UNIVERSITY OF OREGON, EUGENE, OREGON, Friday, January 14, 1921.

NO. 58.

## SHERWOOD EDDY TO DELIVER MESSAGES TO STUDENTS TODAY

Noted Speaker To Address Two Student Meetings While On Campus.

WASHINGTON STUDENTS TENDER BIG OVATION

Assemblies to be at Four and Seven o'clock; Late Classes Excused.

No 4:15 classes will be held today, in order that everyone on the campus may be free to attend the special assembly this afternoon.

Sherwood Eddy, noted Y. M. C. A. speaker, is to speak at Villard at 4:00 o'clock this afternoon and again at 7:00 o'clock tonight. The faculty has granted him the 4:00 o'clock hour in recognition of his standing among public service workers of our country. Every student and every faculty member are urged to be there. Three thousand University of Washington students heard his message Monday at Seattle and gave him one of the biggest ovations ever accorded an assembly speaker. Oregon can't produce 3000 students, but it can give Eddy the biggest welcome ever.

Dr. Eddy's address at the afternoon assembly will be on "The Challenge of the Social and Industrial Problem." At the close he will be the honor guest at a dinner given by the cabinet members of the Y. W. C. A. and the Y. M. C. A., following this he will speak again at 7:00 o'clock and after the meeting an informal reception will be held in the bungalow and an opportunity will be given for all of the faculty men and women students in the University to meet Mr. and Mrs. Eddy. Ollie Stoltenberg and Florence Furuset are in charge of the reception and it is urged that all University women attend.

Tea for Mrs. Eddy. Dr. Eddy and his party will arrive in Eugene on the 1:50 P. M. train, and will be met by members of the faculty. Mrs. P. L. Campbell will entertain Mrs. Eddy with a tea at which the visiting editors' wives will be present.

The work of Sherwood Eddy for the last 25 years is known equally in the student world of Asia, Europe and America. Mr. Eddy is a western man, born in Kansas. His mother went to school with Buffalo Bill in the early Wild West days among the first settlers of the West. As a graduate of Yale and a post-graduate student of Princeton he also knew college life in the East.

His travel for years among American colleges has acquainted him with all phases of American student life. Those at Des Moines will remember his breaking away from the subject assigned him on the Far East to grapple fearlessly with the big social problems confronting America and the students of today. They will recall the fifteen hundred students who went to a neighboring building to ask questions of Mr. Eddy, and how, for two hours, he replied in the rapid fire of his frank and fearless answers on the moral, religious, social, industrial and political problems of the day.

Modern Man in Every Way. His more than 20 years experience among the students and leading men of Asia and his work among followers of all of the world's great faiths and religions, as well as among students under the spell of materialism and skepticism in Europe, has broadened his vision and sympathy for men. Although for many

## SUMNER TO SPEAK HERE

Bishop to Make Annual Visit to Campus During Next Week.

Bishop Walter T. Sumner, of Portland will make his annual visit to the campus next Monday, Tuesday, and Wednesday and will address the student body at a special assembly Monday, January 17. The subject of the Bishop's address will be announced later.

Student groups wishing to invite Bishop Sumner to their homes for luncheon, dinner or other engagement should see either Dean Fox or Mr. Outhank at once, the latter of whom has charge of the Bishop's schedule and will make all arrangements for his three-day visit to the campus.

## Noted Speaker Who Will Lecture Today

SHERWOOD EDDY.

## S. A. E. TEAM SCORES ON KAPPA THETA CHI

Fijis Beat Friendly Hall By 20-8 Score.

Team	W.	L.	Pct.
Fiji	12	1	.923
Kappa Sigma	8	1	.888
Kappa Theta Chi	8	3	.727
S. A. E.	8	3	.727
Beta	8	4	.666
Bachelordun	8	4	.666
Sigma Chi	7	5	.583
A. T. O.	6	6	.500
Delta Tau	6	6	.500
Sigma Nu	4	5	.444
Phi Delt	4	8	.333
Friendly Hall	3	10	.230
Oregon Club	3	10	.230
Delta Theta Phi	0	7	.000

The Sig Alphas sprang a surprise on campus dopesters when they scored a 20-2 victory over the highly rated Kappa Theta Chi five, while the Fijis in a rough and tumble contest put Friendly hall below back 20-8 in doughnut basketball.

