

## FRATERNITIES TRAIN ATHLETES FOR BUSH LEAGUE TRACK MEET

Dark Horses to Feature Event March 20; Parlor Branch Is Suspended

### CAPTAINS LAY DOWN PLANS

Pigging and Cigarettes Go — Frosh Bear Burden as Sparring Partners for Aspiring Stars

"Have a cigarette?" "Nope, I'm training for the big interfraternity track meet March 20." Many of the houses on the campus are lining up their athletes, and training them for the biggest bush-league event of the year. Every fraternity on the campus will enter a team, but the varsity track men will be required to work in events other than their regular one.

The gathering promises to be one of the features of the year. Bill Steers intends to handle the sprints for the Phi Deltas and Bill is going to show the boys some real class in the 50 and 100 yard dashes. Hugh Latham is out to throw the javelin. Scotty Strachan has been unlimbering his arm on a number of frosh lately, conditioning for the discus. Jamieson 440, Banks 880, Meyers jumps, Durmo and Wood field events, are included in the Phi Delt lineup.

The Sigma Nu team composed of Starr, Tuck, Gilbert, Malone, McKinney, Hayslip, Rambo, Paul and Max Schafer, Hollenbeck, Gilbert, Goch-nour, looks to be one of the strongest on the campus. Tuck and Hayslip ought to be able to cinch several points, while Hollenbeck is a noted Mexican athlete.

All huskies, is the motto of the Sigma Chi aggregation. "Rud" Brown is expected to make some of his 190 pounds count in the weights. Cosgrif, Blake, Rinehart and Breed add to the list of heavyweights. Ben Breed is the leader of the Sigma Chis, and intends to instill a lot of inside dope into his men during the next week. Palmer, Murchie, Coleman, Harris, Bradeson, Hazard, Bosch and Waters complete the Sigma Chi list.

Kappa Sigs Have Training Table Another formidable outfit is the Kappa Sig team. Bowles and Kuhenhansen, both varsity contenders, should feature in the fraternity affair. Stan Anderson, Ireland and Sunderleaf make the Kappa Sigs look dangerous. Pancakes have been added to the breakfast menu, and Howard Staub has quit pigging, as eleventh hour intensive training measures at the Kappa Sig house. Brock, Shields, Strahorn, Krohn and Dundore also expect to participate.

The Deltas have not yet picked a team, but they expect to feature "Prink" Callison in several of the speedy events. "Mort" Brown will probably make use of his famous back hand stroke in the sprints. Case, Ingle, Fariss, Medley, Holdridge and Portwood are among the personnel of the Delt athletes.

The A. T. O's have many good athletes lined up, and the men appear to be in excellent condition, due probably to their long walks from the campus. Bas Williams and Elson will look after the weights. Huggins should star as a long distance runner. Nelson, Vonder Ahe, Curry, Burleigh, Blackaby, Whittaker, Couch and Riggs complete the list.

Davis Looks Good for Owl Club Lyman Meador, who is handling the Owl club proteges, has not picked the whole team. Don Davis will perform, and although Davis is a distance man he rates well in the other events. Ross, Taylor, Ransome, McArthur and Porter will help complete the Owl club squad.

The Fijis have not organized a team but they have good prospects. Hemenway should be a star performer. Nelson, English, Francis and Vince Jacobberger, Bain, Knudsen, La Roch, Royer and Ralston will work on the Fiji representation.

The S-Maralda will put its first team in the field next week. Oden, Quayle, Koeppe, Mammel and Galley are a few of the representatives.

S. A. E. has a number of good men in its lineup, and the team should put up a good run for the championship. Gassoway is a former Hood River runner. Moores ought to prove one of the high point men in the meet. Purdy, Fuller, Ford, Decker, Arman-trout, Kayes and Butler also rate a suit on the Sig Alpha team.

Bartholomew Heads Bachelordon The Bachelordon club has a number of dark horses who are likely to upset much of the dope. Lyle Bartholomew is the head of the aggregation. Some of the men out for the meet are McFaul, Woods, Gaudiger, Meizner, Causman, Craig and Allen.

The Betas, captained by Hank Foster, have some of the best material on the campus. Feenaughty and Oberteuffer will be out in suits. "Pink" Manerud can show a lot of class on the cinders. Bartlett, Clerin and Meade will strengthen the Beta chances.

### NEW HONOR SOCIETY TO SELECT MEMBERS

Meeting Will Be Held in April to Consider Eligibility of Upper-Classmen

A meeting of the University Honor society will be held early in April, after the term grades are in, to determine what juniors and seniors will be admitted to the organization, according to Dr. Robert C. Clark, president of the society.

The new society, as explained by its president, is the beginning of an attempt to install the Phi Beta Kappa honor organization at the University. It is composed of faculty and city members of the Phi Beta Kappa. A committee is now at work drawing up a constitution and bylaws which are intended to be similar to those of the national society.

Students of high standing in scholastic work are eligible, but the committee on selection of candidates will consider other qualifications, such as personality and success in different lines, said Clark.

Petition for membership in the national Phi Beta Kappa will be submitted to the organization's senate or council of united chapters some time in 1922. At the meeting in April a small number of juniors will

be elected, and a larger number of seniors. The prospective new members will be chosen in strict accordance with the Phi Beta Kappa rules, Professor Clark stated.

### EIGHT STUDENTS STILL OUT

Sixteen Have Made Matters Right at Business Office

Only eight students, out of the 24 suspended for not paying laboratory fees, have yet failed to make things right with the business office, according to a report from there. Of this number, the report said, probably some of them have withdrawn from the classes for which the fees were due, and have never filed formal withdrawal cards.

The students are responding fine, was the registrar's opinion, and are coming up to pay their fees right along.

The Journalism Psychology test caused some stars to be extinguished and many new ones to be discovered in the journalism firmament.
