NO. 47.

COMMERCE SCHOOL WILL VOTE ON HONOR SYSTEM TOMORROW

Plan Would Promote Scholarship; Dean Robbins Favors Change.

JUDICIAL COMMISSION WOULD BE SELECTED

All Violations of Rules to be Reported to Student Committee.

An honor system for the school of commerce has been suggested by a representative group of Senior majors in that department, and will be voted on by commerce students tomorrow.

This is a new student movement for the purpose of higher scholastic standards in the University, according to those backing it. The plan is originated by the seniors in the school, who have prepared a pamphlet setting forth the scheme and its advantages.

There has been a general feeling among those responsible, that an honor system would create an incentive for better scholarship, and thus increase the general efficiency of the department.

Speaking for the faculty of the commerce, Dean E. C. Robbins says he is in favor of the plan, and has announced that the faculty will meet students on a fifty-fifty basis. He also stated that the work of organization and publicity was being done entirely by students, and that the credit should go to them.

Two-Thirds Vote Required.

All students majoring in commerce will be asked to either approve or disapprove the plan sometime tomorrow. It will not be adopted unless two-thirds favor it.

If the proposed plan is adopted, an honor commission will be chosen of representative students to act on all violations of the rules. They will then make their recommendations as to the disciplinary action to be taken. Under all conditions this committee will take action before the faculty committees are notified.

All students in any class in the school of commerce will be held on their honor to report any cheating or dishonesty to the honor commission. This report must be in writing and must bear the signature of the witness.

For the present the decisions of the honor committee will be referred to the faculty advisory committee, but it is the plan to ultimately make the discipline entirely a student matter.

Students to Punish.

The system is regarded as an outgrowth of the growing idea that punishment and rules of class conduct should come from the students, rather than from the faculty.

It is not desired to let the idea spread that the system has become necessary, for in the pamphlet it is made very plain that it is the general efficiency of the institution which it is desired to raise.

The point is made that honesty in business is the only policy, and it follows that honesty in obtaining a business education is absolutely necessary.

If the plan is adopted, the changes will take place at the beginning of the winter term.

GIRLS' DEBATE PUT OFF

Women's Tryout Not to be Held Until After Holidays.

Tryouts for the women's varsity debate team will not be held this week as announced, but will take place soon after the Christmas vacation.

This change was made by Professor Michael, debate coach, because it was thought better not to attempt more debate work until after the men's varsity meets with O. A. C., Reed and Princeton are held. The question for use in the tryouts has not been announced.

ELECTION ANNOUNCED.

Alpha Kappa Psi, national honorary commerce fraternity, announces the election of the following men: Professor T. J. Bolitho, Professor Vern B. McDougale, Carl Knudsen, Arthur Kuhnhausen, and Carl Myers. Public initiation will be held Thursday morning just before assembly on the library steps.

LEMON PUNCH WILL BE ON SALE FRIDAY

Staff Members to be Selected From Among Contributors, Says Eisman.

The first issue of the Lemon Punch, the new humorous publication on the campus, will be off the press and ready for distribution Friday. Make-up work on the paper was started yesterday at the University Press where the magazine will be printed.

There will be 24 pages in this issue of the Lemon Punch, according to Stanley Eisman, editor, and about 24 cuts, all the work of campus artists to enliven the pages. Business houses, both in Eugene and throughout the state, have responded to requests made for their advertising so that the publication is assured of financial success.

Circulation will be carried on through organizations, but for those who do not reside on the campus a booth will be established at some convenient place for the distribution of the magazines. Fifteen hundred copies of the first issue will be put off, allowing some for those who wish extra copies. These may be secured through Elston Ireland.

"The present staff is limited, including only the artists and a few others," Eisman said, "but members of the editorial staff will be selected from the contributors to this issue. Additions will be made from time to time from among the contributors."

JUNIOR COLLEGE IS SUBJECT OF LECTURE

Wisconsin Dean Writes Dymment of Opinion on Subject.

Although the question of establishing Junior Colleges as a means of solving the problem of increased attendance at the universities has never become a project in this state, it is regarded by some members of the faculty as a matter deserving much consideration. G. C. Sellery, dean of the College of Letters and Science at the University of Wisconsin, recently spoke on this subject before the National Association of State Universities at Washington, and has written some reasons for his remarks in a letter to Dean Colin V. Dymment.

