

## LOUNGE LIZARDS ARE WARNED TO BEWARE OF UNDERCLASS MIX

### Frosh-Sophomore Contest To Be Square, Insists the Committee.

## SOMBREROED SENIORS WILL PRESERVE ORDER

### Flag Rush Big Feature of the Day; Women To Vie In Song Fest.

"Lay off the dress suits," says Charles Huggins, chairman of the underclass mix that will be held at 12:30 o'clock today noon on historic Kincaid field. "The bird that steps on the battle-ground today with a white collar on, a 'shine' on his shoes, or a crease in the legs of his trousers, is going to be sadly out of luck. It makes no difference whether or not his hair is parted in the middle, a la lounge lizard—that will all be changed when action starts—but things are gonna happen to any who come prepared for a dance or an afternoon reception."

Huggins and the rest of the committee, promise that today's will prove one of the liveliest mixes ever held on the campus. It will also be the squarest one ever "pulled," they say, and in their program have secured choice quotations from prominent faculty members to uphold their point.

### Huskies in Flag Rush.

Fifty huskies from each of the two underclasses are to participate in the main event of the day; the flag rush. Some of the other contests will be limited to 20 men each, per team, but in others the number will be unlimited. This is particularly true of the yelling contest for the men and the singing contest for the women.

The program, preceded by the senior parade, is as follows:

Attendance and singing—by women	5
Yell contest—by men	5
Tug-of-war	5
Tie-up contest	15
Cane Rush	10
Sand Bag Scrap	10

### Stunts.

Flag rush	35
-----------	----

### Stands Not To Be Decorated.

The usual custom of decorating the stands was given up by the committee, it is announced, on account of the expense. Homecoming week, they say, will demand all the funds that might have been spent on the mix.

The sombreroed seniors, as tradition demands, will hold positions as official "cops." The captain of that gallant crew will be appointed by the class president.

## FACULTY COMMITTEE APPOINTMENTS MADE

### Several Vacancies in Old Filled, and New Committees Are Constituted.

At the last meeting of the faculty a number of appointments to various committees were announced. Vacancies on the old standing committees were filled as follows: Athletics, Dr. J. F. Bovard; Probations, Deans E. C. Robbins, C. V. Dymont and W. E. Hale; Religious and Moral Activities, Dr. A. E. Caswell and J. S. Evans; Student Advisory, Dean Dymont; Research, Dr. E. L. Packard; Colloquium, Dr. R. H. Wheeler, Prof. T. A. Larremore, and Karl Onthank. A new regular committee was created on Pre-engineering, the appointments being as follows: Dr. A. E. Caswell, Prof. E. H. McAlister, Prof. E. E. DeCoud, Dr. F. L. Shinn and Dr. E. L. Packard.

The following appointments to new special committees were announced: College Credit for Student Activities, Deans C. V. Dymont, J. J. Landsbury, E. W. Allen, J. F. Bovard and Prof. A. E. Reddie; Faculty Club, Prof. W. F. G. Thacher, Dr. J. H. Gilbert, Dr. A. E. Caswell, Dr. J. D. Barnett, Prof. S. B. Warner and Dr. H. B. Torrey; Day and Hour of Faculty Meetings, Dr. W. P. Boynton, Dean John Strauch and Earl Kilpatrick.

### U. of W. Outlook Blue.

Varsity outlook is discouraging, states Coach Allison of Washington, after the scrimmages of last week-end.

## Varsity Eleven to Get Initial Tryout of the Season Against Multnomah This Afternoon

### Chances of Victory Slim, Says Coach "Shy" Huntington; Bill Reinhart to Pilot Squad; Lineup Announced.

Oregon's chances of winning this afternoon's gridiron struggle against Multnomah are very slim, in the opinion of the coaching staff of the lemon-yellow eleven. Coaches "Shy" Huntington and "Bart" Spellman are not contemplating on winning the game with the clubmen, according to the information they gave out at training quarters last night.

"We are using this game in an effort to find out more about what each individual player can do when put to a real test, rather than to see what the team collectively may be able to do," Coach Huntington said last night. "The team is not in shape to go up against a hard game such as this will be for they have not been completely organized as yet."

The selection of a team has been a problem which is even yet not solved by the coaching staff this season, and the material of the sort that there has been very little difference shown in the playing ability of the men who are competing for positions. There are a variety of combinations which the coaching staff have up their sleeve and which will be tried out in the Saturday's game but as to just which of these is going to prove the strongest against the winged "AP" eleven will be better determined after the game starts this afternoon.

