FINISH THE JOB

Starting this week the student council and members of the Greater Oregon committee, aided by every member of the student body, are starting a task which is one of the largest and most important moves ever started by the associated students, namely, the raising of \$30,000 for the University Women's building during the Christmas vacation.

Not only is this one of the most colossal things ever attempted by University students, but it is also one of the best opportunities ever offered to the Oregon men and women to do something which will have a lasting effect on the progress of the University. The Women's building now just started on the campus cannot be completed until more funds are in evidence. The state appropriated \$100,000 for the building with the pledge of the University that it would produce the other \$100,000 necessary for the completion of the structure by popular subscription. There are individuals, clubs and organizations in the state who have worked unceasingly to raise the \$100,000 for the past year. Seventy thousand dollars of this amount has been pledged. There is yet \$30,000 to be raised and the people who have been working for the fund are worn threadbare, have gone almost as far as it is possible for human endeavor to go unaided. It is now up to the University students to get behind the drive and carry it through to a finish. It rests with them whether or not the magnificent building now started will become a reality or a mere foundation—a haughty spectre to wasted hopes, caused by a student body clothed in lethargy.

As men and women with intellect and foresight we should look at this movement to raise the remaining funds with a broad scope of vision on the University's future. We need buildings, many of them. Every department of the University is hampered by a lack of room and equipment. We must interest the people of the state in our needful condition. By carrying on a concerted action in every district of the state during the holidays seeking for funds with which to finish the structure our condition and need for buildings will be well advertised from one corner of the state to the other. As a result endeavor to receive aid for more buildings will be more heeded.

Latest Wrinkle in Jazz is Promised Sophs to Spring it Friday Night

Where did jazz originate? Ask the sophomores. If you can't believe them, just look at the sophomore dance Friday and prepare to change your opinion.

The arrangements, according to Carl Newbury, chairman of the committee, are complete with one exception, and "she's up to you." Students are warned to leave their "soup and fish" at home for the plans have been changed from a formal to an informal affair and dress suits are taboo.

Decorations that will make Dame Nature look like a hungry artist are to grace the armory. Bill Bolger, chairman of the decoration committee, is preparing to spring a combination of color that will dispel the worst case of blues on the campus. C. B. Kratz, a local decorator, has been engaged to undertake the work. Bolger promises that the armory will

bloom forth in green and yellow and the soph colors, green and white. A monster lemon-yellow block "O" with a green background bearing a white 1922 is part of the decorative plan.

And the feature? That's what's got 'em! Howard Staub, who is engineering this end of the program, is imitating the silence of an oyster with the result that nobody knows just what is going to happen. Rumor has it that the Pasadena game is to be touched upon. The feature is awaiting the approval of the faculty.

Programs are going to resemble the decorations—lemon-yellow "O's" with green background bearing a white embossed 1922. The best music possible has been engaged, and with the punch bowl overflowing, the sophs are awaiting the stroke of the hour to play, hosts to the entire university.

Varsity to Get Good Material Next Year Developed in Frosh

Successful Season Ends; Hill, Shields, King, Holmes, Are 1920 Prospects

The freshman football team has ended a short but successful season under the direction of Robert ("Bob") Murray. "Bob" Murray took hold of the team late in the season, but he succeeded in developing a fast snappy team. There has been worlds of good material out for the frosh team this year, but the team was handicapped by a poor start, and the lack of games. The season has not been so successful so far as victories are concerned, but it has developed considerable material for the varsity.

It is difficult to pick any outstanding star from the freshman team, because there is no one whose playing entitled him to a pedestal. However, the ability of "Frankie" Hill as a ground gainer and open field runner should put him in the running for the varsity team. Hill's main hindrance is his light weight. He weighs 155, but is a whirlwind when carrying the ball.

King Good in M. A. A. C. Game.

George King, one of the backfield performers, looked good against Multnomah in the game last Thursday. He was substituted in the third quarter, and did some very good work.

"Duckie" Holmes, who generated the frosh team, showed promise in action this year. "Duckie" is fast for a man who weighs 174 pounds. If Holmes tries out for quarter next year, he will have formidable competition in "Skeet" Manerud, but it seems likely that he will be shifted to another backfield position. Speed combined with weight makes Holmes one of the likeliest looking youngsters of the first year contingent.

The Shields brothers, the battleship twins of the freshman outfit, are going to be strong contenders for future varsity place. "Tiny" Shields registers 190, and the big surprise is that he is one of the fastest men on the frosh squad. Floyd Shields rates high among the coming varsity aspirants.

Brown Will Attract Notice.

With both Bartlett and Leslie gone from next year's lineup Hugh Clerin, a husky of considerable ability, will have a favorable chance to handle one of the tackle positions. "Bud" Brown, who carries around 178 pounds of bulkiness, is bound to attract notice among the 1920 prospects.

Mtthew Duffy played end part of the season this year, but is somewhat of a darkhorse. He is a product of Murray, The Dalles, and showed a good knowledge of the game while in action.

Charles Robinson, a husky lad from Lincoln high school, Portland, who was a member of the all-star interscholastic eleven in the Rose City last season, is another man who ought to make the varsity squad next year. Robinson is a big man and has a world of speed for his size. Injuries kept him from showing up on the frosh team this season.