Dean Sellery says, "Our attendance is doubling every ten years because more and more people look to the university as the gate of opportunity, either for success along technical lines or along other lines. We are confronted, therefore, with the double problem of numbers and costs. We can not raise standards above the requirements of the professions. We can not exclude students and meet the expectations of our citizens. Will the Junior College help? The Junior College, if we establish several of them in a state, will not reduce numbers or costs. They will, however, give us a higher range of talent at the central university for the last two years of the course, provided they are put from the start under the control of the central university. If they are not put under the control of the central university, their standing will be local and variable, and consequently the students who pass from them to the junior year of the university will not be ready to march forward at once.

"We can not look, therefore, for decreased numbers or materially lower costs, and consequently must rely upon increased taxation and that means the education of the American people to a weight of taxation from which they have been exempt. However, they must learn to view education as an investment."

PLAN PORTLAND DANCE

Alumnae of Chi Omega Offer Holiday Entertainment for Students.

An important date for Oregon students who will spend the holidays in Portland is at the Hotel Multnomah, December 27, when Portland alumnae of Chi Omega will give a dance for the benefit of its milk station fund. The Alumnae chapter will provide milk for under-nourished children in one of the city schools and funds raised at the dance will go toward this work. The organization has done much social service work since its establishment.

Miss Louise Gray, a Chi Omega of the University of Oregon chapter, is president of the alumnae association and other Oregon alumnae are prominent in plans for the event.

NEW SCHEDULE OUT; ONE-TERM COURSES REDUCED IN NUMBER

Physical Education, Military Science, Household Arts Departments Enlarged.

CLASS IN ECONOMICS GIVEN BY EX-GOVERNOR

Work Applicable in Student's Major Course to be Increased.

The new schedule for the winter term shows an increasing tendency in all departments to make courses continuous throughout the three terms of the year, and a restoring decrease in the number of one-term courses. The number of courses directly applicable to a student's work in his major department are being increased.

An important course which will begin in January is the one in industrial relations in the commerce department, which will be given by ex-governor Bass, of New Hampshire.

He is a man of great experience and has a wide knowledge of national affairs. After serving as governor of New Hampshire, he made first-hand surveys of many of the big industrial plants in the United States, such as that of the Ford corporation, and is in a position to give a valuable course.

Opportunities are open for majors in the military science department in the senior military science class, and in the new course in topography, which will be given by Sergeant O'Hara.

There is an increase in the scope of the work of the school of physical education. Courses of interest are the intramural sports under Henry Foster, and the work in tumbling, advanced wrestling and advanced boxing. These new courses show the desire to make physical education a strong department for women, the course in individualized exercise is a great improvement over the old system of routine gymnasium work. Corrective work will be given to small groups and to individuals, so that the exercise of every girl will be adapted to her needs.

Miss Grace L. Robertson will give courses in home nursing and care of children which will be embodied in the work of the household arts department. A model hospital has been fitted up, and practical work will be carried on.

GIRLS ABOUT TO SAY GOOD-BY TO OLD GYM

Equipment to be Installed By January First.

"We hope, while others are holding their examinations to get our office furniture settled in the new building," said Miss Mabel L. Cummings, head of the department of physical education for women, yesterday. "The staff wants to get off on vacations with letter files, stationery and desks all in the new offices."

The workmen may start remodeling the old gymnasium either the last of this week or the first of next. The physical education staff is hoping that the action may be deferred until next week, otherwise posture tests and final examinations in dancing will be curtailed. However, as soon as the carpenters begin working, the faculty is ready to leave the present women's gymnasium forever, and arrange headquarters in the new women's building.

The entire section of the new building, the rooms in the new building will be numbered: Those on the first floor, numbering one to 21; the second floor, 100 to 121, and so on. The different gymnasium floors will be lettered — the main floor "A," the aesthetic dancing floor "B," remedial gymnasium "C," corrective gymnasium "D" and the open air gymnasium "E." Miss Cummings hopes this will enable the students to become acquainted with the new building, with a minimum of trouble.

PLEDGE ANNOUNCED.

Delta Tau Delta announces the pledging of Fred Sherman, of Ashland.

SIGMA NU FAILS TO WEAKEN FIJI'S GRIP ON DOUGHNUT TITLE

Leaders Snow Under Opponents 23 to 7 in Hard-fought Contest.

