

## MU PHI EPSILON NATIONAL MEETING TO BE HELD HERE

Musical Fraternity Will Be Guest of University June 9-13

### PRESIDENT VISITS CAMPUS

Mrs. William R. Wright, of Fresno, Concludes Preliminary Arrangements

A national convention of the Mu Phi Epsilon, honorary musical fraternity, is to be held at the University of Oregon from June 9 to 13. Plans for this convention were completed by Mrs. William R. Wright, of Fresno, California, the national president of the fraternity, while she was on the campus Wednesday visiting the Eugene chapter.

This will be the first convention of this organization ever held in the west, and one of a very few to be held at a university, the meetings usually taking place at some conservatory. "This is a real distinction for the University of Oregon," said Miss Leona Marsters, president of the local chapter, "and will give us a chance to get acquainted with students from all the most important conservatories and schools of music in the East. The visitors will be entertained as guests of our chapter while here and we want the whole University to help us make them enjoy themselves and make them realize that Oregon has a real university." Definite plans for the entertainment of the guests have not been made, but Miss Marsters says the most will be made of the mill race and the mountains and very probably a trip up the Columbia Highway will be made.

## Fiddler Is Lifted Skyward; Musicians Laugh With Crowd

Everything was quiet on the Guild hall stage at Coquille. Even Ralph Hoerber had finished tuning and was waiting. The word was given and the curtain began slowly to rise. Rex Underwood raised his baton to be ready for the grand crash with which this, the first concert of the Coos Bay tour, was to start. The curtain was passing the four foot stage of its ascendancy when suddenly a wild cry was heard. It was a cry full of tragedy and demanded that the curtain cease its rise immediately. One would almost have thought that the curtain was dragging someone up on the gallows.

In the course of a foot or two the curtain stopped and everyone looking in the direction whence the cry had come to discover its cause. There they saw Ralph Johnson extricating himself from the curtain. His coat tails had become caught and he had started on an enforced aerial journey. The people of Coquille thought the orchestra a jolly bunch when the curtain finally finished its rise and discovered 23 broad grins.

### PEARL CRAINE MARRIED

Announcement Comes As Complete Surprise to Friends

Coming as a complete surprise to her friends on the campus is the announcement of the marriage of Pearl A. Craine, '19, to Mr. John Kellogg Waite, of San Francisco, last week. Miss Craine was prominent on the campus. She is a member of Zeta Kappa Psi, national forensic society, was on the Emerald staff, and is a member of Pi Beta Phi.

Mr. and Mrs. Waite will make their home in San Francisco.

## OREGON WEATHER PLAYS HAVOC WITH BASEBALL CHANCES

Dark, Damp Days Keep Squad From Practice; Few Work Out But Pitchers

### NICK WILLIAMS ARRIVES TOGETHER IN PHILIPPINES

Moose Jaw Club Here for Pre-Season Practice—"Shy" Has Two Whole Infields

Although Coach Huntington's proteges are making the best of their time during the rainy weather, Oregon's baseball nine is suffering from the effects of the lack of practice and according to the present dope from the training quarters the team is going to be handicapped by going into the conference schedule with a lack of sufficient work outs unless the weather conditions change within the next few days.

"Nick" Williams' Western Canada league team from Moose Jaw arrived in Eugene today, but the games for the remainder of the week will have to be postponed unless weather conditions take a quick turn for the better. The schedule with the Canadians called for a game every afternoon for the remainder of this week and a game each afternoon of next week. It is hoped that the conditions will at least change before the fore part of the week in order that the games can be pulled off on schedule. Coach Huntington has been looking forward to the practice games with the Canadians to get a line on his prospects for the coming season and also believes that his squad will pick up some valuable pointers from the leaguers.

