

WOMEN'S GYM ADDS 700 METAL LOCKERS

Keys Instead of Combination Locks to be Used.

The arrival of 700 new metal lockers for the women's building is particularly pleasing to Miss Mabel L. Cummings, head of the department of physical education. The lockers are the best to be had, says Miss Cummings, and were purchased at a cost of approximately \$8,000. They will be installed in the new building as soon as the dressing stalls are completed which will probably be within the week.

The lockers will be mounted in portable banks which can be sterilized regularly by wheeling into the drying room. In place of combination locks, the new lockers will be opened by keys.

"The girls will be interested in hearing this," said Miss Cummings, "because it is much easier to open the locker with a key than it is under the present method of two turns to the right and stop on six—and then not opening!"

However, the departmental staff expects to glean quite a little revenue from the new system of opening lockers. Each girl will be required to pay a key deposit which will be refunded upon return of the key. If it is lost, the money will be turned into a fund, the exact disposal of which has not yet been decided upon. When asked if she were not "counting her chickens before they were hatched," Miss Cummings replied:

"From our past and present experiences with girls, we feel such of some income. We shall have a matron in charge of the lockers who will see that all lockers are locked each day. This will be done to protect the girls against loss and, if a girl forgets her key and has to borrow one from the matron, she will have to pay a five cent fine!"

Miss Cummings expects the new system to be a decided improvement over the old and believes that the frequent losses of gym clothes will be entirely stopped.

FIVE LETTER MEN LOST TO VARSITY

(Continued from Page 1.)

gon line will be hard to fill. Leslie also began his college football days with the Frosh eleven of 1916, coming to Oregon from Coquille high school. His first season on the varsity regulars was in 1917, he was not on the campus in 1918, and played his final two seasons in 1919 and the season just past. "Brick" received mention as all star Pacific center by a number of authorities this season and his playing has been a feature of Oregon's fighting defense. Although the lightest center in the conference, "Brick" made up for what he lacked in weight with his speed and fight.

Mautz 1919 All-Star.

Carl Mautz, unanimous choice for a guard position on the mythical all coast eleven last season and chosen by a number of sport authorities for the same position this year, will also leave a gap in the Oregon eleven which is going to be extremely hard to fill. Mautz began his Oregon football days on the Frosh eleven of 1917, in 1918 he held down a guard position on the S. A. T. C. team which won the northwest championship and his work in 1919 and this season proved him a bulwark of strength on the Oregon line and won him mention as all star calibre. Mautz is eligible to play yet another season with the varsity but he has finished his pre-medics course and expects to enter the University of Oregon Medical school in Portland next fall.

Bad-Luck Follows Ward.

Ed Ward has had unusual hard luck during his college football career, and has spent most of his time during the season on the hospital list. He was injured last season during the early practice days and was put out of the running for a varsity berth. This year he proved a great player on the Oregon line, holding down a guard position until the Stanford game when he received a broken collar bone which put him on the hospital list again. Ed will graduate in the spring and his football days are over. He made his letter this year however in the Stanford game. His work at guard this season proved him to be a player of class.

Jake to be Graduated.

Jake Jacobberger is the fifth player who has played his last season with the Oregon varsity. Jake is eligible to play another season but he is a senior in the University and will not be here another season. Jake won his letter in 1918 and in 1919 as a halfback. This season he played in the Stanford game and also a part of the Idaho game but he lacked a few minutes time in the required amount for making his letter. Jake is a fast player, and an accurate passer and punter for the backfield. This year he worked as an understudy to Steers and Reinhardt at quarterback.

OREGON CLUB HAS MIXER

Smoker Saturday Night First Party Staged by Organization.

Over 60 members of the Oregon Club present in the men's gym last Saturday night at the first entertainment staged by the club since its reorganization witnessed the athletic carnival arranged by Glenn Walkley, danced to the syncopated melodies played by Vincent Engledinger, and listened to a brief talk made by Barney Garrett, president of the club.

Garrett in his short address mentioned the possibilities of such a closely

united organization as the Oregon Club and assured the men that the Saturday night mixer was only the beginning of a series of social activities engineered by the club. He announced that February 14 had been obtained as a date for the Oregon Club dance next term.

Cider, doughnuts, apples and smokes dished out under the direction of Norton Winnard and "Hank" Evans occupied the merry-makers between the fistic contests.

PLEDGE ANNOUNCED.

Alpha Delta Pi announces the pledging of Dora Herman, of Grants Pass.

NEAR EAST APPEALS FOR MORE DONATIONS

Alice Capps, City Chairman Will Ask For Individual Contributions Through Letters.

Miss Alice Capps, city chairman of the Near East Relief association, is sending out letters to each fraternity and sorority asking that they give her some idea as to how much they can pledge for this work. "I wish every one who has made a pledge would turn in the slip to me as soon as possible," says Miss Capps. "The money will not be due un-

til next July."

"Because we have been carrying on this work through the clubs is no reason to believe that individual contributions will be overlooked," explained Miss Capps. "We will gladly accept any contribution no matter how small."

Miss Capps has acknowledged many generous contributions from members of the faculty and others have promised to contribute.

TWO PROFESSORS TO SPEAK.

J. C. Almack, assistant director of the extension division, and F. L. Stetson, professor of secondary education, will

represent the University at the Josephine county institute, to be held at Grants Pass, December 20, 21 and 22. Both men will be daily participants in the three-day session. About seventy teachers are expected to attend the institute.

MISS WILLIAMS ARRIVES.

Dr. and Mrs. Roger Williams were made happy Sunday morning by the arrival in their home of a baby girl whom they have named Jeanette Elizabeth. Dr. Williams is an instructor in the chemistry department of the University.

The Gift of Jewels at Christmas Is the Gift Par Excellence

It is proved by history. Even before that first Jewelry Christmas nineteen centuries ago, jewels and precious metals have exemplified the love and admiration among mankind as gifts.

The Supreme Gift—the Gift of Jewelry—Christmas, 1920, will undoubtedly prove the greatest Jewelry Christmas of all.

Reasons

Average prices almost equal those before the war, so you do not need to wait for prices to decline. Quality in jewelry stores is exactly the same as before the war. "Gifts That Last" are being appreciated now more than ever before.

Luckey's Jewelry Store is the Treasure Home of Jewels

Hundreds of suggestions besides those below will be made by our efficient sales force. Most items have a wide range of prices. For example, Eversharp Pencils are carried in every style and price from \$1.00 to \$35.00.

We buy more Jewelry and Silverware boxes to give away with gifts than any firm outside of Portland. For years our gifts have been wrapped in the best manner possible, our factories tell us so.

For Her