ONLY 30 GAMES ARE YET TO BE PLAYED

Remaining Battles to be Played After Holidays; None During Exam Week.

| Team | W. | L. | Pct. |
|------------------|----|----|------|
| ◆ Team | 8 | 0 | 1000 |
| ◆ Fiji | 10 | 1 | 909 |
| ◆ Kappa Sigma | 5 | 1 | 833 |
| ◆ S. A. E. | 6 | 3 | 667 |
| ◆ Sigma Chi | 6 | 4 | 600 |
| ◆ Beta | 5 | 4 | 555 |
| ◆ Delts | 5 | 5 | 500 |
| ◆ A. T. O. | 5 | 5 | 500 |
| ◆ Sigma Nu | 4 | 4 | 500 |
| ◆ Bachelordon | 3 | 4 | 428 |
| ◆ Phi Delt | 3 | 6 | 333 |
| ◆ Oregon Club | 3 | 7 | 300 |
| ◆ Friendly Hall | 2 | 7 | 222 |
| ◆ S-Maralda | 2 | 9 | 181 |
| ◆ Delta Theta Pi | 0 | 5 | 000 |

Beta 21; A. T. O. 9. Owls 20; Oregon Club 1. Phi Delt 19; Friendly Hall 10. Fiji 23; Sigma Nu 7. Bachelordon 25; Delts 5. Kappa Sigma 13; S-Maralda 6.

30 games remain to be played in the doughnut basketball league. 10 of these games will be played off this week and the rest of the games will be held over until next term as Coach Bohler has decided that no games will be played during examination week.

Six games were played yesterday, four in the indoor gym and two on the outdoor court. Indoors the Betas experienced little trouble in defeating Alpha Tau Omega, while the Owl's speedy aggregation snowed the Oregon Club under a deluge of baskets and also kept their opponents from securing any field goals. The Phi Delts kept on the heavy end of the score all the way in their game against Friendly hall and the undefeated Fijis garnered their eighth straight win at the expense of Sigma Nu. On the outdoor court Bachelordon, outclassing the erratic Delts in every department of the game, won easily, while Kappa Sigma defeated S-Maralda in a hardfought contest.

A. T. O. Snowed Under.

The Betas, keeping up their spurt toward the cup played excellent ball in their 21-9 win over A. T. O. The game belonged to the winners from the first whistle. For the victors, Phillips, Clerin and Chapman showed up well, while Couch for A. T. O. played his usual steady game at guard.

The Oregon Club was unable to secure a field goal against the speedy Owls, their four attempts at free throws resulting in one point. On the other hand the victors were unable to convert any free throws but annexed 10 baskets, La Londe ringing four, while Zimmerman and Say secured three each.

In a hard fought game with Friendly hall, the Phi Delts opened up with a rush securing most of their points in the first half, the period ending 16-4 Phi Delt. In the last half the dorm men made 6 points against their opponents 3 but the lead was too heavy for them to overcome. "Ducky" Holmes at forward for the winners secured four field goals and "Hunk" Latham put out an excellent brand of ball. Youel and Mercer looked good for Friendly.

Leaders Hold Place.

The Sigma Nu five put up a hard game, fighting against the league leaders but class told and the Fiji quintet kept on the heavy end of the score. Knudsen, Alstock and Gore starred for the winners, Knudsen especially was going a million and rolled up 15 points for his team. For the losers the work of Wes Shattuck and Dudley held down the Fiji scoring.

Bachelordon established itself in the dope tipping class when they tromped on the fighting Delts. The Bachelors completely outclassed their opponents, who

Varsity End, Elected Captain 1921 Eleven

Mart Howard.

BOXING CONTESTS TO BEGIN FRIDAY

Fifteen Sign for Interclass Bouts; Ten Are Frosh.

Boxers who wish to take part in the interclass matches are requested to sign up before noon today, according to boxing instructor Charlie Dawson, at the gym. The interclass boxing contests will begin with elimination matches, Friday afternoon at the men's gym, the first bout being scheduled for 3:30 o'clock.

Fifteen men have signed up for the bouts in the four different weight classes, 125 pounds or lightweight, 145 pounds or welterweight, 158 pounds or middleweight, and 165 pounds or heavyweight class. Of these fifteen, ten are members of the freshman class, four are sophomores and one is a junior. It is expected that the representatives of the senior class will sign up today in order that there will be keener competition.

It is the plan of Instructor Dawson and Trainer Bill Hayward to have the men in each weight class battle in the elimination bouts, and in this manner select the boxers who will take part in the bouts being arranged with O. A. C. and other schools throughout the northwest. The elimination bouts will consist of three two-minute rounds with a two-minute rest between rounds. A fourth round will be required only when the judges and the referee are unable to reach a decision.

