

COAST CHAMPIONSHIP IN TRIANGULAR DEBATE SERIES-WON BY OREGON

Stanford and Washington Are Beaten By University Teams In Final Contest

SECOND VICTORY FOR WEEK

International Title Also Annexed by Lemon-Yellow-Closed Shop Question Argued

TRI-STATE LEAGUE STANDING

Oregon	6
Washington	5
Stanford	1

The championship of the Pacific Coast Triangular state debating conference, in which the University of Oregon, the University of Washington and Leland Stanford Jr. university are contestants, was won last night by the University of Oregon, when teams representing the University won both sides of the closed shop question. This is the second debate victory for the University of Oregon this week. The International contest was won from teams representing the University of Idaho and the University of British Columbia, located at Vancouver.

The Oregon team, Ralph Hoerber of Portland, and Don Davis of Nyssa, defended the affirmative of the question, "Resolved, That present movement of organized labor for the closed shop should have the support of public opinion," against Washington's negative, made up of Earl C. Nelson and Floyd Toomey.

Schoolmen Are Judges
The judges for the debate in Villard hall were Hopkin Jenkins of Portland, Professor Hudson B. Hastings of Reed college and Professor J. B. V. Butler of the state normal school at Monmouth. Dr. James H. Gilbert, professor of economics at the University, presided.

Kenneth Armstrong and Paul Paterson upheld the negative side of the (Continued on page 2.)

GIRLS GLEE PLANS TOUR

CONCERTS ARE TO BE GIVEN IN SOUTHERN OREGON

Seven Representative Towns Chosen for Annual Trip of Club This Spring

Members of the Girls' Glee club are anticipating March 29, on which date the club will leave on its long-planned tour of the towns in the southern part of the state. The trip will cover all of spring vacation and bookings include programs at many of the larger towns in southern Oregon. The first concert will be presented at Cottage Grove on March 29, and from there the tour will continue to Oakland, March 30; Grants Pass, March 31; Roseburg, April 1; Medford, April 2; Ashland, April 3, and Klamath Falls, April 5.

It has been several years since the Glee club toured the southern part of the state. The last tour was made around Coos bay and was one of the most successful trips ever taken by the glee club.

Director L. A. Coone of the music department will be in charge of the trip and Dean Elizabeth Fox will accompany the party to see that things go off well. Members of the party will be entertained at the homes of friends while stopping at the different towns, according to Helen Manning, business manager.

The members of the club who will make the trip are:

First soprano—Beulah Kagey, Adah McMurphy, Alice Gohlky, Genevieve Clancy and Florence Garrett.

Second soprano—Joy Judkins, Clara Calkins, Arbelynn Healy, Lois Muir, Gladys Elsworth, Emily Spaeth, Marjorie Holman.

First alto—Marvel Skeels, Margaret Phelps, Mildred Bettinger, Laura Rand, Bernice Alstock.

Second alto—Gladys Lane, Hattie Mitchell, Margaret Wells, Kate Chatburn, Helen Manning.

Accompanist—Vincent Engeldinger.

TWELVE GIRLS APPLY FOR DEBATE PLACES

Members of Doughnut Teams Will Form Varsity to Meet O. A. C. in May

Just enough girls to make up two affirmative and two negative teams with a substitute for each, volunteered at the forensics council meeting Wednesday afternoon. There are only 12 girls needed for the teams, so, as this exact number has volunteered, no tryouts will be held. The girls are Ethel Wakefield, Mildred Bettinger, Ruth Griffin, Florence Riddle, Louise Sheahan, Jennie Maguire, Marjorie Stout, Alice Curtis, Elaine Cooper, Edna Sparling, Doris Sawtell and Wanda Daggett.

The first week in May teams from the University of Washington and O. A. C. will debate here while two of the Varsity teams will go to Seattle and Corvallis to meet each of these schools in debate.

Beginning next term, five hours credit will be given for debating, five hours each week being devoted to the work. Professor R. W. Prescott, who will have charge of the classes, will give instructions in technique. He will meet the Varsity teams for the remainder of this term at 4:15 for coaching.

