## HIGH SCHOOL DEBATE TEAMS HERE MAY 12

Ten Oregon Districts to be Represented at University During Junior Week End.

The ten victorious teams of the Oregon high school debating league will run off the final series of debates at the University May 12 to 15, during Junior week-end. The high schools sending teams are Marshfield, Salem, Medford, Enterprise, Knappa, Corvallis, Eugene, Pendleton, The Dalles, and Lakeview. The names of the individual contestants are not yet known.

Two teams, an affirmative and a negative, from each high school are to take part. Two complete rounds will be had for each team whether it wins or loses. A point system of grading has been adopted whereby winning the debate will count one point, and each judge's vote one point. This will make it possible for a team from a certain high school losing one or more debates, to still have a chance at winning in the finals. After the first two rounds, the lower half will be dropped, the others will run off the semi-finals, in which the schools still holding the highest averages will be entered.

The teams will arrive in Eugene Wednesday evening and the series will begin Thursday. No definite schedule for the debates will be made until the contestants arrive. Detailed arrangements for entertaining the guests have not yet been made, though it is expected that some will probably be invited to stay at the different houses on the campus, while others will go to the hotels.

Some discussion was held as to the possibility of maintaining an active chapter on the campus during the summer school, and taking in some of the teachers throughout the state who will be here at that time. The club has for its purpose the furthering of the professional spirit among those engaged in educational work, and expects to include only those who are working for their life profession and who will add to the standing and value of the club.

National Head of Reserve Corps Pleased With Showing Of Local Men

### STUDENT ATTITUDE PRAISED

Day Taken Up With Close and Open Order Drill, Field Problems and Formal Parade.

(By Charles Gratke)

For an instant the band stopped. Only the thud of marching feet was heard. Then as the strains of "Mighty Oregon" broke forth, company after company swung into line and the Reserve Officers Training Corps battalion passed in review before Colonel Frank J. Morrow, national head of the Reserve Officers Training Corps.

In company with three officers of the general staff, Colonel Morrow was here yesterday to conduct an official inspection of the R. O. T. C. Beginning with a review and inspection in the morning, the battalion went through exercises in instruction, close-order drill, open-order drill, setting up drill and attack and defense problems. "The excellent progress made by this cadet corps is highly gratifying," said Colonel Morrow. He complimented the University for the fine spirit of corporation in military work found both among the students and faculty. In his talk before the cadets just before noon dismissal, Colonel Morrow outlined the purpose of the R. O. T. C. Its main objective, he said, is the training of college men so that they will be qualified to lead the American armies in case of another crisis. With this is coming the development and intensifying of the national spirit through the training that is making for the willingness to be of service to the country.

Rifle Range Visited. Colonel Morrow is accompanied by Colonel Ralph B. Lister, Major James F. McKinley, and Captain Elvin Hunt. The party remained over today to visit the rifle range and make a general inspection of the military facilities offered for training at Oregon.

One of the features of the inspection was the supervised instruction carried on during the morning. The battalion was divided into squads, and men were picked at random to instruct and drill each

## MILL RACE TO BLAZE WITH LIGHTS; CANOE FETE TO BE BRILLIANT

Seats Will Be Provided For Spectators, This Year, It Is Announced

### COSTUME PARADE PLANNED

Junior Week-end to Have Events Spectacular and Interesting For Preppers Benefit.

(By Charles Gratke)

Brilliantly colored lights to be strung along the race-way, as well as new seating accommodations for the crowds that will turn out, are among the plans for making this year's canoe fete the best in history, according to Jack Benefiel, publicity manager for Junior Week-end. Benches are to be constructed on both sides of the race, if possible, from which to view the most spectacular event of the entire week-end.

Unlike previous Junior week-ends at Oregon, this year Thursday is to be as important a day on the program as the rest of the week-end, says Benefiel, and it is hoped that the majority of the preppers will arrange to arrive in Eugene Thursday afternoon, if possible, in order not to miss the costume parade which also is to be elaborated upon, as well as the canoe fete.

Clever Ideas Sought. The costume parade, which is to start from the men's dormitory, at 7 p. m. sharp, is to be larger and better than any there has ever been before, says Benefiel, who urges that the students begin now to think up clever costumes to wear. "We want the costumes to run to the clever ideas," said the publicity manager this morning, "and not to the 'cave-man stuff' as heretofore. There will be a board of censorship present, which has already been selected. This board has suggested that costumes similar to those worn at the Sophomore party be used, as well as take-offs of prominent campus characters or faculty members."

This parade has been an old custom of Junior Week-end, but it is to be greatly elaborated upon this year, it has been announced, and prizes are to be offered for the best make-ups. As usual this parade after leaving the men's dorm will go through all the women's houses on the campus and thence down Eleventh street to Willamette, and down Willamette, led by the

Arrangements have just been completed with Multnomah Amateur Athletic club of Portland, for a team of seven swimmers to be sent to Eugene to compete with a team from the University on May 14, during the Junior Week-end festivities. The events will take place during the afternoon of May 14, according to the present plans and will be held in the mill race just below the Anchorage.

On the program of events will be included a 50-yard dash, 100-yard dash, 100-yard breast stroke, 50-yard back stroke, fancy diving competition and a one-mile marathon.

There is a great deal of good material for a representative team, and tryouts will be staged in the tank every afternoon up until the time for the meet. Among some of the best men who have so far turned out for the team are Hazard and Howard in the sprints, Andre and Kapps in the fancy diving events, Hedges and Digman for distance. Dandelion squads and wrecking crews will be among the workers on Clean-up day, Junior week-end, according to Wiley Knighten, who has charge of this part of the program. Committees for all work will be appointed soon.

Much work has to be done around the Campus this year. The trenches on the military field are to be filled in; snags on the mill race will be removed, a gravel walk will be laid from the 12th street approach to the Education building, dandelions will be dug up and work will be done on the athletic fields. The committees in charge of the work will be named early next week. "Every man wears a flannel shirt and works" is the edit of the chairman.

## ARMENIAN FUND GETS \$60

Proceeds from Matinee Dance for Relief. Music Furnished Free

The matinee dance in the men's gymnasium Friday afternoon netted approximately \$60, which will be turned over to the state fund for Armenian relief. Tickets were sold Friday in all of the houses and on the campus by committee working under Era Godfrey.

"We feel very well satisfied with the results of the dance, considering that the baseball game between the freshmen and O. A. C. rooks attracted so many of the students," said John Houston, who was in charge of arrangements for the dance. "The idea of selling tags was only adopted at the last minute, and we did not have time to work it out so very well."

Music for the dance was furnished by Wayne Akers, Howard Kelly, and Bob Mann.