Although it is not known definitely who will be matched in the bouts tomorrow afternoon, the following men have already signed up in the different weight groups:

Lightweight, 135 Pound Class.

Acie MerrifieldFrosh
Fred ShermanSophomore
C. M. CarlsonSophomore

Welterweight, 145 Pound Class.

A. R. LoomisFrosh
P. M. StrowbridgeFrosh
J. MaySophomore
H. BonebrakeSophomore
H. L. GearyJunior

Middleweight, 158 Pound Class.

C. F. VallentyneFrosh
A. W. EverettFrosh
Ed KirtleyFrosh

Heavyweight, 165 Pound Class.

H. CovaltFrosh
J. BeckFrosh
Len JordanFrosh

BOOKS GIVEN LIBRARY

University of California Presents Three Volumes to Oregon.

Three new books have been sent to the University from the University of California and are now in the library. These books are in addition to the 43 given by the same university last May. The books are: Price's "Literary Influences," "Lawrence Sterne and Goethe" by Pinger and "Methods and Material of Literary Criticism" by Gaylor and Kertz.

"Jailed for Freedom" by Doris Stevens has also just been received by the University as a gift from Mrs. O. H. P. Belmont, New York society woman and suffragette.

HOWARD ELECTED AS CAPTAIN OF ELEVEN FOR COMING SEASON

Two-Year Letter-man, Varsity Left End, Chosen Head of Next Year's Team.

HUNTINGTON PREDICTS SUCCESS FOR FUTURE

"Biggest Financial Year Yet" Says McClain; \$23,000 Cleared by Football.

Mart Howard, left end on the varsity eleven for the past two years, was unanimously elected captain of the 1921 University of Oregon football team at the annual banquet of varsity players held last night.

Howard, besides playing end of the varsity for the past two years, played the same position on the military eleven of 1918 during his freshman year. He is a junior this year, and has one more year of varsity football. His home is in Portland.

California Victory Predicted.

Having seen several of the crack elevens of the east perform this year, President P. L. Campbell, speaking at the banquet of the football men, said that the teams of the coast were not inferior, and that he believed that California could win from Ohio State by two touchdowns. He based this declaration on the performance of the Ohio State eleven in a game with Chicago, in which the Buckeye team won by one point after having thirteen points scored against them the first half.

Prospects for a successful season next year are bright, according to Shy Huntington, coach. He urged the men to encourage the freshmen to remain in school and keep up their work, closing his talk by thanking the team for the spirit shown during the past season.

Season a Financial Success.

"The biggest financial year yet," said Graduate Manager Marion McClain. "We're going to be prepared to take care of 15,000 people here for the game with O. A. C. next year." He further showed the need of a larger grandstand by giving the seating capacity of the stand on Hayward field as 7200, while 13,500 at tended the O. A. C. game at Corvallis. He predicts a crowd of 20,000 in 1921. The game with U. S. C. brought in \$8000 to the University, while the gross receipts for the year were \$23,000, as compared with \$15,000 for last year.

Conference Split Predicted.

A break in the conference at the Northwest Conference meeting in Spokane next Friday and Saturday, dividing the coast into a northern and southern league, on account of climatic conditions, was predicted by Trainer Bill Hayward. He further believes that a split in the northwest is inevitable, O. A. C., W. S. C., U. of W. and Oregon forming a major league, with Montana, Idaho, Nevada and Utah comprising a minor. Stanford, U. of C. and U. S. C. will make up the southern conference. Hayward gave a review of the season, and characterized the stand of Oregon on her 8 inch line during the O. A. C. game as the greatest ever seen in the northwest.

In behalf of the Executive Council and the women of the University, Lyle Bryson expressed approval of the work of the entire team for the 1920 season. Professor Howe was toastmaster of the evening.

BACK FROM MEETING

Faculty Members Attend Regional Conference in Portland.

Faculty members who attended the regional educational conference held at Portland, Saturday December 4, report a very successful meeting. According to F. L. Stetson, professor of secondary education, Dr. P. P. Claxton, United States commissioner of education, said the conference was the best of the series of regional meetings he has attended this year.

Men of the faculty who were in attendance at the meeting are: President P. L. Campbell, Dr. John Straub, dean of men, Dr. E. W. DeBusk, head of the department of educational psychology, Dr. C. A. Gregory and F. L. Stetson, professors of education.
