

ROSS-COUNTRY TEAM REPARING FOR O. A. C. NEXT WEEK'S RACE

Men Regularly Turning Out for Places on Lemon-Yel- low Distance Squad.

With but little over a week left to get shape to meet the Aggie team, Oregon's cross-country aspirants are working each night with the spirit that characterizes the lemon-yellow teams in preparing for an encounter with the Aggie. Although the number of men going out for the team is small, — at present only about 15 are turning out regularly—the material that is out looks good and includes two men who took first and third places respectively against the O. A. C. aggregation last year. They are Walkley and Davis. According to Ralph Coleman, trainer of the Aggie team who was in Eugene Saturday, the turnout at Corvallis this year is larger than it has ever been before. It includes Swan, a contender for the Olympic tryouts in distance events. Swan's ability was not at its height last year against Oregon because he had received a broken rib a short time previous to the race. He will enter when the teams meet this year without any such handicap and his presence makes the O. A. C. team more to be feared. Coleman states that this team will be in better shape by the 20th than they were at the beginning of last year's season.

Oregon Team Hopful.

In the face of these reports from Corvallis the Oregon team is not disheartened and believes that prospects are as good as they were a week before the appointed time last year. It will be remembered that the same sort of stories to the ability of the O. A. C. squad were prevalent last year and the trouncing that Oregon gave them is not to be forgotten.

Kincaid field has been the scene of the workouts recently, while speed has been the objective. The endurance qualities of the men were first developed by taking from three to four mile runs across the fields near the campus. During the last two weeks however the squad has been running only about two miles at a faster pace for the purpose of speeding up. Tuesday night they were put over a five mile course as a test of endurance with favorable results.

Stiff Work to Continue.

Stiff workouts under the present program will continue until about the middle of the week until the day of the race but workouts will be in order. Tryouts will be held next week for selection of the team that is to meet the Aggies. The number of men to enter and the distance of the race is to be decided.

Besides Walkley and Davis those turning out regularly at present are: Schaefer, Koepf, Blackburn, English, Nunn, Lap, Sloan and Coburn. Peltier has been put out of the running because of pulled muscle.

CHEMISTRY CLUB FORMS

Arthur Campbell Elected President of New Honorary Group.

About a dozen chemistry students met in the chemistry lecture room of Meade hall, Tuesday evening to form a chemistry club. A constitution was adopted and officers elected. Officers: Arthur Campbell, president; Elmer Thurlow, vice president, and Mildred Dodds, secretary and treasurer. The club is to be honorary with active and associate members. Active members must have certain grades and certain number of hours work. The number of hours which a student must study in chemistry to be eligible has not been decided on yet. Meetings will be held twice a month to discuss current chemical literature.

NOTED WRITER TO SPEAK

Erno Dosch - Fleuret to Discuss Russian Situation Before Forum.

Erno Dosch-Fleuret, noted war correspondent, will speak on the Russian situation at the next meeting of the University forum in Villard hall the early part of Thanksgiving week. Mr. Dosch is the brother of Roswell Dosch, who was the first instructor in the art department, teaching modeling and drawing. He was in Russia during the war and the articles which he sent to the New York Tribune were also published in the Oregonian. At present Mr. Dosch is making his home at Dosch station near Hillsdale though his family is still in Paris.

THOUSANDS COMING TO CAMPUS FESTIVITIES

(Continued from Page 1)

look as green as possible Chuck has left this until today and by Saturday when the old graduates and students gather at the Armory for their last get-together meeting of Homecoming, the Armory will look like a forest glen.

Vivian Chandler has everything ready for the luncheon at the men's gymnasium Saturday noon. In order not to delay the luncheon more than possible an able corps of girls under Ruth Flegal will have the plates ready when the hour for the luncheon comes around. There will also be booths at the gymnasium so that alumni who have not registered at the booth on Fifth and Willamette street may register there.

Students to Wear Tags.

University students are urged to wear the little yellow tags which will be distributed throughout the various organizations on the campus with their name written on them. The alumni will be given a little brown tag in the shape of a football which will distinguish them from the students.

Wilbur Carl, chairman of the dance committee, has asked that the students do not make out their program before everybody has assembled at the Armory Saturday evening. Heretofore there has always been a lot of unnecessary commotion, says Carl, and leaving the programs until everybody is absolutely certain as to who are coming, will do away with a lot of it.

FRESH-ROOK CLASH TO BE HARD BATTLE

(Continued from Page 1)

the Rook team, "Baz" Williams, line coach, has been teaching these men the fine points of the game should have them fighting every inch of the field with the Aggies.

The officials for the game will be Sam Dolan, referee, Bill Schmitt, umpire, and Bill Donaldson, head linesman.

The game will be played on Hayward field. The field is in good shape for the battle. The recent weather has given the ground a chance to dry and the turf has been kept in fine condition.
