Karl Onthank, secretary to President Campbell, says that subscriptions to the building fund are still coming in.

STUDENT LIVING COST SOARS TO 42 PER CENT OVER ESTIMATE OF 1915

Committee Investigates Expense of Campus Life; "Home Check" Grows

\$50 IS MONTHLY AVERAGE

Dormitories and Fraternity Houses Hold Fees Low in View of Price of Materials

Cost of living at the University of Oregon has increased about 42 per cent over living expenses of 1915, according to approximate statistics by the student living committee.

The houses, including dormitories and fraternity houses, have managed to keep living expenses conspicuously low in view of the increased cost of materials.

House Managers Practice Economy The reason that the houses have been able to fight the high cost of living on such a close margin, according to Dr. Bovard, is that the house managers are now more on the alert than formerly for good buys and pay more attention to planning the menu in order that the best possible results may be obtained at the least expense.

Recreation Expenses Vary No satisfactory estimate can be made on the average spent by each student for recreation. The figures run from nothing to \$50.00 per month in extreme cases.

Ha! What Ho! Juniors Plot Vod-vill '21ers May Play Before Footlights

Well, the junior class is plotting against the rest of the student body again, and this time a new idea is to be sprung on the "unsuspecting public".

So the junior class, through the master mind of their "Prexy", appointed a sleuth to percolate among the faculty and those higher up and get the pulse, as it were.

As for the date, no more can be said than that the vaudeville will proceed Junior Week-End; as for the price, it will be popular; as for the acts, wait until you see them.

VARSAITY FACES BIG WEEK

OREGON FIVE RUNS UP SCORE OF 38 TO 22 AGAINST WILLAMETTE

First Half Is 12 to 12 With Both Teams Playing Good Ball

McKittrick, Lind, Durno and Chapman Fast—Eddie is Consistent Basket Shooter

Table with columns: Northwest Conference, Standing, Won, Lost, Per. Lists teams like W.S.C., Idaho, Oregon, O.A.C., Whitman, Willamette, Montana.

Playing good ball in the first half, the Willamette quintet held the lemon yellow five to a 12 to 12 tally in the initial period of the game Saturday night but were unable to keep up the pace in the last half and were smothered under a 38 to 22 score when the final whistle was sounded.

The Methodists took the lead and chalked up five points before Durno hooped one, from then on the score saw-sawed back and forth until the half ended.

McKittrick is Speedy The playing of McKittrick for the visitors was a feature of the game and the fast little guard was all over the zoor for the visitors although he failed to succeed in stopping Durno from chalking up the usual number of points.

PULLMAN'S QUINTET ON WAY FROM SOUTH STOPS FOR CONTEST

California Takes First From Northerners Who Split With Stanford

U. OF W. AFTER REVENGE

Oregon Hoopsters in Good Shape for Mix With Visitors—Leadership of Conference at Stake

Oregon Hoopsters in Good Shape for Mix With Visitors—Leadership of Conference at Stake

Table with columns: Pacific Coast Conference, Standing, Won, Lost, Per. Lists teams like Washington, Oregon, W.S.C., Stanford, O.A.C., California.

With a chance either to put the lemon yellow well in the lead in the Pacific Coast Conference basketball championship race or to drop to a place from which it will be all but impossible to rise, the Oregon varsity five is now going through the hardest training of the year in preparation for the hardest week-end of the entire schedule.

Particular interest centers about the coming games as every coast team is showing exceptional form and several of the teams are tied in the percentage column.

California jumped into the lead of the conference standing last night when the bears took a 28 to 26 victory away from the Washington State five. The two teams will meet again tonight in Berkeley and if old dame dope puts her hand into the affair as she has in the other conference games of the season, W. S. C. will be slated to win.

Miss Wakefield is a member of the Hendricks hall team which won the championship of the women's debate league last year. She will offer debate, parliamentary drill and current events, and prepared speech making to the high school students.

PULLMAN TEAM FAST

Washington State is in California now. Coach Bohler has a fast team and in the clash with Stanford both teams played air tight ball each team winning one game by small scores.

The W. S. C.-Oregon game will be of double interest to local fans for it will be the first chance to get a line on the strength of the California conference teams.

The University of Washington quintet which plays here Friday and Saturday night will meet the lemon-yellow five for the last time this year. In the two games at Seattle the honors were even and Washington duplicated this, with the Aggies last week.

OREGON IN FINE SHAPE

"If we can win these three games this week, things are going to look pretty bright for us in the conference," Coach Huntington said this