Usually brilliant in their play, Kappa Theta Chi was apparently unable to get under a full head of steam against the aggressive S. A. E. quintet. Say at forward for the Kappa Chis making the single field goal registered by the losers. Kays, forward, and Liebe, guard, for the winners played brilliant ball in their respective positions, each man being credited with three field goals. Moore, forward, and Ford, center, looked good for the Sig Alphas.

The line-ups: Kappa Theta Chi—2 S. A. E.—20 Say 2.....F.....Kays 8 La Londe.....F.....Moore 4 Zimmerman.....C.....Ford 2 Ross.....G.....Henderson Lowden.....G.....Liebe 6

In the struggle between Friendly hall and Phi Gamma Delta, Wagner, forward for the dorm men, played a stellar brand of ball throughout, and Jones succeeded in slipping in two field baskets from his position at guard. For the victorious Fijis, Alstock, forward, was the big point getter, ringing six field goals. Gore, guard, also played excellent ball, shooting two baskets.

The line-up as follows: Friendly hall—8 Fijis—20 Mercier.....F.....Knudsen 2 Wegner 2.....F.....Alstock 12 Lucas 2.....C.....McMillan Adams.....G.....Gore 4 Jones 4.....G.....Houston 2

Owing to other student body activities there will be no more doughnut basketball this week.

## BOXER'S RIB CRACKED.

Edwin Kirtley, one of the four men selected by Charles Dawson, boxing instructor of the University, to compete against Multnomah Club, January 28, at Portland, suffered a cracked rib Wednesday evening while practicing for his bout. According to Dr. Sawyer, Kirtley will not be able to box for several weeks.

## 60 NEWSPAPER MEN EXPECTED HERE FOR CONFERENCE TODAY

Editors From All Districts of State to be on Campus For Two Days.

FIRST SESSION TO BE AT NINE THIS MORNING

Meeting Sponsored by School of Journalism Each Winter Term.

Newspaper men from every section of the state, from Baker on the far eastern border to St. Helens on the west and from Portland to Grants Pass, are for two days guests of the University of Oregon through its school of journalism at the Third Annual Newspaper Conference. The advance guard of the scribes arrived early yesterday, and when the conference opens in the journalism building at 9:00 this morning with Col. Carle Abrams, of the Salem Statesman, presiding, Dean Eric Allen of the school of journalism estimates that there will be 60 or more newspaper men in attendance. Among these will be numbered some of the most influential men in the state.

According to Dean Allen the prospects are for the best conference Oregon ever had, and the program is the best and strongest yet prepared for any of the conferences. Salient points regarding the Oregon newspaper law, foreign advertising; the legal advertising rate and printing costs and prices are some of the topics on which there will be papers and discussions. A banquet will be held at the Osburn hotel at 6:30 o'clock this evening.

## Editors Coming.

Among the editors who have sent in notification that they expect to be in attendance at the first day's session of the conference are: Edgar B. Piper, editor Oregonian; Captain W. S. Stott, managing editor Telegram; Herbert J. Campbell, assistant managing editor Telegram; Captain Philip Jackson, associate publisher Oregon Journal; Don Sterling, managing editor Oregon Journal; Hugh D. Mars, editor Jefferson Review; Ralph R. Cron-

(Continued on Page 4.)

## CONCERT COMPANIES TO FORM ON CAMPUS

Students Will Give Entertainments in Small Towns Over State; Best Talent Used.

Plans for the forming small concert companies to represent the University in giving entertainments in towns of the state which are unable to support the larger organizations, are being worked out by Dean John J. Landsbury, of the school of music, and the extension division.

These companies will be recruited from the best of the University talent and will make trips over the state giving entertainments in the towns at which the orchestra and the glee clubs do not stop. The main idea in sending out these companies is that of public service, said Dr. Landsbury, in discussing the new project. The little towns deserve as much as the larger ones to be allowed to hear University attractions as much as the larger ones.

If this plan is worked out it will be of great advertising value to the University, the dean continued. Towns will be reached that can in no other way be touched.

