

## FRESHMAN FOOTBALL CALL BRINGS FORTH ARMY OF CANDIDATES

**C. B. Kratz has 85 First-Year Men Out; High School Stars Report.**

With 85 members of the freshman class registered for football the prospects for a great season for the first year men are most promising. C. B. Kratz, who during the season of 1904 and 1905 was one of the best half-backs in the big ten conference, playing for the Michigan Aggies, has taken over the direction of the freshmen and has had five teams working under his tutelage. The most difficult job that has presented itself to him is the culling out of the men and the selection of the freshman squad. Scrimmage this afternoon is expected to bring out the best that is to be offered by the Varsity as well as the freshmen and will give the coaches of both teams a chance to see just what their men can do and will help them in the selection of their squads. Probably both the Varsity and freshman squads will be cut down before the season starts.

Kratz has a good record as a coach. After completing his course at the Michigan Agricultural college he coached a number of teams in the Missouri Valley conference, and his record is impressive. Last year he handled the Eugene High School team, which was returned champions of the state.

### Borleske's Pupils Out.

Numbered among the men turning out for the freshman squad are high school stars from every section of the state. Ralph Smith and Hugh Clerin, who played several seasons under the two Borleskes at the Lincoln High School of Portland, are out, after having spent two years in the service. Glen Campbell is another member of the Lincoln team of 1906 that is trying to land a berth on the freshman eleven. The Dalles has contributed Lynn Fuller and John Gavin. Gavin has had three years of experience under the tutelage of Bob Murray. Fuller player with the Portland Academy under the coaching of "Spec" Hulbert. He also played a season with the Mt. Angel team.

"Duckie" Holmes of McMinnville is making a nice impression on those who occupy the side lines during the evening hours. He played for two years at McMinnville and later played on an army team. Frank Bosch, an old Jefferson man from Portland, is out for a place and E. McEntee of the same team is also among those present. McEntee is built like a brick wall and sure has a formidable appearance.

### Tuck Out for End.

From Salem the freshmen are offering the Carson brothers. They have established quite a record around the capital city and their football ability is being given a chance to show itself in the daily workout of the infants.

Arthur Tuck, the Redmond Jack-rabbit, is out for a place on the freshman eleven. Tuck occupied a backfield position on the Redmond Hi team for four years but is out for an end here. His weight and speed will stand him in well for a job of this nature. If speed is all that an end needs; then Tuck can put himself down for a berth right now. From Hood River come W. Gassoway and K. Vonder Ahe. Both have had considerable experience.

### Another Jacobberger Here.

Another Jacobberger, the third of the series now running at Oregon, is out for a place on the frosh aggregation. This "Jake" will be known as Hubert, which is his first name. He played at the Columbia University of Portland in the days before Francis and Vincent. During his term of service in the aviation he kept in trim by playing on service elevens.

Ed Twining and "Chuck" Robinson are two more Lincoln men from Portland who are placing bids for places on the team. Robinson played for two years for the Broadway High School of Seattle before coming to Portland to spend his last two years of interscholastic football under the colors of the Lincoln High School.

## A. T. O.'s Meet Bear During Jaunt In Landsbury's Ford

Dr. John Landsbury, dean of the school of music, saw his first really wild bear Sunday afternoon. He met the bear in the middle of the road in the midst of comparatively civilized surroundings and he has not been able to discover since whether he or the bear was the more terrified.

The whole thing came about quickly and decidedly unexpectedly as most such encounters do. Dr. Landsbury, lured by the beauty of the day, took George Hopkins, Chuck Huggins, Ernest Nail and Rex Underwood for a little spin up the McKenzie in the ever faithful Minetta.

Minetta covered 25 miles at her usual clip and the brothers were having a soulful time enjoying the wonders of nature when suddenly in the middle of the road opposite an isolated farm house waddled a fat, very black bear. The bear was annoyed and ran accidentally into a barbed wire fence across the road and bounded back into Minetta's path. Chuck Huggins was driving and, with what he speaks of as amazing presence of mind, he stepped on Minetta and away the brothers sped. None of the party was armed.

One of the most interesting of the developments in connection with the tale is the size of the bear, the whole question apparently depending on the point of view. Dr. Landsbury says that the bear was a large one, Chuck insists that it was a baby bear, but all the brothers maintain that it was very, very black.

Dr. Landsbury vouches for the truth of the adventure with not only his own word but that of the members of his party, whom he says are all most upright men.

## Boxing, Speeches, Magic, Doughnuts, Cider in Big Mix

Boxing, hula dancing, speeches and magic were features of the annual Y. M. C. A. mix held in the hut Friday night at 8 o'clock. Hal White, member of the Y cabinet, chairman for the evening, opened the mix with a heart-to-heart talk on "Oregon Spirit." From that time on till Rev. A. M. Spangler motioned to the cider and doughnuts there was not a moment of lull.

President P. L. Campbell, in paying tribute to those boys who had been overseas and returned to college this year, urged the students to aid in keeping the spirit of democracy alive on the campus.

"This is an age of co-operation," said the president. "The University has always stood for a spirit of fair play and a democracy that places every man upon his merits."