**First String not Picked**  
"Shy" has not made a selection of his first string yet but expects to have a pretty fair line on them by the latter part of next week, according to the information he gave out this morning. He also expects to cut down the squad at that time and begin to grind off the rough spots in his regular aggregation. At present the pitching staff is about all that is really getting any work-outs. Berg, Knudson, Jacobson, F. Jacobberger, Shim and Kennon are showing up to the best advantage on the mound and it is to be expected that "Shy" will select his regular string men from this squad of twirlers. They are working out every afternoon in the gym, there is also a chance for a little batting practice in the gym but no chance for any fielding work.

(Continued on page 4)

## SIXTEEN ON PLEDGE LIST OF FRATERNITIES

### NINE MEN AND SEVEN WOMEN ANNOUNCED BY CAMPUS ORGANIZATIONS

Pledging among the men's and women's fraternities on the campus was light this term due to the small number of people registering. The nine men and seven girls pledged are:  
Phi Gamma Delta—Eugene Bowen, Eugene.  
Kappa Sigma—Hall Smith, Eugene.  
Alpha Tau Omega—Lawrence Hull, Oregon City.  
Sigma Chi—Carpenter Staples, Portland.  
Sigma Nu—John Bryson, Eugene.  
Owl Club—Jacob Jacobson Eugene.  
Sigma Alpha Epsilon—Jack Young and Irwin A. Barendrick, Portland.  
Delta Tau Delta—Rollo Grey, Portland.  
Gamma Phi Beta—Marian Briggs, Hermiston.  
Chi Omega—Frances Hinkle, Hermiston.  
Alpha Delta—Genevieve Chase, Coquille.  
Alpha Phi—Hilda Chase, Portland.  
Delta Psi—Jean McEachern, Portland.  
Helen Smith, Eugene, Marie Flynn, Portland.

## DR. DAVID P. BARROWS TO ADDRESS ASSEMBLY ON FRIDAY MORNING

Speaker is Head of University of California and Friend of W. D. Smith

### President Has Thrilling Experiences When Director of Education On Islands

Dr. David P. Barrows, recently inaugurated president of the University of California, will be on the campus tomorrow, on his return from British Columbia, and will address the students at the 11 o'clock assembly, which has been shifted from Thursday morning. Dr. Barrows is a very interesting and keen speaker, say those who have heard him, and is a personal friend of Dr. W. D. Smith, of the geology department of the University.

**In Educational Work**  
"We have hiked through the jungles and climbed the mountains together," said Dr. Smith in speaking of their experiences while in the Philippine islands. At that time, which was ten years ago, Dr. Barrows was director of education in the islands, and Dr. Smith was the government chief of the division of the bureau of mines. Dr. Barrows was very successful in his work there, said Dr. Smith, and this educational work, which was the root of every progressive movement in the islands, was one of the most important works of America.

**Experiences Are Thrilling**  
Dr. Barrows had some very thrilling experiences while in the Philippines. In 1902, while in the ethnological survey, he visited the village of Kalinga, on the island of Luzan. The natives had an uprising, and he was forced to run for his life, leaving all his baggage behind him.

**Dr. Barrows is Commissioned**  
A member of the first civilian officers training camp at the Presidio, Dr. Barrows was commissioned a major and sent to the Philippines. Later he became a colonel and was sent with the American forces to Siberia, from where he returned about six months ago to his position as dean of the faculty of the University of California, which place he held before the war.

His selection as president of the southern institution, and his inauguration have taken place since that time. Dr. Barrows is very democratic, said Dr. Smith, and is very popular at the University of California. The Philippines are calling for 150 American teachers for immediate service, and anyone interested would be able to obtain information from Dr. Barrows, said Dr. Smith.

The southern speaker will be entertained at luncheon Friday noon by members of the faculty from the University of California, and others.

### S. A. E. BUYS NEW HOME

Will Move to Nelson House at 1417 Alder Street in September  
A deal has just been closed between Sigma Alpha Epsilon fraternity and P. A. Nelson, of Eugene, for the purchase of the latter's home at 1417 Alder streets. The fraternity bought the new home just before the holidays, but will not move into it until September. The new house is a larger one than the home now occupied by the S. A. E.'s at 818 Alder having nine rooms and two sleeping porches, and will accommodate a larger number of men.  
Sigma Alpha Epsilon is the latest to be installed among the national fraternities at the University.

