

# FROSH BEAT ROOKS AGAIN; SCORE 9-6

### Dick Shim, Infant Pitcher, Stars; "Skeet" Manerud Hits Consistently

The Oregon freshman baseball team wound up a successful baseball season last Saturday, when they defeated the O. A. C. Rooks at Corvallis, 9 to 6. This is the second defeat administered to the Rooks this year.

The game was fast and close, although the freshmen practically sewed up the game in the first inning. In this slaughter-fest, the frosh annexed seven runs, and four hits off Frink, the Aggie twirler. The Rooks were unable to overcome this lead.

Dick Shim, diminutive twirler, had the Aggie batters at his mercy in all but two innings. In each of these innings the Rooks slipped over three runs. Only one error was made by the Oregon team, an overthrow to first, which did no harm.

The freshmen pulled two double plays during the course of the game. Once "Skeet" Manerud caught a man off second, and flashed the ball to Black for another out. The other double was from Liebe to Manerud to Black. Vincent Jacobberger played a nice game at second, according to the members of his team. He caught every runner who tried to steal second and made three outs this way.

"Skeet" Hits Hard  
"Skeet" Manerud was about as consistent a hitter as any one. He gathered two hits, but managed to get on a base a couple more times, thus making his average fairly high. Liebe registered two safetys, too.

Only in the fourth and seventh innings did the Aggies seem dangerous. Each time Shim let down enough to allow three runs to get across. The Rooks gathered nine hits off Shim to ten which the Frosh garnered from Frink.

The entire Frosh squad made the trip to Corvallis, accompanied by "Shy" Huntington. Their season is over, but they are still continuing practice until the Varsity season is over, this week.

### JIM EGAN VISITS CAMPUS

#### Looking for Oregon Man for Northwest Peace Carnival Track Meet

Jim Egan, of Tacoma, who was a member of the last orandaance class given here, was a visitor on the campus Monday. Egan is now a writer of sports and features for the Tacoma Times, and he spends his mornings finding out humorous stories for Lunsey's and other magazines. Egan is here as a representative of the Northwest Peace Carnival, which will be held in Tacoma July 1 to 8 next. He is seeking to enlist some of the Oregon athletic talent as competitors in a Northwest track meet, which will be one of the attractions in the stadium. Egan would like to get hold of Arthur Tuck, the young Redmond champion, as an entrant.

Much of Egan's work is in humorous vein. As "Squawk McGough" he had a big following in Tacoma in the days before the war.

### VOCATION BUREAU STARTED

#### Dr. E. H. Wheeler to Head Educational Research Organization

A bureau of vocational research has been established to be conducted in connection with the University Extension Division, according to Dr. R. H. Wheeler, professor of psychology, who

is head of the bureau. As yet the bureau is an informal organization with the chief purpose of gathering information on vocational guidance and vocational problems and the publishing of literature on these subjects for distribution among schools and industrial agencies and welfare organizations of the state.

In addition the bureau will conduct research studies on such problems as, causes of students leaving school at certain ages, relationship of success in different occupations, and other problems, with the view of helping those who seek vocational information, particularly college students. The whole policy of the board is advisory, according to Dr. Wheeler, and, if requested, mental tests will be given.

The bureau will also work out a standard vocational test for commercial use, said Dr. Wheeler, and will conduct the standardized tests where requested. Publications and lectures outlining the needs and possibilities of vocational research will be printed later.

Other members of the committee are Dr. B. W. DeBusk, professor of secondary education; Dr. E. S. Conklin, professor of psychology, and John C. Almack, director of the Extension Division.

## WALTER DIMM NOW BUILDING HIGHWAYS

### Oregon Man And His Company Of Engineers Busy In France

Walter R. Dimm, graduate of 1917 and active in campus affairs while in school, is now engaged in building roads for the French government with his company of engineers of the regular army, according to a letter received from him on the campus.

Dimm writes that he was placed with the first replacement regiment of engineers and they were trained for duty as pioneer engineers in the states. After being sent to France they prepared the training areas near Bordeaux and then later were sent to St. Nazaire where they constructed warehouses and said and graded tracks in the Montoir railroad yards. A part of his regiment completed the big base hospital at Savenay. With the close of the fighting the engineers began work for the French government.

Dimm enlisted in New York and was among the men who constructed Fort Foote, Maryland, in the space of time from March 3 to May 5 in the spring of 1918. He later attended the fourth officers' training camp at Camp Lee, Virginia, before he was sent abroad where he has been since September 1918.

Dimm was prominent in the dramatic club while on the campus and was a member of the Emerald staff. He also was on the Springfield News.

### STUDE DANCE SCHEDULED

#### Nish Chapman Promises Good Music For Last Program

An all-round student body dance, with programs, jazz music and punch is scheduled for Saturday night in the new open air pavilion of the men's gymnasium, according to Nish Chapman, chairman of the dance committee. Since this will be the last large student gathering of the college year every effort is being made to make the dance a success and the committee is putting forth every effort to have the entire student body turn out for the affair.

