GET OUT FOR SOMETHING

At Oregon there is no such thing as exclusiveness. A student who is entirely self-supporting is president of the associated students this year. Other officers are filled by students who are partially self-supporting. Farmers' sons who never ran a race or played a game of football before entering Oregon have won athletic fame. There is a place for everybody in some University activity, but it remains for the student to set out for some goal before he will achieve anything in University life.

Every student here at Oregon is equipped with a set of tools capable of digging footholds in the climb up the steep pinnacle of success here in college. Go out for something and dig. Make yourself known here right at the start as a worker. Then when an important position is open which needs a real worker to fill, you will be a candidate for that office. It is the workers who run things at Oregon, and the workers are happy to be able to do something for their school.

Competition will be keen at Oregon in every activity, but competition is necessary to bring forth the best qualities of the individual. It is up to the students of the University to prove that the fight and fearlessness of the pioneer Oregonians can be improved when tempered with an education. The boys suffering the bumps of football practice are daily proving their mettle. Inconspicuously students are preparing themselves for a game in which the competition will be just as fierce as any gridiron battle—the game of life.

Oregon does not like to send its graduates out in the world to face its varied problems with the apology that "they did not amount to anything in college." If they amount to nothing in college, what chance have they afterwards? Be a success in college, and be prepared to struggle for success against keener competition after graduation.

The point system was devised so that more students might be enabled to take part in University activities. There is a place for you somewhere! Get out for something!

DON'T STEAL FROM YOUR NEIGHBOR.

The circulation plan used for the Emerald this year is different from that used in any year previous, but it is a system which has proven successful in many of the larger institutions of the country. Enough Emeralds are delivered to University residences, which includes all fraternity and sorority houses, dormitories and annexes, to allow every member a copy. Students not living in houses where the Emerald is delivered have been asked to obtain their copies at the Co-op store. Yesterday the usual number of Emeralds were left at the Co-op, but the supply lasted only half the morning. The number left at the Co-op is sufficient to supply every non-fraternity student with a copy. You, who have your Emerald delivered to you, have been deliberately stealing from your neighbor who must call for a copy. Is it fair?

Think it over. If your copy is delivered to you, don't steal from one who depends on the fairness of yourself for his copy. Don't steal from your neighbor.

Homecoming stickers have been placed on sale at the Co-op store. The stickers are in sheets of twelve, each sheet selling for five cents. Boost Homecoming! Buy your stickers now, and stick them on the back of every letter you write!

Rain or shine, every student of the University should be out in the Kincaid field grandstand tonight at 4:15. Unless Oregon has an united rooting section at every game this year, our rooting section cannot hope to compete with other institutions of twice the size of Oregon. In unity there lies strength, the strength to help the Varsity win a man-sized victory. As a student of Oregon, you are not getting what you should out of University life if you fail to respond to the call for the first yell practice. Kincaid field, promptly at 4:15. Be there!

SCHOOL OF SOCIOLOGY OFFERS NEW COURSES

Dr. Phillip A. Parsons to Conduct Classes for Students in Social Service.

Dr. Phillip A. Parsons, professor of Applied Sociology in the school of sociology and director of the school of social work in the extension division of the University at Portland, has arranged to give two courses on the campus, one "An Introduction to Philanthropy" and the other "Social Pathology." The former will meet at 9:00 o'clock on Thursday and Friday mornings, and the latter,

dealing with charities and correction, at 10 o'clock on Thursday and at 11, on Friday, in the historian's room in the Library building.

The courses run throughout the year. Dr. Parsons is also planning to hold a conference period in the historian's room each Friday at 10 for the benefit of students proposing to enter the field of social service. Students who wish to enroll in the courses to be offered by Dr. Parsons are asked to confer with Dean Young.

335 students have registered at Whitman college, which is by far the largest registration in the history of the school.

Announcements

Executive Committee.—The Executive committee will meet in the Co-op store tonight at 7:30.

Fresh to Elect.—A meeting to elect officers of the Freshman class for the coming year will be held Thursday following assembly. All first-year students are requested to remain for a short time in Villard after assembly to vote on the following nominations: President, Arnan Mooers, Claire Wallace and Charles Thompson; Vice-president, Edna Bushman, Muriel Meyers and Estella Medema; Secretary, Elna Foreman, Velma Freeland, and Eunice Cowgill; Treasurer Lawrence Templeton, Jesse Greene and George Bromough.

Employment.—Employment conditions are getting serious at the University Y. M. C. A. Every day many students come to the secretary's desk asking for employment during their spare time, but work seems to be unusually scarce this year, and most of them are turned away. Will anyone who knows of any part-time employment kindly telephone the "Y" hut, 504. Odd jobs of piling wood, picking apples, etc., appreciated.

Oregon Club Men.—All independent men who have not yet completed arrangements for attending the student body dance Friday night are asked to drop in at the "Y" hut after tonight.

Men's Glee Club.—Tryouts for the Men's Glee Club will be held Monday, October 11, at 4:30 in the music building.

Glee Club.—All old members of the Men's and Women's glee clubs are expected to be in their places at assembly Thursday morning to lead in the singing of Oregon songs.

Sigma Delta Chi.—Sigma Delta Chi will meet Wednesday evening at 7:30 in the journalism "shack". All members are requested to make a special effort to attend.

Change of Enrollment.—From now on, students cannot change enrollment without permission of the committee on revision of student courses and the payment of a one dollar charge of enrollment fee. The change of enrollment is not effective until the change of enrollment card is filed with the registrar, thus giving him authority to make the change on the student's card.

Class Change.—Professor Howe announces that his class in "Outlines of English Literature" has been changed from a three hour course to both a three and four hour course, meeting Monday, Wednesday, (Thursday) and Friday. Students wishing to earn the extra hour in this course may do so by attending Thursday afternoons. The class meets at two o'clock.

Correction.—In a recent issue of the Emerald, Mr. H. R. Douglass was named as principal of the University high school for the current year. Mr. Rollien Dickerson is principal of the University high school.

Veterans Foreign Wars.—All campus members of V. F. W. are invited to attend the regular meeting of Willamette Post at the Armory tomorrow night at 8 o'clock. Refreshments.

LOST—Kwamu pin; return to Pi Beta Phi or call 947.

LOST—Overcoat on Sigma Delta Phi porch, open house night. Finder call Cameron, 730.

The University of Idaho has inaugurated the first training table in the history of the school.

The state university of Ohio installed a football laundry and every night the men don a clean uniform.

PHONE SHORTAGE HITS UNIVERSITY

Extra Need Uses Stock of Wire and Instruments.

For a long time we have been in the throes of various kinds of shortages. The coal, steel, money, paper, skirt, and time shortages have been here so long that they are taken as a matter of course. Now comes a new variety, the telephone shortage.

The truth of the matter is that the Eugene telephone company is out of phones. The influx of new faculty members, the addition of a number of new offices on the campus, and a general spurt of building throughout the city created such a demand for wire connections that the supply of instruments on hand was speedily exhausted.

Orders have been placed with the manufacturers for a new supply but according to advices received from them it will be several months before shipments can be made. Approximately 150 telephones will be needed to remedy the shortage.

In the meantime the people who have no phones are compelled to use the mails, borrow the neighbors' little boy to carry a note, or else live in suspense until some other means of communication has been made available.
