

STATE ORGANIZATIONS NUMBERING OVER 125 FAVOR MILLAGE BILL

Commercial Clubs, Unions, Parent-Teachers and Legion Endorse Tax

The campaign for the passage of the millage bill has reached a point where the measure has a fifty-fifty chance. This is the way Dean Eric W. Allen, of the University school of Journalism, sums up the situation. Mr. Allen was in Portland during the latter part of last week and took the opportunity to visit the state campaign headquarters.

The educational campaign throughout the state is meeting with success, he says in spreading the facts about the institutions. Many persons are being reached who knew nothing of the bill, or did not realize the need of such a measure. The work of the students seems to be having considerable effect.

One hundred and twenty-five organizations throughout the state had gone on record as favoring the millage bill by last Friday. By the present time, Mr. Allen believes, another fifty can be added to the list.

Business Men Favor Bill.

Thirty-eight business organizations and commercial clubs have endorsed the measure. Beside the organizations in the various cities, the Oregon Retail Merchants association and State Taxpayer league are included in this number. The Oregon State Chamber of Commerce has included the bill in the referendum sent to its various affiliated organizations to determine the sentiment throughout the state.

Ten labor unions have gone on record as favoring the bill. Nine American legion posts in the state have taken favorable action. Sixteen granges and farm organizations can be numbered among the supporters of the bill.

Parent-Teachers Go on Record.

Twenty educational associations have offered their support to the bill. Of this number thirteen are parent-teachers associations. Twenty-two women's club have taken similar action, and ten miscellaneous organizations, including the State ravers' Protective Association are on record as favoring it.

The list as yet is not inclusive of all organizations who favor the bill. Numerous bodies in the state have not been heard from, and in some cases organizations have been found to take favorable action on the question without solicitation.

KINCAID FIELD TO BE STAGED FOR ATHLETIC MEET

Subscribe for the Emerald.

3 for third and 1 for fourth place.
Interclass Smoker Feature

This will only be a part for the Saturday's festivities for during the afternoon, tryouts for the interclass smoker will be staged. A ring is being constructed in front of the grandstand and pugilistic aspirants will have their chance to show up. There is a great deal of good boxing material in the gym classes this year but this is the first time that they will have a chance to get into any real action. Any and all members of the classes are urged to take part whether they are a member of the boxing classes or not and they are pounds, 158 pounds, and all above all eligible. Three two minute rounds will make up the tryout bouts. Weights for the tryouts will be, 115 pounds, 125 pounds, 135 pounds, 145 pounds, 158 pounds, and all above this in the heavy weight class.

Saturday will be a big day in the campus athletic circles and although the co-eds can't take part, it will be a good chance for them to show their interest in athletics by occupying a place in the grand stand rather than occupying a canoe on the race or a bench in Hendricks park.

OREGON FOURTH IN TRACK

FINISHES SECOND IN ONE-MILE
RELAY RACE.

O. A. C. Wins Meet With 20 Points,
Washington Gets 14, Idaho
has 8, Montana 4.

Finishing second in the one mile relay race at Seattle Saturday and fourth in the two-mile relay, Oregon's track men showed their lack

of practice for the opening of the track season, but under the difficulties which the Varsity has been up against the showing was good. O. A. C. won the relay carnival, walking away with 20 points, Washington won second honors with 14 points, Idaho scored 8 points, and Oregon and Montana tied with 4 each.

"We were not in condition," Hayward said on his return from the Sound city, "but our boys did fully as well as I expected. The Aggies were the only team that showed themselves to be in any shape at all, and from all indications I would say they are in the pink of condition."

Oregon nosed out a second in the mile relay race, due mostly to the work of "Hank" Foster who passed the Washington runner on the home stretch. "Dick" Sunderleaf, "Stan" Anderson, "Hank" Foster and Leith Abbott made up the team in the mile, each running 440 yards. In the two mile relay, Sloan, Wooding, Walkley, and Akers made up the team, each running 880 yards. Cosgriff was the only other man who made up the squad.

Fun Course Installed at Oberlin.

A sense of humor course which will be compulsory for sophomores is to be added to the curriculum at Oberlin College, because the students there seem to show a surprising lack of humor.

DEAN MORTON BACK FROM CAMPAIGN TRIP

Eastern Oregon Towns Canvassed
By Instructor in Interests of
Millage Bill.

Dean D. Walter Morton has returned to the campus after a trip through eastern Oregon where he spoke in the interests of the Millage Bill. According to Dean Morton the fate of the bill rests with the accomplishments of the next three weeks. Too much emphasis cannot be laid on the necessity for student cooperation and support of the bill.

The Dean reported a great deal of difficulty in explaining the new grade system to relatives and friends of University students. "When they asked about the marks" said Dean Morton, "I told them that 4 was higher than 5, and that 5 is not a flunk."

The following towns were visited on the trip: Pendleton, Freewater, Milton, La Grande, Union, Cove, and Baker.

Before going to the Eastern part of the state Dean Morton visited in Astoria on the same interests.

Arizona Frosh Rebellious

The freshmen class has refused to wear green heargear at the University of Arizona, with the result that they will be excluded from all University activities.