### Positions Still Uncertain.

The battle for positions has been going on steadily for the past three weeks and yet there seems to be little change in the status of the players when it comes to landing a berth on the first squad regularly. This is especially true of the linemen, some aspirants for a line position have been working at end, guard and tackle and are showing up equally well in any of the positions until it has almost become a matter of a toss-up to see who will land the place. Among the men who have been playing the various positions, are "Rud" Brown, Carl Vonder Ahe and "Hugh" Clerin.

Other linemen have been worked alternately at guard and tackle in an effort to get them in the best position. These are Shields, Strachan, Ward and Starr. For the backfield the combination which has been working more steadily than any other is made up of "Bill"

Rinehart at quarter, "Jake" Jacobberger and "Frankie" Hill at halves and George King at full. On the second string and alternating with the first string men on the job are Mead and Hoisington at half and "Busher" Blake at full, while Latham, Durno and Boyer have also been making good in the backfield.

Everett Brandenburg will be unable to get into the game today on account of his ankle not being sufficiently well to allow his using it. Mautz, the husky lineman will also only be good for a short heat today as he has only been out with the squad for about a week.

The game with Multnomah was arranged on short notice and has not allowed for secret signal practice and in fact the various combinations which Coach Huntington will use have been switched about so much that they are hardly familiar with the plays and signals which they will use. In the words of Coach Huntington, "the game will be a game for the men to make good and I expect to get a line on just what each man has in him."

### Men To Be Watched.

Head Coach "Shy" Huntington announces that the line-up at the start of today's game will be as follows:

"Erick" Leslie, center; "S" Starr, right guard, "Ed" Ward, left guard, "Scotty" Strachan, right tackle, "Spike" Leslie, left tackle; "Hugh" Clerin, right end and "Marty" Howard, left end. In the backfield Coach Huntington will start "Bill" Rinehart at quarter; "Frankie" Hill and "Jake" Jacobberger at halves and George King at full.

This will by no means be the line-up which will play the entire game today as the coaches will give every man who has been showing up well in practice a try in his position. "Bart" Langlin and "Ducky" Holmes will each get a whirl at center; "Fat" Mautz, Vonder Ahe, "Rud" Brown and "Tiny" Shields will work at guard; Brown, Vonder Ahe and Shields will also be sent in at tackle during the game and Brown, Vonder Ahe and Morfitt will be given a chance to work at end. In the backfield, "Busher" Blake will be sent in at full during

(Continued on page four)

## NUNN AND IRELAND TO ASSIST KEENEY

### New Staff Will Direct Yells At Today's Game.

Leslie Nunn and Dean Ireland are the two men chosen to assist Claire Keeney in leading the yells on the campus for the coming year. The appointments have been made by Keeney and consented to by the student council. Both Nunn and Ireland are members of the class of '23, and both have been prominent in school activities since entering the University.

The new assistants will make their first appearance at the Multnomah club-Oregon game this afternoon, as will also the University band, and it is hoped by Yell King Keeney that the first game of the year will develop a sufficient amount of pep among the college men to start the season off with a bang.

According to Keeney, it is the object of each cheer leader to adopt the same method of leading the yells as the others, in order that there should be no difficulty in keeping the rooters in unison.

At present it is planned to hold yell practice at least once a week on Kincaid field. Keeney urges that all men come out to these practices and show their interest in the team as well to learn new yells and practice old ones.

### STUDENT COUNCIL GUESTS.

As guests of Ollie Stollenberg, senior member of the student council, the members of that body were entertained at dinner last evening at Hendricks hall.

## W.D. SMITH ATTENDS MEETING IN HAWAII

### Oregon Represented at First Scientific Conference

"I may not be fortunate enough to attend such a meeting again in my lifetime," says Dr. Warren D. Smith, head of the department of geology, in a letter to Dr. E. L. Packard concerning the First Scientific Conference under the auspices of the Pan Pacific Union. Dr. Smith was the representative of the University of Oregon at this important conference which was held at Honolulu, August 2 to 20. The conference was called to assist in co-ordinating the work of various bureaus and organizations for scientific study and research in countries bordering the Pacific. It was under the direction of the Bishop Museum, to which Dr. C. H. Ermonson is attached since he resigned his position with the University of Oregon.

The program of the conference involved various trips planned for different groups of scientists, some of especial interest to botanists, some particularly for geologists and so forth. Dr. Smith writes that he visited the volcanic laboratory of Kilanea while there.