"There will be a small fee," said Chapman, "probably fifty cents a couple and men without partners will be charged the same amount." The student body dance committee is composed of, Nish Chapman, chairman; Ella Dews and Merle Margason.

### ETHEL WAKEFIELD CHOSEN

#### Oregon Woman Will Take Care of Y. W. C. A. Interests for Northwest

Ethel Wakefield was elected undergraduate representative for the University Y. W. C. A. in the Northwest Field, by the Cabinet of the Y. W. C. A. on Friday. She will attend the conference at Seabeck this summer and will help with the cabinet conferences next spring. In addition to these duties she is to make reports to the Northwest field secretary and look after the interests of the association at the University. There will be no more meetings of the Y. W. C. A. this spring so that Miss Wakefield was elected by the cabinet instead of the entire association.

Hotel Osburn Cleaners and Pressers. Special prices always made to U. of O. students. Where service and quality count.

## ORGANIZED HIKES PLAN FOR SUMMER

### Botany and Geology Will Be Taught in Field; Chances To Play Games

Organized hikes to points of interest around Eugene, under the direction of Dr. W. D. Smith, professor of geology will be a feature at the University summer session, according to Dr. H. D. Sheldon, acting dean. These hikes will be open to all students. Instruction in botany and geology may be given on these trips. There will also be opportunities for swimming, tennis and baseball.

The Summer Sun, a newspaper containing the news of the campus will be issued twice a week by the students of journalism under the direction of George Turnbull, professor of journalism. This will be the second year for the Summer Sun.

During the hour from 11:00 to 12:00 each day classes will not be held, but the hour will be taken for lectures and interests of the summer school. During the first three weeks, J. Duncan Spath, professor of English at Princeton University, will lecture. Members of the faculty and distinguished outsiders will lecture during the remainder of the session.

The class in play production, under the direction of Professor Ferguson Reddie, will give a number of short plays in Guild hall or on the campus.

Work in eighteen departments will be offered during the first session. Physical education work will be emphasized. Courses suitable for graduate work will be offered. A complete catalog of the work offered in the first summer session has been issued.

Courses for the second session will be made out during the later part of July, according to the demands of the students. Opportunities for graduate work will be given at the second session.

### WOMEN ENTERING LAW

#### 5 Women out of List of 23 Apply for Admission to Bar

Five names of young women in a list of twenty-three law students who have made application for examination for admission to the bar emphasize the change that has taken place in the comparatively few years that women have been practicing law. The total number of lawyers in the United States is about 140,000, or one for each 700 of the population. If the proportion of women which is found in the list of applications to which reference is made were maintained throughout the country, there would be a total of about 29,000 women lawyers. The value of the law profession as a stepping stone to preferment is indicated by the fact that nineteen of our twenty-seven presidents have been lawyers, and probably two thirds of our senators and more than half of the members of the house of representatives. The chances that we shall some day have a woman for president would seem to be mathematically increased by her entry into the profession.—Oregonian, Monday, May 19.

### ARMY NEEDS 50,000 MEN

#### Opportunity Offered College Men by Government

College men who are willing to join the army are offered an opportunity for a trip abroad without personal expense. The United States army needs 50,000 men for service overseas to relieve a like number now in Europe with the army of occupation. This information was received at headquarters of the R. O. T. C. yesterday.

Colonel C. R. Bennett, United States recruiting officer at Portland is anxious to enlist a certain number of men from this section of the Northwest. "Why not see France and the Rhine following graduation?" He asks. He appeals to men just out of college to ask themselves if they can afford to pass up this opportunity. "This is a chance to 'Earn while you Learn'" he says.

Men enlisting will have the privilege of attending the famous educational institutions of England and France. The branches of service for which men are desired in Europe are infantry, cavalry, field artillery, engineers and medical department.

Any University men who are interested seriously in this opportunity can receive detailed information from Colonel V. A. Caldwell or Colonel R. C. Baird of the military department of the University.

Let's shoot a game of pool. The Club, 814 Willamette Street.

### J. Boyd to Give Oration

Joseph Boyd, a senior in the University will represent this institution in the interstate oratorical contest with the University of Washington at Seattle on the evening of June 5. His oration will be on the "Age of the People." Last year the annual contest was held in Portland.

LOST—at Sigma Chi faculty game, a blue V-neck sweater. Return to Sigma Chi house.

LOST — Somewhere between the depot and Friendly Hall on Saturday evening, a Phi Alpha Delta fraternity pin with the name Roscoe Hunt engraved on the back. Finder please return to Wayne Hunt, Friendly Hall. Reward.

## Yoran Printing House

We make no claim of being cheap printers in the sense of shaving the price down a little lower than the other fellows, because we have too much pride in maintaining our standard of good work to permit us to sacrifice that standard to mere cheapness. That is neither good for you or for us. But by giving intelligent service and providing you with printing that is the best we know how to make for the purpose it is to be used, we do know it is true economy for you to deal with us.
