### NEW CROP OF FROSH TAKE INITIAL SHOT OF "OREGON SPIRIT

Villard Hall Last Night Scene of Annual Stag Mix.

HAYWARD ENTHUSES MEN WITH PEP-TALK

Cock Fighting, Boxing, Tricks of Magic and Eatables Round Out Program.

"A-y-y-y-y-y-y-e!!"

For a moment the crowd was spellbound. For a brief second the tenseness lasted, and as Bill Hayward walked from the stage pandemonium broke loose and historic Villard hall literally rocked with the cheers of a record crowd at the first men's mixer of the year. Bill had just told them of the Oregon Spirit; charged the Freshmen to carry on the glorious traditions of the University and laid bare the latent possibility within the heart of every man that fostered and developed at the "biggest little school in the great west," placed and maintained Oregon among the mighty.

The mixer was staged to get the Freshmen acquainted with the old timers. As "Shy" Huntington put it, the spirit at Oregon was built upon the acquaintainship maintained, and democracy expressed here. Every man in the hall wore a tag-name, class and home town and every student was "there" with the glad hand until no one doubted the whole-heartedness and sincerity of the fellowship that is the bulwark of Ore-

Hot-hand Starts Evening.

The crowd was on time. Hot-hand was the first thing on the program and there was plenty of it.

By eight the entire crowd had gather- Dr. Gilbert's statement follows: ed, 800 strong, and after a few spicy | "Faculty legislation for the past three ly.

ing the talks.

"At the last game, when Shy heard for sall it was worth, he confided in me that it sent a shiver up his spine," said Keeney. "Stay with me this year, and we'll make it an earthquake!"

Hal Donnely, Y. M. C. A. secretary, to do all in its power to boost Oregon and that he was always at their service. Huggins Wins Cock Fight.

Next came the cock fight, with three representatives from each class on the stage. "Chuck" Huggins, junior, succeeded in vanquishing all his foes followwas another feature of this event.

Sleight of hand followed and a number of clever stunts kept the men amused for ten or fifteen minutes. A boxing match of two rounds between Keil and Dawson was fought, to the great delight of several hundred fans. No decision was rendered. The fight consisted merely of a sparring exhibition and clinches were

Yells and a giant serpentine preceded the eats, consisting of plenty of cider. doughnuts and pears. The committee in their efficiency was one of the features of the evening, next to the very unusual display of spirit for an affair of that

John Houston, Don Newbury and Wayne Akers had charge of the music. Wesley Frater and Elston Ireland superintended the "eats" and Houston and Lyle Bartholomew had charge of the stunts. "Bib" Carl arranged for the speakers.

KANSAS WILL INOCULATE. Men and women at Kansas are to be inoculated for typhoid.

#### Baggage Man Is Mere Snail, Sniff Sky Aristocrats

No mere baggage-man can claim the Portland-Eugene mileage record as long as Jack Benefiel and Jake Jacobson have breath to talk. These aristocrats of the forest patrol-flying service boast that 16,000 miles is as nothing compared to the 50,-000-mile total which they have piled

Each of these men were observers on the north patrol and flew an average of 550 miles on each round trip. From the first of July to the 20th of September they made approximately 45 round trips. Side trips and short test flights added enough mileage to bring the total of each up to 25,000 miles.

·Since yesterday's Emerald came out with Logan's claim for the amateur record Jack and Jake have been strenuously disputing his right to the title. In addition to the distance they traveled in a straight line they claim that the distance up and down should be figured, but Logan refuses to allow these figures to be entered.

Now that the one record has been disputed the next thing is for someone to claim to have walked twice as far as any of the parties traveled by train or by plane.

### CHANGING OF COURSE FURTHER RESTRICTED

Dr. J. H. Gilbert Outlines tant. Faculty Regulations.

#### Workmen Find **Fossilized Clams** Near Kincaid Field

A fossilized pine cone and a number of razor clams in the same state of preservation were found recently by workmen engaged in blasting on the site of the new education building south of Kincaid field. According to Prof. E. L. Packard, acting head of the department of geology, they are specimens of the Oligocene age, making them nearly 2,000,000 years old.

There is but one better speciment of fossilized cone in the University exhibit, according to Professor Packard. The core of the cone which is the only part remaining, has become a piece of coal. The clams are of a different species from those commonly known here.

