

WOMEN COMPETE IN INDOOR TRACK MEET AND DEMONSTRATION

Sophomores Win Meet With Frosh Second, 500 Take Part

The annual gymnasium demonstration of the women's department of physical education at the University of Oregon was held Thursday evening in the men's gym. The main feature of the evening was the interclass indoor track meet which was won by the sophomore class who will have their numerals engraved on the silver cup offered by Bill Hayward, men's athletic trainer. Other events were marching, floor work, dancing, and games by the various classes.

About 500 women, the entire number registered in the department, appeared in the grand march, the first number on the program. The advanced dancing class presented two numbers, Magyar, a Russian peasant dance, and Dutch Kiddies, a couple dance, which attracted a great deal of attention. The Sailor's Hornpipe, the last dance given by the class in folk dancing, was roundly applauded by the audience and was repeated. The work of the sophomores, and junior and senior majors in military tactics and floor work was exceptional in its snappiness and coordination.

The competitive work was judged by Miss Edna Cocks, head of the physical training department for women at the Oregon Agricultural College, Miss Blanche MacClatchie, instructor in physical training at Oregon Agricultural College, Miss Gladys Conklin, health supervisor of the public schools of Eugene, and Miss Harriet Thompson, instructor in physical training at the University of Oregon. The apparatus work was judged on form while the floor work was judged on form and accuracy.

The interclass track meet the sophomore class came first with the freshmen second, juniors third and the seniors fourth. The six girls who won the highest number of points will receive "T's" awarded by the Women's Athletic association. They are Lelah Stone, a sophomore, 97 points; Caroline Cannon, a sophomore, 78.7; Ruth Susman, a senior, 74; Frances Habersham, a sophomore, 71; Lucy VanderSterre, a freshman, 69; Dorothy McKee, a freshman, 67.

The four freshman sections competed in marching and floor work and games. In the marching classes A, B, C, received 17 points each out of a possible 20, class D received 12 marks. Out of 40 possible points to be gained by floor work class A made 35, class B, 31.5, class C, 28, class D, 29. Class D made 10 points by winning the Bean Bag Pass and Wand Relay, class A, Arch Ball, 5 points.

SCHROFF PAINTINGS WIDELY EXHIBITED

Canvases Done by Local Art Instructor Shown on Pacific Coast and in Maine

A number of paintings done by Professor A. H. Schroff, of the University school of architecture, are being sent to various art exhibits in Portland, Seattle, San Francisco and Portland, Maine.

The exhibition at Portland will last from April 2 until April 29 and will include four large water color creations done by Professor Schroff. Four of his works of art were on exhibit at the fifth annual exhibition of the works of artists of the Pacific northwest, given under the auspices of the Seattle Fine Arts society from February 1 to March 15. Four large canvases go to the San Francisco art association for exhibition in that city. One painting, a typical Oregon spring, as the painter describes it, will be forwarded to the L. D. M. Swett museum at Portland, Maine, for an exhibit. Professor Schroff was formerly director of this museum and school.

for bringing the University into the midst of the people in every way possible."

The extension division makes this possible, she said, and it is necessary to have University courses for those people who cannot afford to attend the school itself.

Mrs. Armstrong is especially interested in plans for an extension course in dramatics for the North Bend and Marshfield country for next year, and she was here to see the extension division about plans for it. She had just come from Portland where she has seen A. F. Reddie, professor of public speaking. She was a guest at Hendricks hall during her stay here.