"PRINCE OF LIARS" TO BE YEAR'S FIRST ALL-STUDENT PLAY

Des Moines Conference Fund to Receive proceeds of Comedy

"The Prince of Liars," the first all student play of the year, which is given for the benefit of the Student Volunteer fund, is receiving the finishing touches this week.

Reservations for the play may be made at the box office of the Eugene theatre both Friday and Saturday. The office opens at 10 o'clock on each morning and stays open through out the day. Tickets may be bought in any of the organizations or at the library and can be exchanged for reserved seats. The prices are 50c, 75c and \$1.00, plus the war tax which will be paid at the box office.

The "Prince of Liars" was written by Sidney Grundy and the scenes are laid in England during the latter half of the nineteenth century. The play is honeycombed with intensely comical situation which result from one Arthur Hummington's impressionable nature. He is married, has a mother-in-law and a brother-in-law. The wife is on a vacation and his reading of Arabian Nights stirs his blood and causes him to go on a wild expedition in the character of the Caliph of Bagdad. In the fog he encounters a young adventuress who has lost her way in the fog and conducts her to her destination. The young lady appears at his home the following day. Then the fun starts and Hummingtop beats all records for telling lies. The three acts are full of live and clever action and good humor is furnished the audience throughout the two hours.

Another feature of the "Prince of Liars" will be the playing of the university orchestra with Miss Aurora Potter in charge.

The cast for the play includes some of the best dramatic talent on the campus. The players and their parts are:

- Arthur Hummingtop...John Houston Mrs. Hummingtop...Marion Gilstrap Rosa Colombier...Adah McMurphey Daisy...Thelma Stanton Ralph Onerod...Ogden Johnson Joshua...Ray Dunn Barbara...Evelyn Smith Dobson...Norman Phillips

UNIVERSITY WOMEN PLAN TOURING PARTY

(Continued from page 1)

such a party because of their familiarity with the countries of Europe. Dean Fox while in Europe during the war traveled extensively and will be able to connect the story of the war with the places to be visited.

The club group has not yet begun organization, but Dean Fox expressed herself as heartily in favor of the club and it is hoped that upon this general invitation many university women will join. A few of those already planning to make the trip to Europe in 1921 are Dean Fox, Miss Burgess, Miss Urith Dailey, Dorothy Duniway, Louise Davis, Adelaide Lake, Mary Irving, Era Godfrey, Mary Ellen Bailey, Helen Flint, Margaret Hamlin, Elva Bagley, Velma Rupert, Marjorie Kay, Fern Holicomb, Helen Manning, and Lyle Bryson.

2 SERIES OF DEBATE ARE ASKED THIS YEAR BY UNIVERSITY WOMEN

Forensic League Would Enter Another Intercollegiate Conference

Eighteen girls, representing every women's fraternity on the campus, have at the present time signed up for intercollegiate debate. In the resolution drawn up recently two series were asked for. This is the first time at the University of Oregon that anything of this nature has been attempted by the women, and to quote Miss Ethel Wakefield, president of the women's inter-society forensic league the proposed series will be a success.

At a meeting of the Women's Intersociety Forensic league held a week ago in Professor Bert Prescott's room in Johnson hall, a set of resolutions were drawn up by the students' forensic council and graduate manager for approval, but as yet no definite action has been taken. It is hoped, however, since Thursday of each week has been set aside as official meeting day for the Women's Intersociety Forensic league, that the student forensic council and graduate manager will have taken some definite action before the next meeting of the league.

Both Series to Be in Winter.

The resolutions, as presented, call for the immediate negotiation of two women's triangular debating contests; one to include the Oregon Agricultural college, Washington State college, and the University of Oregon, Leland Stanford and the University of Washington as participants. It is the plan of the women's forensic league to have both of the series of debates during the winter term. Work will begin very soon on tryouts.

Council Urged to Act Soon.

In view of the consideration of the welfare of the university as well as the women of the university, the resolutions urged that an exceptional effort be made by the students' forensic council and the graduate manager to secure for the women of the university these intercollegiate debating contests. The resolutions also ask for the support of the entire student body as the university women have long given their generous support to all college activities.

At the meeting of the Women's Forensic league held just before the Thanksgiving recess, permanent officers were elected. Miss Ethel Wakefield was elected president of the organization; Laura Rand, vice president, and Doris Pittinger, secretary-treasurer. It was also decided at the meeting that the Women's Forensic league would meet at 4 o'clock on Thursday of every week in Professor Prescott's room in Johnson hall.

Plans Are Discussed.

At today's meeting plans for the intercollegiate contests were discussed. The out-of-town members, Mrs. Roy Bishop of Portland, Mrs. Alexander Thompson of Hood River, could not be present, but Mrs. P. L. Campbell, Dean Elizabeth Fox, and Miss Julia Burgess, professor of rhetoric at the university, were expected to be present at the meeting.

Work is under way in each of the twelve women houses which are participants in the doughnut series scheduled for January 20 and 22. The question which will be discussed is, "Resolved, That the principles of compulsory investigation as defined by the Canadian act of 1907 should be applied to all disputes arising between railway companies and their employees."

Montana U. to Raise Standards. The University of Montana is organizing a woman's league for the purpose of raising the social and scholastic stand-ard of the students. The league is endeavoring also to assist the women students to solve the employment problem.