**Intersectional Tennis Off**  
The annual East vs. West tennis matches will probably be called off this year. Several of the leading players are planning a trip to England where they will compete in the Wimbledon tourney.

## Wild West Night Put On By Men While Girls Frolic

While the women of the University are treading lightly or heavily on each other's toes in the gymnasium in the April Frolic, the men, joyously released from feminine restraint, will return to the primitive in the Inter-fraternity Smoker to be held in the new armory tomorrow night.

Jazz? Wild West stuff? The fraternity men will wallow in it. The click of make-believe roulette wheels and the droning voice of the "faro dealer" will be the music of the evening. Bad men? Say! some of the two-gun men who have been in hiding on the campus could mave Bill Hart look like a tenderfoot. And they'll be there, too, bolder and badder than ever, slouching through the smoke looking for greenhorns and pounding on the "bar" for "likker."  
Mystery shrouds the stunts program, but Johnny Houston is at the head of the stunts committee, so be prepared for anything. There will probably be some fistic performances and wrestling bouts interspersed with the other features.  
Vast gobs of eats will be there too, says Jack Benefel, chairman of the eats committee. Primitive food for primitive men. Hot dog! Let's go! Eight-thirty is when the jazz-fest begins.

## REGISTRATION SLOW; TOTAL BELOW 1300

### MANY MEN ACCEPT OFFERS FOR SPRING WORK; DROP IS CONSIDERABLE

While students are still registering and complete figures for the spring term's registration are not yet available, it is expected that the number of students that will attend the University this term will be the lowest of the year.  
Up to Thursday noon, according to an estimate given by Mrs. George Fitch, chief clerk in the registrar's office, between 1200 and 1300 students had registered. To this figure about 75 may be added, she believes, as the usual number of students who register late. This would bring the number up to about 1350 which is over 400 less than last term's registration.  
Though no figures relating to the matter have as yet been compiled, the larger part of this dropping off in registration may be attributed to men who are not coming back due to the many positions opened to them in the spring of the year, according to Mrs. Fitch.

## STUDENTS TO WAGE MILLAGE TAX BILL FIGHT BY LETTER

Intensive Correspondence to be Leaned on as Second Phase of Campaign

### COUNTY CAPTAINS NAMED

Assistants Will Be Appointed to Pour Facts Into Every Part of State

An intensive letter writing campaign is to be launched immediately as the second phase of the students' support of the millage bill, according to plans of Don Newbury, student campaign chairman.

"Some students seem to feel now that vacation is over, their work is completed and fate alone can decide the outcome of the millage bill," said Don Newbury in outlining the new course of action. "In reality the most extensive and effective work is yet to be done."

In order to facilitate the work of letter writing a captain has been appointed for each county in the state, and lieutenants will be selected for each town to make sure that their home district is effectively covered. Not only do Newbury's plans include further publicity of financial needs of Oregon's educational institutions, but they provide also for a check on public sentiment in every part of the state.

### Much Work Yet to Do

Reports of the students from their vacation work indicate, according to Newbury, that while the University has many friends throughout the state, a great many more must be convinced of the pressing need for relief if they are to vote for the measure. This work, said Newbury, can be most effectively accomplished by the students themselves. He urges that all students fill out their vacation report blanks and deposit them in the boxes provided in the administration building and in the library as they are of very great importance to the central committee during the closing weeks of the campaign.

All county captains are asked to attend a very important meeting in Dean Straub's room on Friday afternoon at 2:15. Following are the students selected to have charge of the various counties for the remainder of the campaign:

- List of Chairmen**  
Baker, Lindsay McArthur; Benton, Ella Rawlings; Clackamas, Louise Sheehan; Clatsop, Dorothy Wootton; Columbia, Alma Ditto; Coos, Nell Warwick; Crook, George Stearns; Deschutes, Evelyn Smith; Douglas, Wesley Frater; Gilliam, Creston Maddock; Grant, Arthur Hicks; Harney, Annette Leonard; Hood River, (Continued on page 2.)

