

FIRST BASEBALL GAME ON HOME GROUNDS TO BE PLAYED MONDAY

Whitman Beats Lemon-Yellow Warriors In Ninth Inning Rally Yesterday

Only by a rally in the last of the ninth inning did Whitman succeed in defeating Shy Huntington's gallant warriors, in Willowa, yesterday, with a score of 3 to 2. The way until the first of the ninth when Oregon started a hitting rally that did more good than the millage bill campaign. Until this time the score was 2 to 0 against Oregon.

The baseball nine will play its first conference game of the season, on the home grounds, Monday afternoon when they meet Stanford University in the first of a two game series, the second of which will be played on Tuesday. The Varsity will not be in the best of shape on account of their strenuous trip through the north and there will be no chance to rest after their long journey before they take on the Cardinals.

Thursday the boys had no trouble in humbling the Idaho athletes, 14 to 0. The game was one-sided and listless. Idaho did not show any class, and the visitors garnered 19 hits from the three home pitchers.

Four Won Out of Seven.
On the trip so far Oregon has won four games, and lost three. Two were won from both W. S. C. and Idaho, and two were given to University of Washington. If the team wins from Whitman today they will still stand high in the percentage column.

Stanford will have the edge on the Varsity when it comes to training and from all reports they are coming north with a first class aggregation of tosters. They are especially strong in their pitching staff this year, but Oregon has some mighty sluggers and indications are that they are using the big stick to a good advantage in the games played so far this season. Stanford has defeated O. A. C. twice but has dropped two games to the University of California nine. They have also defeated Santa Clara in a two games series.

FROSH MASSACRED BY ROOKS, 12 TO 1

Fielding Errors Nullify Good Box By Grey; Oregon Weak With Bludgeon.

In their first regular game of the season the Oregon freshmen bowed to the O. A. C. rooks yesterday to the tune of 12-1 on the diamond back of Kincaid field. Lose teamwork and many errors characterized both sides' playing, and the seventh inning, as one fan was heard to put it, was "a comedy of errors."

The rooks started their scoring in the second inning when McKenna drew a walk and after being advanced to third on sacrifice hits by Gordon and Parkinson, came home on a wide pitch. In the first of the third they ran in two more scores, and by the first of the seventh they had accumulated five runs to none for the freshmen. What happened in the seventh would be too long a story of woe.

The freshmen scored their lone run in the last of the seventh when Manerud, replacing Furry as catcher, led off with a hot ground ball which McKenna failed to stop. He stole second and advanced to third when Pierce, the rook catcher, let a pitched ball go by. Jacobberger's Texas leaguer over second scored Manerud. The rooks remaining run was scored in the eighth by Gordon.

Grey worked well early in the game striking out the first three rooks. He had fanned nine and allowed but four scattered hits up to the seventh, when he was taken out. Most of the tallies were due to errors. Holmes who relieved Hewitt in the box allowed but one hit, and striking out three in two innings.

Sore by innings:
1 2 3 4 5 6 7 8 9 Tot.
O. A. C. Rooks 0 1 2 1 0 1 6 1 0 12
Oregon Frosh 0 0 0 0 0 0 1 0 0 1
Batteries:—O. A. C. Rooks, Jensen and Pierce; Oregon Freshmen, Grey

and Fury. Substitutions: Oregon—Hewitt for Grey, Holmes for Hewitt, Manerud for Furry.

COLONEL MORROW AND STAFF REVIEW R. O. T. C.

(Continued from page 1)

squad. Later, men were picked from the ranks to drill the platoons and companies. This, explained the officers, is the method being used throughout the country to determine the individual good accruing from the R. O. T. C. instruction. The college men are not being trained by the government to be privates in the next war, but to be commanders. "In some of the eastern colleges," added the colonel with a smile, "the co-eds are taking an active interest in the military work. Each company has its honorary captain and officers, and intercompany contests are as much a rivalry between the girls as between the fellows."

Military Clubs Forming.
"Military clubs are in formation throughout the country to stimulate interest in the work. I feel that the establishment of such a club or fraternity at Oregon would aid the work appreciably. With the military program is being incorporated camping trips and hikes, and the students are getting considerable pleasure along with their knowledge, but after all the big thing that we are doing is opening to the educated men of America a new opportunity for national service."

MILLRACE TO BLAZE WITH LIGHTS FOR CANOE FETE

(Continued from page one)

yell leaders and the band. Informal Dances Not Wanted It is hoped that the various houses

on the campus will not plan to have informal dances on that night because of the disturbances it creates both before and after the canoe fete. After the canoe fete methods of informal entertainment may be carried on in the various houses in order to become acquainted with the guests. The canoe fete is scheduled to come off promptly at 9 o'clock on the mill race. There will be seats for the visitors at the race way, but students are urged to go across the race where places will be arranged from which they may view this fairy-like event. The canoes, unlike other years, are to be decorated so that they may be viewed from both sides of the race.

The lighting effects of the grand stand are to be advantageous to the floats, many of the floats, however, will be lighted by service batteries with vari colored lights. Huge flash lights will be located about the boat house to light up the race. The band will be present as well as the men's glee club at this occasion and a continuous program is to be enjoyed.

KAPPA SIGMA WINS INTERFRATERNITY MEET
