta in India are the largest student centers in the world. Tokyo has 15,000 students of college and university rank and many more thousands in high school and girl's schools.

The interesting part which the missionaries and secretaries of the Y. W. C. A. play in the lives of the factory girls and students will be a revelation to those who will see the play on Thursday, for never could conditions be realized as vitally as they have been represented in "It Happens In Japan."

The cast is as follows:

- Saki ..... Ada N. McMurphy
Ichiro ..... Ella Rowlings
O Hrar San ..... Evelyn Smith
Students:
Michi ..... Margaret Studer
Kiku ..... Geneva Stebno
Chiyu ..... Ruth Nash
Prisoners:
Elme ..... Mabel Weller
Masa ..... Helen Carson
Hana ..... Helen Huntington
Matron ..... Isla Gilbert
Yoshida San ..... Grace Young
Hoshino San ..... Margaret Thompson
Miss Ray ..... Marjorie Holaday
Messenger ..... Marion Bowen

AMBULANCE MEN FROM FRONT TO BE WEEK-END GUESTS

University to Show Old Students "Oregon is Just as It Used to be"

CAMPUS DAY IS FEATURED

Everything Will be Cleaned up; Frosh and Sophs to have Tug-of-War

Junior Week-end will have an added feature this year in a celebration of the return of the Oregon men who have been in the service. The University ambulance company will arrive in time for the week-end, and events are being planned that will again turn their interest to Oregon. "We want to show the old men of the 361st that we are right on the job and that Oregon is just as it used to be," said Herald White, president of the associated students.

"We want to have the biggest Junior Week-end that we have ever had and show these men that the old pep and vim is still here." The men of the ambulance company will be special guests at the prom Saturday night. A word of welcome will be given them by Governor Oleott before he awards the medals to the high school track winners. Grace Hammarstrom, in charge of the feature, promises something good and original. Lee Hulbert says that the decorations will surely be an "artistic riot of color."

Frosh to be Kept Busy

Campus clean up day will be a big feature of the Week-end. Early Friday morning the freshmen will be put at work and the prospects are that they will be kept busy all day, with time out, of course, for the big feed by the Women's League on the campus. "We are going to work the campus all over again," said Herald White, who is in charge of the committee. "It will be a regular spring house cleaning."

A cement walk is to be built on the north end of the campus running parallel to the railroad track. It will be about 200 feet long and will take the place of the old board walk that runs from the north side of the commerce building to the school of music. Suggestions have been made that the planks at the base of the library steps be replaced by a strip of cement.

Following the custom of previous years, considerable work will be done on the mill race. In several places logs have lodged and sediment has gathered. This will be cleaned out. The overhanging branches and berry vines are to be clipped and carried out. There will be some work on the upper portage also.

"O" and Frosh to be Painted

The "O" on Skinner's Butte is to be given a new coat of paint by a husky crew of frosh. These same frosh will paint each other and parade after their work is done.

A good job of cleaning is to be done in the "back yard" of the Administration building. The heaps of dirt are to be removed to Kincaid field and the yard cleaned up in general.

Bill Hayward has asked for fifteen freshmen to get the track in perfect condition for the inter-scholastic track meet Friday afternoon. He wants it hoed, scraped and leveled off, all the pits dug up and "softened." The white chalk lines must be put on just before the meet.

All the antagonism that has been growing between the freshmen and sophomores will be fought out by twenty of the huskiest men from each of the classes in the tug-of-war over the race. "The contest is to be absolutely square," said Herald White. "We are going to see that the judges show no partiality and that no underhanded work is done. We want to give each team a chance to work off its grudge against the other."