Professor Packard explained that there was probably a lake standing over the present site where the excavating was made, and that conifer trees grew along the edge of this body of water. He will make an investigation himself of the land in the close vicinity of the place where the other specimens were found in the hopes that others may be located. They will be placed on exhibit with the rest of the geolog-

## PROCEDURE FOR OPEN HOUSE DECIDED UPON

In Working Out System.

Plans for open house this evening were perfected by a student committee in conference with Dean Fox last night. Stanford is out of the game. "Tony" is The system to be used is essentially the same as that published in yesterday's Emerald. Each men's house will be divided into two groups and each group will visit all the houses on their list and an vothers that time will permit.

The routes to be followed are the same as published yesterday. The first includes Delta Zeta, Chi Omega, Kappa Phi, Simga Delta Phi, Alpha Delta Pi, Thacher Cottage and the Y. W. C. A.

The second group consists of Gamma Phi Beta, Delta Gamma, Delta Delta Delta, Zeta Rho Epsilon, Kappa Kappa Gamma, Hendricks Hall, Haley Cottage and Pi Beta Phi.

The committee is very anxious that open house be a complete success and ganization. In order that there will be as little congestion and hurry as possible the committee decided that 7:30 should be set as the time for starting. The men are requested to start out at that time in order that all the houses on their list may be visited by 11:00 o'clock.

The committee which conferred with Dean Fox was composed of John Houston, Vivian Chandler and Remey Cox.

## COACH, HAMPERED BY LETTER MEN'S ABSENCE, HOPEFUL

Huntington Has Wealth of Green Material; Is Driving His Men Hard.

LINE PROSPECTS FAIR: BACKFIELD IS PROBLEM

New Practice Field Obtained: Clash With Idaho First Hard Contest.

With the first few days of scrimmage over, prospects for Oregon's varsity do not seem very promising, but according to Coach "Shy" Huntington there are a few bright spots. Too much can not be expected from these first few days as there is much green material.

As yet the team is without a captain, though Huntington still hopes to secure the return of "Wild" Bill Steers, last year's star quarter, and captain of this year's team. "Billy" Reinhart is running the team at present. Reinhart served his apprenticeship on the 1916 frosh team but has never played with the varsity. He is shifty and fast however, and looks good for his berth. "Skeet" Manerud, sub quarter of last year is not to return. His flashy playing and the kicking of both him and Steers will be greatly missed this year. Francis (Tony) Jacobberger will probably handle that end of the game this year. Committee Asks Co-operation "Tony" is a letter man of two years standing. According to "Shy" he will probably be able to roll up more yardage than any other man in the conference on his kicking, now that Templeton of now holding down a job at half, 'Frankie' Hill of last year's freshman team is filling the other half position. George King. another member of the last year's frosh aggregation completes the backfield at

Line Looks Good.

The line with three of the 1920 varsity men back looks more encoura Alpha Theta, Chambers Annex, Alpha Mart Howard at left end; "Brick" Leslie at center and "Spike" Leslie at tackle are all filling their old berths. "Rudd" Brown is playing at right end. "Rudd' played with the 1920 frosh, and is a heavy, fast player. "Hughie" Clerin is holding down the tackle berth on that side of the line. Clerin has never had varsity experience, but looks good. At the guard positions are Ed Ward and 'Scotty" Strachan. Both of these men have been subs of previous seasons. The line has been still further augmented by the arrival of "Tiny" Shields. Shields was one of the best looking freshmen last year in his place at tackle. Carl (Fat) Mauts of last year's varsity will be back the first part of next week, and he will make Ward and Strachan hump to hold down their places.

It seemed as though one hole was plugged when Vince Jacobberger returned to college last week. Vince has NEW INSTRUCTOR. HERE decided to go back to Notre Dame, however. Everett (Brandy) Brandenburg has been out also but he has a bad ankle, which was injured this summer. "Brandy" was a regular of last year and cap-Dr. E. T. Hodge, recently secured by tain of the team, and if he is in shape he

New Field Used.

"Shy" has selected a new practice field rangements to take up his work at the for the varsity near Hayward field. This University of Oregon the first of the will get the team away from the crowds new year. Dr. Hodge has been acting and allow the freshmen the use of Kinhead of the department, of geology at caid field. Hayward field is in fine shape for the opening of the season. A three years during the absence of Dr. R. man has been tending it all summer and W. Brock, a member of the Allenby ex- it is not only green, but also hard. The varsity will do no practicing on it until In addition to being an instructor in a few days before the first game, how-