'USE OF LAW BOOKS' TOPIC

L. S. Mercer, St. Paul, Gives Series of Talks to Law Students

L. S. Mercer, of the West Publishing company, St. Paul, Minnesota, gave special lectures on Wednesday, Thursday and Friday of this week to the law students of the University. "The Use of Law Books" was the subject of the series of talks.

"In many of the larger law schools," said Professor T. A. Larramore of the law school, "a regular course on the use of law books is given by the law librarian, but as there is no law librarian at Oregon, the school has been glad to avail itself of the opportunity offered by the West Publishing company."

Mr. Mercer is making a tour of the west for the purpose of giving these lectures.

SWING-JUMP RECORD SET

Caroline Cannon Clears Standard at Seven Feet in Gym

The highest record made by any woman at the University of Oregon in the swing jump was made by Caroline Cannon, a sophomore from Portland, when she jumped the height of 84 inches or seven feet last Thursday in a contest held during the regular gymnasium class period of physical education majors. Era Godfrey, a senior from Lebanon, made second with a jump of 78 inches.

Miss Cannon, who is only five feet, one-half inch high, wore a bathing suit when she accomplished this feat.

The swing jump is similar to a pole vault, the difference being that two ropes suspended from the ceiling are used as aids in making the jump over the standard instead of the pole.

DR. PACKARD PRINTS ESSAY

University Press Accepts Scientific Paper for Publication

Prof. E. L. Packard, of the geology department of the University, has just had a scientific essay on the life of the cretaceous rocks in Oregon accepted for publication by the University press. The cretaceous rocks, which were formed at the same time as the chalk cliffs of England, have been extensively studied by Dr. Packard, and the paper will contain a history of that period illustrated by maps, diagrams and plates of typical Oregon forms. This is a general paper on the history of the period along the whole Pacific coast and especially in Oregon.

Writes From India

T. R. Bodhanker has written from India for announcements of the courses in the University of Oregon, and especially those concerning agriculture. He expects to attend school in America next year, and is anxious to know how much a college education in India is valued here.

Stadium to Seat 60,000

The University of Washington plans to have a stadium that will accommodate between 60,000 and 70,000 people.

DURNO TO PILOT 1921 BASKETEERS

Season Ends With Good Prospects For Next Year

TOTAL OF 431 POINTS IN 17 GAMES MADE BY U. O.

All of Squad But Two to Return Next Season; Six Official Letters Awarded

Eddie Durno, midget forward on the Varsity basketball quintet and one of the smallest players in the conference, was elected captain of the Oregon basketball team for the 1921 season at a meeting in Hayward's office Thursday afternoon. Durno was one of the mainstays on the Varsity five this year and is rated as one of the fastest forwards in the conference by sport authorities. He was selected as a member of the all Pacific Coast team last year.

Durno scored 196 points of the total number of 431 made by the lemon-yellow five this season.

Oregon scored a total of 431 points against her opponents' 472 in the season just completed, winning nine out of the 17 games played. Sickness and the flu epidemic have played an important part in the basketball schedules of the Varsity five this year and the team has played in hard luck from these sources since the first few opening games.

Lind and McCready Go
Lind, captain of the team this year, and McCready, sub forward, are the only two men who will be lost by the graduation process, which will leave a substantial foundation of letter men upon which to build a fast quintet for next year.

Bellar, sub guard for the five, made his letter this year, while Manerud, who was used as spare forward, lacked, but half a game to get his. Letters were awarded to Durno, Lind, Latham, Chapman, Jacobberger and Beller.

Latham and Beller both broke into Varsity this year for their first time. They were members of the frosh quintet last year and have two more years to play with the Varsity five. Manerud also played his first year with the Varsity squad this season.

NATIONAL SPEAKERS WILL OPEN THURSDAY

INTERCHURCH MOVEMENT TO BE TOPIC OF THREE DAYS DISCUSSION

The series of meetings to be held by the team of the Interchurch World Movement next week will begin with a stereoptical lecture on social and religious conditions in the United States and South America by Dr. H. H. Bell, Tuesday evening at 7:30 in Villard hall. These pictures are the result of a survey of social, educational and religious lines on both of the western continents and a few on the European continent, and are considered by statisticians as one of the best compilations of interesting facts recently presented to the public. Dr. Bell himself is a speaker who shows a complete mastery of his subject, according to Rev. William Moll Case, who knows Dr. Bell personally.

