Friendly is being coached by Paul Stone, a former Reed College star, who will play a forward position and they also have Clark who played a guard position on last year's five, while they have a big representation out for practice every night to select from. They have not announced the remainder of the team. The Sigma Nus will line-up with Dudley, center; McKinney and Barrager, forwards; and Hollenbeck, Gilbert and Shattuck, guards. The last three named played last year on the Sigma Nu quintet.

Of this line-up the entire team with the exception of Furrey and Darby played last year. These two are freshman aspirants. The A. T. RELIGIOUS SECRETARY RECRUITING WORKERS FOR Y. W. ON CAMPUS

School To Be Held In Seattle; Course Can Be Completed In Three Weeks

Because of the urgent need for Y. W. C. A. secretaries in the northwestern field, Miss Sueanna Hammerly, recommendation secretary of the personnel bureau of the national board of the Y. W. C. A., with headquarters in New York, is making a six weeks' tour of the northwest interesting young women in this work. Miss Hammerly was at the Y. W. C. A. bungalow of the university Wednesday afternoon and Thursday morning interviewing local girls who are interested in the work.

The need is so pressing, according to Miss Hammerly, that for the first time a special training course of three weeks will be given in Seattle, beginning next January. The director will be Miss Eliza Reece Butler and the faculty will be composed of the most prominent members of the national board staff who will conduct the regular course in New York city. There will be no tuition for this course, but each girl pays her own expenses. Heretofore, it has been necessary for girls entering Y. W. C. A. work as secretary to take a training course in New York, either six weeks' summer course or a ten months' winter course, tuition for which is between eight hundred and a thousand dollars. Last year 220 girls went through this school, of which our local secretary, Miss Urith Daily, was one. The Y. W. C. A. has a total staff of 3,965 secretaries.

Great Opportunities Offered.

Speaking of the opportunities offered, Miss Hammerly said that those girls who made good in local work may look forward to a supervisory position in one of the eleven fields of the work in the United States. From there she may look forward to a possible position on the national board staff, with headquarters in New York, where she will be directly in touch with national work. Or a secretary may look forward after local work in this country to a broader field of service in one of the foreign countries in which the association is doing work. These countries at present are Belgium, France, Italy, Roumania, Czecho-Slovakia, Poland, Armenia, India, China, Japan, Russia, and South America.

Workers Sent Abroad.

"In addition to those now in the field," said Miss Hammerly, "the Y. W. C. A. is attempting to send five hundred secretaries to foreign countries within the next five years. These countries will include Russia, South America and the Orient, and the fact that these secretaries for foreign service are to be chosen from our own experienced workers, makes it more necessary that our local ranks be filled with young college women to whom the same opportunity may come later." In order to be eligible to a position as secretary, a young woman must be a college graduate, must be a member of a protestant evangelical church, must be between the ages of twenty-one and forty, and must be especially adapted in personality for association and Christian leadership among girls and women.