The conference is one of the outstanding conferences of the year, and was attended by delegates from all parts of the world. Many universities of the United States were represented, as well as many scientific bureaus of research. Dr. Smith stopped at the conference on his way to the Philippines where he is to spend a year, being on leave of absence from the University.

## CLASS IN EDITING TO ISSUE 'WINNAGEN' AS HOMECOMING EVENT

### Paper Will Be Sent To All Former Students and Graduates.

## LYLE BRYSON EDITOR; STAFF IS SELECTED

### Week-End Program and Sport Gossip To Fill Four Page Edition.

Newshounds and Oregon enthusiasts on the job, and the "Winnagen," the paper which was published last year previous to Homecoming week-end and sent out all over the state to all old Oregonians and which, according to many of said old students, "did the work" when it came to bringing them back to the campus at that particular time, is about to be published again this year, with Lyle Bryson, chosen from the editing class, as its editor.

This publication, which is strictly for Oregonians, is to be printed on yellow paper with green ink, as was done last year, and is to be running over with mirth and fun from beginning to end. According to Miss Bryson, the paper is to be full of pep, humorous items about all old graduates and students it is possible to get the dope on, and also there will be cuts, cartoons and jokes as well. "Will Get 'The Dope.'"

"We are going to get the dope on as many different people in as many different classes as is possible," said Miss Bryson, "and humorous write-ups will be featured prominently. John Dierdorff will handle all the humorous articles and the rest of the staff for the paper will be chosen from members of the editing class."

"The Winnagen" is to be sent out all over the state to every person who has ever had any connection with the University, and will appear in about two weeks, previous to the Oregon vs. University of Washington game of November 13. Upon its pages will be found all the Homecoming week-end plans, the program for the entire week-end, the dope about the football team and about the game to be played between Oregon and Washington, two old rival institutions.

### Big Hit Last Year.

According to Miss Charlie Fenton, alumni secretary, who has received many letters from old Oregon people since last Homecoming week-end, the "Winnagen" made a big hit last year and many persons have urged that such a publication be put out again this year before Homecoming. It has been proved that this is a very successful means of bringing back the Oregonians, it was announced by the editor, so work has commenced already.

Members of the editing class from which the staff for the paper will be chosen are: Mary Ellen Bailey, Charles Gratke, Harold Moore, Lyle Bryson, Robert Betticher, Eugene Kely, Harry Smith, Frances Quisenberry, Jacob Jacobson, Carlton Logan, Jennie Perkins and Stanley Eisman.

## FIFTEEN VACANCIES IN GIRL'S GLEE CLUB

### Preliminary Tryouts Will Be Held Saturday, Trials Next Week; Alto Voices Few.

The fifteen vacancies in the Girls' Glee Club will be filled from the final tryouts next week. It is expected that 30 or 40 names will be posted at the first of the week for the finals. The last of the preliminary tryouts will be held Saturday morning from 9:30 to 11.

Forty-six persons have tried out so the preliminaries, said Professor Coon, of the school of music, director of the club. About 70 will probably try out in the preliminaries, said Professor Coon. "This was the number that tried out last year, but there are seven less vacancies to be filled this year than there were last."

The Glee Club is especially anxious to get alto voices, Professor Coon said. Only two or three altos of the desired range have tried out as yet, for voices of this type are comparatively rare.

California is now putting over a millage campaign for the universities.

## Street Car Signs "All Greek;" Two Girls Draw Gun

Yesterday afternoon two senior girls, whose names are withheld because they are both Delta Gammas, were down town on a shopping survey. They had walked down and were tired by the time their purchases were completed.

"Let's ride home on the car," said one.

"All right," assented the second senior.

So they hailed the next car and climbed aboard. All went well until the car came to Eleventh avenue. Instead of turning in the accustomed direction it kept straight on up Willamette. The girls smelled a rat. The conductor was called upon to explain.

"Yes, this was a College Crest car, hadn't they seen the sign on it?" But the seniors didn't stop to talk. They demanded transfers to the Fairmount line and to be let off at once.

And the conductor was not the only one who grinned.

## LIBRARY CONGESTED; THREE ROOMS ADDED

### M. H. Douglass Suggests More Study in Afternoon.

Arrangements have been made for three extra study rooms to supplement the library reading rooms. These are to be open Monday, Tuesday, Wednesday and Thursday evenings. Economic history students will find their reserve books in room 30 of the library building from 6:30 to 10 on those evenings, and Room 1 will be open from 7 to 10 p. m. for those who are not using library books, and students who cannot find chairs in the main reading room. Room 1 of Johnson hall also is open from 6:30 to 10 for students of mathematics.