Brief talks were given also by Dean Walter Morton, Shy Huntington, Stan Anderson and Elmo Maddon, president of the "Y." All urged a revival of the good old Oregon spirit.

Going from the sublime to the ridiculous, however, Joe Ables, late of the aviation service, was introduced as Madame Belle Fatima, and such a dance as the "madame" did offer! Further description will be withheld.

N. Ludeman, who was here in the S. A. T. C. days, assisted by Prof. Turnat Beeroff, as he called him, gave an exhibition in magic that was of Orpheum calibre.

To prove that the frosh class can dance, Sherman Reese responded to an encore with a "shimmie" which would have made Cleopatra look like Jess Willard.

Arthur Tuck stepped upon the stage with a pair of boxing gloves on and looked fit for an after-dinner tea or something similar. For the benefit of the ladies not present, his boxing costume was of pink charmeuse with crepe de chine cuffs, but his style of boxing was more or less of the tub silk variety. Some freshman half his size from Medford danced daintily about him and the fight ended in a double knockout.

Mr. Spangler then motioned toward the "eats" and the serpentine formed, ending a most enjoyable evening.

Herald White and Johnny Houston were active in the arrangements for the mix.

### Y. W. TO MEET

Y. W. C. A. will hold its first regular weekly meeting at the Bungalow Thursday afternoon at 5 o'clock. This will furnish an opportunity for all University women to meet the new secretary, Miss Urith Dailey.

## SCHOOL OF MUSIC HAS ENLARGED ENROLLMENT AND NEW PROFESSORS

**Students from Nebraska, Kansas and North Dakota Come For Music Only.**

With an increased faculty and an enrollment over twice as large as it was last year, the University school of music faces one of the brightest years of its history, according to John J. Landsbury, dean of the school. Students have come from Kansas, Nebraska and North Dakota for the sole purpose of studying music, and the number of students enrolled on the second day of registration this term is easily twice as large as that of last year, according to Dean Landsbury. Efforts are being made to secure an annex for the department.

Several new instructors have been added to the faculty this year, each of whom Dean Landsbury thinks is an artist in his line.

The band is being organized under the supervision of Ross Hickernell, who hopes to have every student on the campus who can play a band instrument of any kind sign up for the band. He has had much experience in this work and according to Dean Landsbury is a solo cornetist of rare ability. He was a member of the famous Innes band which toured the Pacific coast in 1905. He covered a distance of 21,000 miles when on this trip. Later, on impromptu notice, he accepted a position in the Mozart symphony club of New York city.

### New Head for Orchestra

Rex Underwood will lead the orchestra this year. Mr. Underwood has a wonderful record, according to Dean Landsbury, having had extensive training under renowned teachers. He has been a student in the Chicago Musical college with Joseph Olhaiser, one of the greatest teachers in the country. Later he spent three years in Leipzig, Germany, with Hans Becker. After this he studied in London with Micael Press and in Chicago.

The department of singing will have as its head Albert Lukken, a college man who has studied under Karlton Hackett, Frederick W. Root, Charles W. Clark and David Bisham. After graduating from the school of music he spent a year coaching in the Aborn opera school of New York. Between the years 1913 and 1915 he was at the head of the singing department at the University of North Dakota. Mr. Lukken will have charge of the glee clubs and with George Hopkins, president of the glee club, will call a meeting of glee club aspirants in the near future.

### Other Faculty Members.

As assistant to Mr. Lukken, the school of music has obtained Miss Martha E. Findahl, who is a pupil of Karlton Hackett and a graduate of the American Conservatory of Music in Chicago. Miss Findahl taught three years at the University of South Dakota.

Mr. Leland Coon, organist and pianist, will continue his classes. Beside his regular classes he has added a class in pipe organ playing to which lessons will be given in the First Methodist church of this city.

Dean Landsbury is highly enthusiastic over the prospects for the year and wishes that every student who is interested in any line of music, band, orchestra, piano, organ or voice, would enroll now.

PHI DELTA THETA  
announces the pledging of  
MATTHEW P. DUFFY  
of The Dalles.

And trust that your "College Life" in Eugene will be one of profit and pleasure not only for the time being but for many years to come.

To get the most out of your work you will need

## "Pep"

What is "Pep"? We hear a good deal about it. We talk of it. But what do we mean about it? It has been defined thus: It is the thing that makes the lambs gambol with glee, the colts prance with joy, the calves throw up their tails and run like fury, the birds sing in split-throat notes, the frogs croak upon the creek banks, the insects buzz and hum in the air, the blacksmith laughingly beat the iron into shape, the mechanic and laborer fairly dance to their jobs, the soldier "go over the top" with clinched jaws and courage that knows no fear, the engineer wave a kiss to his sweetheart as he throws open the throttle and says bye-bye. Oh, "pep" is anything that puts happiness in the heart, energy in the body, determination in the soul and invincible courage in the will.

Oh, yes! My Brother is a jeweler, my Father is a jeweler, my Uncle is a jeweler and my Grandfather was a jeweler 'way back in the '50's, but we forget all about that and it amounts to nothing unless we deliver the goods. We've got the store and the goods and the "pep" and to former students and customers we solicit a continuation of your patronage. To the new students we welcome you to our store and assure you we can please you.