At this lecture announcement of the program for the remaining two days will be given, and students are asked to see the bulletin boards for any additional information.

Men desiring to have a conference with these men are asked to see Norton Winnard, Randolph Scott or Roy Veatch at the "Y" Hut from 3 to 5 Wednesday afternoon, or on the campus.

Harvard Has 10 Letter Men

Harvard has 10 letter men on hand with which to form their 1920 baseball team.

EDWIN R. DURNO

Jacobberger, Chapman and Durno finished their second year with the Varsity quintet, as did McCready, who was a letter man of the team of 1917. Lind played his third year with the team this season.

Lind Second High Point Man

Of the total points made by the team in their 17 games, Durno, forward, made 196; Lind, forward, 68; Latham, center, 42; Chapman, guard, 24; Jacobberger, guard, 18; Manerud, sub forward, 23; Beller, sub guard, and McCready, sub guard, 6 each. Durno played in all or a part of 15 games played by the Varsity. Lind played in all the games, Latham in 16, Chapman in 14, Jacobberger in all 17, Manerud in 6, Beller in 6 and McCready in 2 games.

Had the two games with the Aggies scheduled for this week been played and won by the Varsity quintet, this would have placed Oregon in third place in the Pacific Coast conference with a percentage of 600. With the cancelling of these games by the Aggies, however, Oregon's chances of pulling themselves out of the cellar went glimmering.

SENIOR CLASS FAVORS EARLY EXAMINATIONS

PLAN TO HOLD COMMENCEMENT BEFORE END OF YEAR ENDORSED

Unanimous indorsement of the plan under consideration by the student committee to ask the faculty to hold commencement exercises before the regular close of the University's session, was given by the senior class at a meeting held in Professor Howe's room on Thursday afternoon. The plan as explained by members of the student council, includes the holding of final examinations for seniors several days before the regular term finals, and commencement exercises at the beginning of the final week of the term.

Members of the class declared that in former years commencement has been more or less of a farce for only the graduates themselves remain over for the exercises, and commencement visitors see only a deserted campus. The new plan, it was declared, will insure well attended ceremonies and a worth while visit to the University for the friends of the graduates. All who expressed an opinion on the matter declared that it is not a case of shortening their University work by one week, but rather a step toward lending the occasion its true dignity.

Acting upon the recommendation of the committee previously appointed to select a senior play, the class authorized Norman Phillips to secure

FRENCH VIOLINIST TO COME

Jacques Thibaud Will Appear March 23 in Villard Hall

The school of music and the Association of College Alumnae have just completed arrangements for a recital to be given by Jacques Thibaud, famous French violinist, in Villard hall on the evening of March 23. Mr. Thibaud is recognized in Europe and America as a musician of exceptional ability and is ranked among the leading violinists of the world. He has just resumed his concert work since the war, having enlisted at the outbreak of hostilities in France.

Mr. Thibaud's recital was secured here through the auspices of the Ellison-White Musical bureau. The proceeds, above actual expenses, will be turned into the women's building fund.

TIME TO FILE FOR DEGREES

Registrar Urges Seniors to Make Out Cards This Term

All seniors expecting to graduate from the University this spring should file their applications for degrees with the registrar by the end of this term, according to Carleton E. Spencer, registrar, as this must be done three months before graduation.

"The students had better file the cards right away," he said, "because they may have more cuts against them than they know of, or they may have other deficiencies which can be rectified if the cards are filed soon enough." Work on accumulating the history of the senior class, in regards to numbers and major subjects, will be begun as soon as the cards of application are in.

TO DEMONSTRATE PRINTING

Art Students Will Show Wood Block Work on Cloth Tuesday

An exhibition in block printing will be held next Tuesday in the Architecture building, according to Miss Helen M. Rhodes, instructor in design. Block pieces will be done for the school at large, she said.

"These prints are made from carved blocks of wood which are stamped on cloth," said Miss Rhodes. "These designs are all original and are inspired from the Aztec motifs and original designs."

