

PORTLAND ARTISTS TO APPEAR MAY 22 IN ONE-ACT DRAMA

THREE PLAYS TO BE GIVEN

Proceeds Go to Women's Building; Miss Mary Perkins in Charge of Sale of Tickets.

Three one-act plays will be given on May 22, in Guild Hall, by the Drama League of the Little Theatre of Portland, under the direction of Mrs. Dent Mowrey and Mrs. John Claire Monteith, business manager, for the benefit of the Women's building. These plays are: "The Stronger," by August Strindberg; "Riders to the Sea," by J. M. Synge, and "The Maker of Dreams," by Oliphant Down.

"The Riders to the Sea" is one of the modern tragedies, written in English. It is the story of an incident connected with an Irish fishing village in the Aran Islands and was written for the Irish Theatre which, under W. B. Yeats, is said to be one of the greatest Little Theatre movements in the world, according to Miss Helen Rhodes, of the art department, who has charge of the advertising for the plays here.

One English critic is quoted as saying of this particular play: "It is the tragic masterpiece of our language, in our time. Wherever it has been played in Europe from Galway to Prague, it has made the word "tragedy" seem something more profoundly stirring and cleansing to the spirit than it ever has before."

Mrs. A. Schroff and Professor Fergus Reddie have charge of the properties. The sale of tickets is under the direction of Miss Mary Perkins and Miss Gertrude Talbot is to take charge of the entertainment of the players.

Following are the casts of the plays:

- "The Stronger."
- Mlle X.....Mrs. Henry Corbett
 - Wattress.....Marian Voorhies
 - Madame Y.....Mrs. Dent Mowrey
- "Riders to the Sea."
- Kathleen.....Mrs. Dent Mowrey
 - Nora.....Evelyn Ceehly
 - Maurya.....Alleen Brong
 - Bartley.....Robert Strong
 - Men and Women.....Mrs. Edwin Seeley Parsons, Mrs. Robert Strong, Dent Mowrey and Harry Corbett
- "Maker of Dreams."
- Pierrette.....Marian Voorhies
 - Pierrott.....Mrs. Dent Mowrey
 - Manufacturer.....Mrs. Henry Corbett

of the association, "we have not had enough applicants for the scholarship. There has been almost no competition. I am very anxious to have the senior women who intend to teach after graduation, find out about the scholarship so that when they go out as teachers, they may be able to recommend some girl for the scholarship who otherwise could not come to Oregon."

Officers of Association. The officers of the association for this year are: Edith Veazle Bryson, '07, president, Eugene; Louise Jones, '04, first vice-president, Portland; Mary Rothrock Culbertson, '07, second vice-president, Hood River; Jennie Beattie-Harris, '96, secretary-treasurer, Salem; Sophie Catlin Spears, '11, corresponding secretary, Salem, and Celia V. Hager, '12, advisory, Eugene.

WOMEN'S BUILDING WORK IS DELAYED

Difficulty in Transportation is Cause of Trouble; More Money is Needed; Bids Yet to Be Let.

Difficulty in transportation of building materials will probably prevent the finishing of the Women's building in time for the fall term, according to Professor P. P. Adams, instructor in the architectural department. Enough bricks have been shipped in to finish the building, although they were so late in arriving that work was greatly delayed. The roof would have been finished by this time if the bricks had come when ordered, said Professor Adams.

The outside walls up to the second floor have been constructed, and the main floor has been laid. All cement work, such as the swimming pool and courts inside, were finished several months ago, while plumbing and electric wiring is being installed as the work progresses.

Bids are to be let soon for inside partitions, and other finishings such as casings, window sills, and mouldings. The windows, doors and other inside additions are ready for placing, according to Professor Adams.

Difficulty has been met in obtaining marble for interior finishing and decoration, and at present none is available. The marble will be procurable later, however, and will be put in when the building is more nearly completed.

The amount to be raised to finish the Women's building probably has diminished to \$10,000 or less, according to Karl Onthank.

Send the Emerald home.

SILVER CUP OFFERED FOR WINNING CLASS ON WOMEN'S FIELD DAY

MAY 29 DATE OF CONTEST

Individual Winners of Contests to Be Presented With Trophies; Entries Are Being Made Now.

Plans for Women's Field Day, which is to be held on May 29, are getting pretty well under way, according to members of the physical training department. This is an institution which was founded five years ago by the Women's Athletic Association and which takes place on the last Saturday in May each year.

Following is the tentative program for this year:

I. Canoe races, in which the two winning girls are each given a paddle. Winners of the freshman-sophomore race, to be held a few days before the meet, will compete against the winners of the junior-senior preliminaries.

Those entering their names so far are: Freshmen, Marlon Weiss and Dorothy McKee; sophomores, Mary Evans, Phoebe Gage; and Mildred Apperson; juniors, Vivian Chandler and Ollie Stoltenberg; seniors, Jeanette Moss and Era Godfrey. Phoebe Gage was one of the winners last year and should she win this year, she could not be awarded the prize, but it would go to those winning second place.

II. Archery, in which the winner gets a yew-wood bow.

Those getting the highest score in each class in a preliminary meet will compete against each other in the final contest on Field Day.

III. Swimming, in which the prize is a bathing suit.

As in the canoe races, there will be a freshman-sophomore and a junior-senior try-out of which the winners will compete on the twenty-ninth.

IV. Tennis. The prize for the winner in this is a tennis racket. The same plan will also be followed in this. Entries have not been signed for as yet.

V. Baseball. Winners of the doughnut baseball will take part in the Field Day meet. These have not been decided so far.

Basketball, which was won by the freshman girls, will count towards the grand total of points. The class winning the most points will be awarded a silver cup.

MARY SPILLER AWARD HELPS GIRLS THROUGH

Scholarship Given by State Alumni Association for a Year to High School Girl.

"It was the Mary Spiller Scholarship which enabled me to go through the University," writes Helen Withycombe '18. "Now I command a better position than I could have if I had not had the training. What the scholarship has done for me I should like to see passed on to others."

Miss Withycombe was the first girl to graduate from the University with the assistance of the Mary Spiller Scholarship, receiving it as a gift the first year and a loan the other years. She now holds a position in the Astoria high schools.

The Mary Spiller Scholarship is supported by the State Alumnae Association of Oregon. It was named for the first woman member of the University faculty.

Each woman who has graduated from the University pays a membership fee of \$1 a year, which is used almost solely for the scholarship fund. Members of the graduating class pay an entrance fee of fifty cents. These fees are the sole source of income for the scholarship.

Applicant Must Be From Oregon.

The scholarship provides for room and board in Hendricks Hall, given for the freshman year, and may be loaned the other three years, as in the case of Miss Withycombe, to be paid back without interest after graduation. A girl graduate of any accredited high school in Oregon (outside of Lane county) may apply for the scholarship. She must be mentally, morally and physically fit and must need the aid of the scholarship in order to attend the University. She must be reasonably sure that she will graduate from Oregon.

"In past years," said Mrs. Jennie Beattie-Harris, '96, secretary-treasurer
