### TO REPEAT TOUR PROGRAM

Press Comments From Trip Highly Complimentary to Work of Girls' Organization

The home concert of the Women's Glee Club is to be given next Thursday night, April 15, at the Eugene theatre. This decision was made by the management of the club last night. The original plans called for an appearance later in the term but owing to conflicts it was decided to advance the date.

The program will be practically the same as the one given on the recent trip to southern Oregon, according to Helen Manning, manager of the club. Quartets, choruses, solos, and novelties will be featured, she said.

Press comments from the towns in which concerts were given are highly complimentary to the club. The program and the manner of its presentation received a great deal of favorable mention. Each of the concerts was well attended and at Klamath Falls appearances on two successive nights drew good audiences, say those who made the trip.

Tickets will be on sale on the campus and they will also be placed in the hands of representatives in the various houses. The admission is seventy-five, fifty, and twenty-five cents. The concert begins at 8:30 p. m.

## CANADIAN TEAM WINS FIRST OF PRACTICE GAMES WITH VARSITY

Moosejaws Score 12 to 9 Count on Huntington's Ball Team

## RAINMAKER TAKES REST

Wet May Postpone Few Contests This Week; Nightly Round Scheduled With Leaguers

Playing their first game of the season, Oregon's baseball nine met defeat at the hands of the Moose Jaw tosters in a fairly fast exhibition Saturday afternoon. Jupe Pluvius kindly consented to postpone his downpour long enough for the teams to get together for one game, although the outlook is far from rosy for the indications of another game soon. The grounds were in poor shape Saturday but Coach Huntington believes in getting the practice when and where he can. Although the Canadians will be here for the remainder of the week, nothing definite can be given out as to how many games will be played.

Both Nines Need Practice  
The game Saturday gave Coach Huntington a fair idea of what the team needed in the way of getting into shape. Both nines showed the result of lack of practice and were slow in getting into action, which will mean some stiff workouts on the diamond when the weather does take a turn for the better. Oregon has an excellent team on offensive work and there was but one strike out in the Saturday's game. This is gratifying to Coach Huntington, for a good hitting club will mean a great deal in the conference this season. There is still a good two weeks before the opening of the conference schedule and this will mean that a great deal of the team work polish can yet be brought into play. The work of the squad in Saturday's game shows them to be of bet-

Arrangements are being made to hold target practice next Saturday. Any cadets who have completed the preliminary practice on the gallery range will be allowed to fire. Twenty men will be taken onto the range under the direction of Sergeant R. M. Martin. They will leave from 13th and Alder streets at eight o'clock. Transportation will be furnished. ## NINE INITIATED INTO PHI THETA KAPPA

Oregon Has Second Chapter of National Commerce Fraternity; O. A. C. Group to Be Installed

Nine members of the Girls' Commerce Club became members of Phi Theta Kappa, national women's commerce fraternity, this afternoon. Dean Elizabeth Fox, honorary member of the fraternity, acted as installing officer, and the ceremonies took place at her home on 14th street.

Phi Theta Kappa was founded at the University of Denver, at Denver, Colorado, in 1915, by a group of girls in the school of commerce at that college, with the aim of bringing more closely together college women who were going out into the business world at the conclusion of their college courses.

The local chapter, known as Beta Chapter, is the second one established, but Gamma chapter will be installed at O. A. C. in the near future, and members of Beta Chapter will act as installing officers.

There were sixteen members in the petitioning group, but a number of these girls have left college and so were not initiated this afternoon. They will be initiated at a later date.

The following girls became members of Phi Theta Kappa today:

Frankie Adams, Ronalda Cameron, Mildred Aumiller, Dorothy Donlon, Esther Fell, Margaret Fell, Thelma Stanton, Rachel Parker, and Nell Warwick.

After the installation ceremonies an informal banquet was held at the Anchorage.

The president, Mrs. C. W. Hayhurst, has charge of the work.

## DAN KELLY, FAMOUS ATHLETE, HOLDER OF WORLDS RECORD, DIES

Made Fastest Time in 100 Yard And 220, Trained Under Bill Hayward

## SET 2 MARKS SAME DAY

Performances at Olympic Games Not Up to His Work in Meets of Northwest

Dan Kelly, one of the noted athletes of the United States, for the past 14 years holder of the world's record in the 100 yd. dash, and former University of Oregon track man died last Thursday in Fernie, British Columbia. Dan Kelly was developed and trained by Bill Hayward.

Not only was Kelly a world's record holder in the 100, but he also held lesser records in several other events. Kelly's record in the 100, 9.3-5, was made at Spokane in 1907. The record was made under ideal conditions, the track was in perfect shape. Bill Hayward is of the opinion that a record made under such wonderful conditions will stand for some time. On this same day Kelly tied the world's record in the 220, running on a slightly curved track in 1:15; established a new P. N. A. record in the broad jump, 23 feet 9 1/2 inches; jumped 5 feet 10 inches in the high jump; and finally, ran his lap in the relay in 49.1.

## Broad Jump Mark Set

This was a P. N. A. meet, and in those days the Oregon athletes ran under the M. A. A. C. colors. Seattle, Victoria, and Spokane participated in the gathering.

In his first year at Oregon, Kelly established the coast record in the broad jump in a dual meet against O. A. C. held in Eugene. His final leap was 24 feet 2 1/4 inches.

Kelly won the National A. U. senior record in the broad jump at Jamestown meet, in Norfolk Va. Bill Hayward says that Kelly was in bad shape for this meet.

At the Olympic games in 1908, in London, Kelly placed second in the broad jump. His jump was 23 feet 4 inches, but Frank Irons of Chicago defeated him in the final leap by but a few inches.

In Scotland after the Olympic games Kelly made 15.1 in the 120 yd. high hurdles.

Early Experience in Baker  
The first experience Kelly had was in Baker high school, Baker, Oregon. He also attended Columbia University, Portland. When he came to Oregon Kelly ran the 100 in 10.2, and Bill Hayward says he has never seen Kelly run the 100 in 10 flat, for the first time he ran this event in Eugene he made 9.4.

Kelly never equaled his broad jump of 24 feet 2 1/4 inches made in the dual meet with O. A. C. for his jump at the Jamestown meet was 23 ft. 11 inches, and in the Olympic meet he made only 23 ft. 4 inches in the broad jump.

He returned to Oregon in 1909, and that spring won many races, but never broke any records after this time.

The parents of Dan Kelly are Mr. and Mrs. D. M. Kelly of Baker, Oregon.