All students of the University and members of the faculty are invited to the exhibit.

PRESIDIO ATTRACTS MANY

Captain Baird Expects Sixty Oregon Men to Enter Camp

More than 60 men of the University of Oregon are expected to attend the summer training camp of the Reserve Officers' Training corps to be held at the Presidio, San Francisco, June 21 to August 2, according to Captain R. C. Baird, commandant.

Thirty-one men had applied for permission to attend up to Friday morning. The matter has been presented to military classes in which fewer than half of the men are enrolled. By the time it has been explained to all of the cadets Captain Baird expects that the number of applications will be doubled. The camp is open to all cadets.

ESTHER WUEST IS COMING

Portland Art Supervisor to Judge University Work

Miss Esther West, superintendent of art in the Portland public schools, will visit the University some time in the latter part of May, according to word received from the art department.

She will come here for the purpose of judging the year's work in art, according to Helen M. Rhodes of the art department. This is usually done about this time of the year, Miss Rhodes said, at the end of the winter term or the first part of the spring term, when the year's work is well organized and an estimate of the character of the work being done can be taken.

Rev. T. O. Douglas Visits

Rev. T. O. Douglas Jr., from Tempe, Arizona, was on the campus Thursday evening and part of Friday of this week visiting his brother, M. H. Douglass, University librarian. He is on his way to Tacoma.

POINT SYSTEM FOR STUDENT ACTIVITIES ADOPTED BY OREGON

No One Allowed to Hold Offices Netting Over 15 Credits During Term

PRESIDENT WILL RATE TEN

No Resignations to be Required This Year—Self-Support Will Be Counted

The point system for student activities was formally adopted at a regular meeting of the faculty Wednesday afternoon. The reason given for introducing the system in the University were to prevent any student from monopolizing a number of student offices, and to allow as many students as possible to have a chance to obtain executive training through the management of student activities. The new rule applies to all student and outside activities.

No present resignations will be required, but persons at present holding over 15 points are not to assume new offices without dropping the equivalent.

The following values are assigned to various activities. (Ratings count for one, two or three terms according to period of activity.)

- President, Student Body, 10.
- Other officers, Student Body, 9.
- Elected member, Student council, 5.
- Football captain, 3.
- Football team, 5.
- Football squad, 4.
- Basketball captain, 7.
- Basketball team, 5.
- Track captain, 7.
- Track team, 4.
- Baseball captain, 6.
- Baseball team, 3.
- President, Women's league, 9.
- Other officers, Women's league, 2.
- Exec. council, Women's league, 2.
- Editor, Emerald, 10.
- Manager, Emerald, 10.
- News editor, Emerald, 7.
- Managing editor, Emerald, 6.
- Circulation Mgr., Emerald, 4.
- Staff, Emerald, 2.
- Editor, Oregonian, 10-12-10 by terms.

GIRLS TO LEARN TUMBLING

PORTLAND MAN TO SPEND TWO DAYS IN INSTRUCTION

Physical Education Majors do Hand-springs, Cartwheels and Other Mat Stunts

Miss Mabel Cummings, director of physical training for women, announced yesterday that on March 10 and 11, W. H. Knapp, supervisor of the municipal gymnasiums and playgrounds of Portland, and instructor in mat work and tumbling for girls and women at the Mulnomah Athletic club, will be at the University of Oregon to give a series of special instructions in tumbling and pyramidal building adapted to women and girls.

"We are having him come," said Miss Cummings, "to give instructions to the majors in the department of physical education. Any others who have the strength and muscle coordination may enter the class which will be formed." There should be a class of 28 or 30 girls, according to Miss Cummings.

Mr. Knapp will meet the girls three or four times during his two-day stay on the campus. In this time he can teach women who are already trained as majors are, to do many stunts on the mat. He will give instructions in such work as handstands, hand-springs, cartwheels, somersaults and many other exercises that are performed by tumblers, said Miss Cummings.

While here Mr. Knapp will speak to the majors and any others who are interested in playground work on "Playground Leadership." At this time he will tell of the difficulties and problems that the instructor will have to meet in her work on a city playground.