## STAGE SET FOR ANNUAL FROLIC TOMORROW EVE

### Many Stunts Arranged For Big Party of Women

When you see a lot of Chi O's in a corner talking and when you see some Delta G's in another doing the same, and even some staid and sober Eutaxians in yet another secluded spot you may know that they are talking over that stunt they are going to spring before their unsuspecting friends at the April Frolic, tomorrow night.  
Already the air is filled with hints of Bolshevism and wierd fancies that are said to surpass even the literary lights, and rambling Romeos with their jazzy Julietts of past frolics. You're going to get more for your money this year too, because there will be four more big stunts, than last year, and all for a dime, too. That is if you come dressed up. Townspeople, garbed in the robes of civilization will be taxed a quarter, and must sit upstairs.  
Be wise, the annual co-ed style show will be a big feature, so be good to the judges. It's never too early to begin, either, say those who know. The judges are Miss Mary Watson, Mrs. L. E. Knapp, Mrs. F. L. Shinn.  
Patron and patronesses are Dean Elizabeth Fox, Mrs. P. L. Campbell, Mrs. L. E. Bean, Mrs. W. F. Osburn, Mrs. F. L. Chambers.  
The order of the stunts is as follows:  
Chi Omega, Hendricks hall, Alpha Phi, Pi Beta Phi, Delta Delta Delta, Kappa Kappa Gamma, Gamma Phi Beta, Sigma Delta Phi, Alpha Delta, Kappa Alpha Theta, Eutaxian, Delta Gamma.

### GRATEFUL GRADUATE GIVES OREGON \$1,000

Max Handman, '07, Now Professor at the University of Texas Shows Appreciation for Help

A gift of \$1,000 to the student loan fund of the University for the purpose of enabling any student at Oregon to continue his or her education was received recently from Max Silvius Handman, a graduate of the University with the class of 1907.  
Mr. Handman is now professor of economics at the University of Texas. While a student at Oregon he received help in educating himself from the University loan fund and a fund provided by a group of his friends in Portland. It was in appreciation of this assistance that he made the substantial addition to the fund which each year materially aids many Oregon students to continue their education.

### Y. W. BANQUET DATE IS SET

Annual Feast Will Be Held at the Osburn, April 14.  
The annual banquet of the Y. W. C. A. scheduled for the night of the election will be held Wednesday, April 14, at the Hotel Osburn. This banquet which is always the biggest event which the Y. W. C. A. has charge of during the year is attended by all the association members on the campus but owing to the nearness of the examination week it could not be held at the usual time last term. Vivian Chandler is in charge of the affair, and with the cooperation of all the girls on the campus it is planned to make this the largest banquet ever held.

## JUNIORS START PLANS FOR ANNUAL WEEK-END

### LEMON PUNCH IS PRAISED

Collegiate World Uses Exchange Picked up by Over 50 Others  
That the Lemon Punch is receiving attention from the comic sheets of colleges in different parts of the United States is shown by a card received by the Emerald from the Collegiate World at Indianapolis. The card bears a clipping from the Vermont Cynic credited to the Lemon Punch. The Collegiate World says: "Good stuff—the Lemon Punch. We ran this in our March number and have seen it in over 50 exchanges.  
The paragraph which is a product of the pen of Bill Bolger is as follows: "At the Grill during the holidays the orchestra played 'Sand Dunes' and the music was so realistic that the boys hauled out their camels."

### Prom Will Be Formal. Committees Working On Details

The Junior Prom scheduled for May 15 is to return to the customary format of a few years ago by a recent decree of the junior class. Flowers will not be the general thing and taxis are to be rigorously tabooed if the plans of the general committee in charge of the affair work out.  
It was also decided to have a junior vaudeville Friday before the big week-end to make a few extra shekels to swell the coffers of the class treasury before starting on the grand splurge. Alexander Brown is chairman of this committee and is working out the details of the performance to present at next meeting.
