OREGON MAN AT KINGS

The University of Oregon becomes more widely represented in the colleges of Europe all the time. The latest addition to the list is James A. Gallogly, ex-'05, who is now on detached service as a student of international law at King's college at the University of London.

After leaving Oregon Gallogly went to West Point and was graduated from there in 1907. He served as a major in Honolulu for some time and soon after going to France was promoted to Lieutenant Colonel. He was also appointed as judge advocate of the first army corps.

He was with the third division of regulars at Chateau Thierry as staff officer to General Dickman.

perfection, she said, and altogether they were fortunate in finding such a man for the statue.

The Proctors were taken on a fishing trip up the McKenzie river last week-end and they were delighted with the lovely scenery. "We heard of the McKenzie for years in New York," said Mrs. Proctor, "and both of us were anxious to take the trip."

Mr. Proctor had never fished trout in such a large river before and he enjoyed it immensely. The whole family is fond of Oregon, having spent many summers in Eastern Oregon and two years at Pendleton.

Mrs. Proctor studied art in Chicago and, according to her husband, she did some very creditable work before she was married. She preferred to give her time to her family, however, and so she gave up her art work. Mr. Proctor considers her an invaluable aid to his work, since her judgement and criticism are so valuable. "I would not think of calling a figure finished until my wife had given me her impressions of it," he declared.

Their oldest daughter spent one year at Smith college and is at the present time a sophomore at Stanford and a member of Gamma Phi Beta. The Proctor home is in Palo Alto, California, where the rest of the children are going to school.

DOUGHNUT BASEBALL SCHEDULE RESUMED

Five Games Set, Beginning With Dorm vs. Figs, on Wednesday Evening

- DOUGHNUT SCHEDULE
Dorm vs. Fiji—Wednesday, May 14.
Faculty vs. Sigma Chi—Thursday, May 15.
Sigma Nu vs. Oregon Club—Saturday, May 17.
Phi Delt vs. Kappa Sig—Tuesday, May 20.
Betas vs. A. T. O.—Wednesday, May 21.

This is the new schedule for doughnut baseball that has been drawn up by the officials of the league. The league has decided that any team not playing its game on time will be dropped from the league because there are only a few more weeks to finish these games. The only contest thus far played in the league is the Delt-U Avava match. It has been arranged that this game stands.

The semi-finals will be arranged and will start on Thursday, May 22. There has been very little hope on the teams so far this year, thus it is difficult to say who will be in the semi-finals. The Phi Delt grabbed off the cup last year by defeating the Delt team, but their chances are not so good this year as Eddie Durno is ineligible through being on the varsity. The Dorm team will probably make a good showing, with Jimmy Shay, McArthur and several other good ball players. The Delt team looked fairly good on the diamond but their team was considerably set back when they lost Mort Brown, their star pitcher.

CANDIDATES FOR STUDENT OFFICES GIVE PLATFORMS

for the betterment of the University.
For Senior Men
Curtiss Peterson—I am for a greater Oregon, with a live aggressive policy, as senior man on the student council.
Elmo Madden—I elected I will endeavor to maintain the honors and traditions of the University. I will keep anything of a political nature from interfering with the just accomplishment of my office. I will promote the democracy for which the University has long been famous, and will do all in my power to make for a better and mightier Oregon while on the student council.
Harry Jamieson—I am for a better

Oregon during the reconstruction period, and will endeavor to do my part if elected to the student council.

Chester Adams—The University is experiencing an unprecedented growth, the outlook for the future is exceedingly bright and the student council should play an important part in this new growth and development. If elected I will endeavor to further the interests of the University and the student body.

For Junior Men
Alexander Brown—If elected to the Student Council, as Junior representative, I shall endeavor to work for the best interest of the University at large, economical administration.

Johnny Houston—If elected I will stand for a living, active expression of every interest of the associated students.

George Beggs—If elected I will stand for efficient management with no partiality shown.

Eddie Durno—If elected I will work for a bigger and a mightier Oregon.

For Junior Women
Ella Rowlings—I stand for Oregon and a square deal.

Grace Rugg—If elected I will stand for progress. I love the Oregon traditions but we are rather tied down by them, and I will work to progress and to uphold these traditions at the same time. I stand for more democracy. We are democratic enough on the campus but we are not broad enough about it. I think it should be carried over the state, and if elected I will work toward this end.

For Athletic Council
Dow Wilson—I am for the advancement and betterment of all branches of athletics.

Henry Foster—I believe in putting athletics to the best interests of the University.

Wilbur Carl—Executive committee: I will adopt the policy of fair and square treatment to all organizations and student body activities.

Sophomore on Council
Carl Newberry—Sophomore man on council—I elected I will try to fill the position to the best of my ability.
Raymond Lawrence—I will endeavor to be a true representative of the students of the University at all times, keeping uppermost the ideals and traditions which have made Oregon what she is. I will try to promote true democracy and will combat all political intrigue.

For Emerald Editor
Leith Abbott—If elected I propose to make the Emerald the kind of a paper which will cause every student to look forward to publication day. I would also aim to make the paper contain all the news of the University all the time and would endeavor always to see that the Emerald meets its first great duty—to be the official organ of the associated students, edited for and by them. Always the paper would aim towards the promotion of the University in every way and would establish as one of its motives, the making of a "Greater Oregon."

Harry Smith—I am in favor of making the Emerald more than ever expressive of the opinion of the student body. The Emerald should be truly representative of Oregon, and with the coming growth of the University, it should advance and grow accordingly.

The Emerald should contain all the campus news when it is news; its stories should be live and interesting; its editorials should be appealing and pointed. I am in favor of a greater Emerald.

For Editor of Oregona
Helen Manning—Above all an Oregona off the press for Junior Week-end and one that expresses in the best possible way the spirit of Oregon and her students, is my idea of the University year book.

Stella Sullivan—If I am so fortunate as to be elected, it will be my purpose to give to Oregon students an Oregona filled from cover to cover with Oregon spirit; an Oregona that will live up, in every way, to the last one, and if possible a better one; an Oregona that will be ready for the students at Junior Week-end.

Two Managers Talk
Harris Ellsworth—manager of Oregona—It is my ambition to be manager of an "Oregona" that will be bigger and better than ever, and furthermore be financially successful.

Lee Hulbert—manager of Emerald—I am in favor of a stronger support by Oregon students of the Eugene business men who advertise in the Emerald. We should let them know that we appreciate their cooperation and that our trade is of no little consequence and worth advertising for. The circulation for next year should be materially increased along with the growth of the student body. I will work for the interests of the associated students at all times.

REDMOND ATHLETE WINS MEET ALONE; SMASHES RECORDS