Mrs. M. F. McClain, reference librarian, states that at present there are about three times as many students on the campus as the library can well accommodate. It has been overcrowded for some time but it is busier than ever this year, she says. The evening hours are worse, for then long lines are formed at the circulation desk, which makes it something of a task to obtain reserve books.

According to M. H. Douglass, librarian, there is no remedy for present conditions save the supplementary reading rooms until a new library can be erected or more rooms secured in other buildings. "As long as there are students using reserve and reference books, reading magazines and studying their own books, all in one reading room, there will be congestion," said Mr. Douglass. He suggests that students use the reserve rooms freely and if possible study in the afternoon and in this way help to improve matters.

## SWEATERS AWARDED TO WOMEN SWIMMERS

### Misses Nelson, Hopson, Coffey, and Moore Honored by Athletic Council Thursday.

At the first meeting of the college year held Thursday evening, the athletic council of the A. S. U. O. officially awarded sweaters to the women who earned their letters in the swimming meet with O. A. C. during Junior Week end last spring. Those receiving the rewards were Francis Moore, Valerie Coffey, Wipifred Hopson and Helen Nelson.

The football schedule was approved, and the engagement of Kenneth Bartlett and Baz Williams as freshman football coaches, was officially sanctioned for the first time.

Arrangements were completed for the frosh-rook game on Armistice day, which with the Homecoming game is expected to make a "big" week end. O. A. C. promises to bring a special train full of rooters, and also a band, to back their rooks.

This action put an end to the proposed freshman game with the University of Washington first year class on November 13, but negotiations are under way to arrange for a game with the northern freshman at Seattle on either October 30 or November 6.

## PHYSICAL EDUCATION COURSE IS GROWING POPULAR WITH GIRLS

### Head of Department Reports 64 Women Enroll For Work Thus Far.

## INCREASE 30 PER CENT OVER FIGURE OF 1919

### Graduates In Last Year's Classes All Reported In Good Positions.

Miss Mabel L. Cummings, head of the department of hygiene and physical education for women, is particularly happy over the fact that sixty-four girls have thus far registered as majors in the department. This exceeds by about 30 per cent the number registered in the past year.

Miss Cummings stated that during the spring and summer she had calls for many more girls to fill positions as instructors or directors of physical education and that she was able to provide. With increased enrollment she can not only fill more positions, but can choose from a greater number the girls best suited to each particular type of work.

### Choice Hard To Make.

"It is difficult to recommend from a small number of girls," she said, "just the person who will be satisfactory. With a larger number, I shall be able to recommend girls best suited to different positions."

With the exception of Helene Reed, who intended to take up health work in other forms than teaching, all of the major girls who graduated last spring have secured positions as instructors in physical education. Eva Hansen has charge of the physical training work at Pendleton. Miss Cummings states that she has heard glowing accounts of her work already and also that Ruth Susman, teaching at Ontario, has taken hold of her work in a very satisfactory way. Jeannette Moss, honor graduate from the department, is in the large Union high school at Livingston, Montana.

### Others Well Placed.

Era Godfrey is instructor of physical training in the Salem high school. Mary McCormack has been chosen a member of the staff here, but is at present in the Good Samaritan hospital in Portland, after an operation. She will not be able to take up her duties here, states Miss Cummings, until the opening of the spring term.

Miss Cummings is receiving many calls to give lectures and demonstrations on physical education methods to the teachers throughout the state, but is compelled to decline. Last week-end she was in Portland attending a meeting of health and physical education committee of the State Teachers Association, of which she is chairman.

## SMOKER TO BE HELD AT FRIENDLY TONIGHT

### Boxing, Stunts, Smokes, Doughnuts and Cider Are To Be On Program.

Smokes, lots of them, with plenty of cider and doughnuts, are promised by the men of Friendly hall for their smoker, tonight, beginning promptly at nine o'clock.

A good lively program has been arranged for, and will consist of boxing, special feature stunts by frosh members (by request,) with a possibility of a good wrestling match.

One representative from each of the men's organizations of the campus has been invited to attend the smoker. The committee in charge of affairs consists of B. A. Van Loan, chairman; Merle Snyder, Clyde Davis and Leo Hertline.

## FIRST DANCE HELD.

Opening the season's dances, 275 couples gathered at the Armory last night for the first of the Student Body dances. Though this was the first dance to be given by any campus organization, the crowd was far lighter than expected. These student body affairs are to be given from time to time during the school year.