Then there is much experience to be gained in that way that cannot be got on the campus because of lack of room, Dr. Landsbury concluded. It will give students many more chances to appear in public.

The plans are not complete as yet, but it is expected that they will be worked out soon.

## BISHOP TO BE ENTERTAINED.

A dinner in honor of Bishop William O. Shepard will be given Sunday evening at 5:30 at the Methodist church, by the Methodist students of the University. This is being planned so that all students may have a chance to meet the Bishop and talk informally with him. Katherine Watson, president of the First Chapter Epworth League is in charge of the arrangements. All Methodist students are urged to be present.

## Oregon Varsity Tossers to Play Chemawa Indians Tonight; Hard Game Is Expected at Armory

The two games with the Chemawa Indians slated for tonight and tomorrow night will be the first to be played by the varsity five on the new Armory floor, the plan of using the Armory having been recently decided upon. In the opinion of the coaches and managers, the new plan will probably serve to interest a great many more townspeople in basketball and will assist in swelling the gate receipts.

Assistant Manager Jack Benefiel announces that the games will be called promptly at 7:15 o'clock on both evenings and the doors will open at 6:30 sharp. It will not be necessary to present the student body tickets at these first two games but the next game will be considered as the third in order on the tickets.

New bleachers have been secured for the Armory and there will be plenty of seating capacity to take care of the crowd, no reserved seats will be held with the exception of a section for townspeople who wish to witness the game.

Officials for the game have not been announced as yet, and these will be decided upon today. The Indians are coming with a strong aggregation this year and will no doubt give the varsity a hard race for the honors. At last reports last night it was doubtful whether 'Nish' Chapman would be allowed to play in the game tonight. Chapman's case is still before the faculty and no definite decision has been reached as yet.

The probable line-up for tonight will be the same as that used against Multnomah Club in Portland last week, Durmo and M. Latham at forwards, H. Lathas at center and Reinhart and Beller at guard. The entire squad will no doubt have a chance to get into the game and Coach Bohler will probably give some of his green material a chance to show what they can do.

A little over a week remains before the opening of the conference schedules and everything possible is being done to whip the team into first class shape before the games with Washington State College to be played at Whitman on the 25th of this month.

## TELEPHONE SYSTEM USED ON GRIDIRON

Coach Huntington Discusses Latest Football Freak.

Cambridge, Mass., Jan. 12. — Harvard's football strategy in important games for several years has been developed in part over telephone wires while the games were in progress, it was learned today. In the games with Yale and Princeton for the last two years, the game with Centre College last fall and in the inter-sectional game with University of Oregon at Pasadena a year ago, Crimson coaches perched on the top of the stands, telephoned criticisms and suggestions to supplement the side line observations of Head Coach Bob Fisher. In the game at Pasadena the Crimson's coach wire was set up by linemen of the telephone company at that place and reports have come east that the University of California used a similar system in its post season game with Ohio State University two weeks ago.

In commenting on the above Associated Press report last evening, Coach "Shy" Huntington of the Oregon eleven which met Harvard at Pasadena last year, said that he believed it easily possible for the Harvard coaches to use such a system.

While Coach Huntington was in the south this winter where he witnessed the California-Ohio State game he heard a number of rumors about the telephone system which Harvard is reported to have used. He made no statements in regard to the reports however until the Associated Press dispatch of yesterday. There are no rules which bar a team from using such methods in a game, although a code of ethics might agree that such a system would hardly be in accord with good sportsmanship as it is supposed to be practiced among colleges.

## BANDITS THRILL GIRLS

Five Musical Desperadoes "Hold Up" Sorority Houses.

Real thrill waves followed in the wake of the five desperadoes who entered sorority houses on the campus Wednesday night, masked completely with hectic bandanas and armed to the teeth with leveled jack knives. While one of the gang kept his eye and his gun on the girls the rest grouped themselves about the piano and with the aid of that instrument, a banjo and a violin, they proceeded to produce tickling syncopation as an accompaniment to their vocal efforts.

The suddenness of their entrance was as naught to that of their exit and the bang of the door behind them left excited girls shrilling wild "Whos?"

The pink cheeks of the banjo player and his rain-wet marcel furnished a clue, however, to the identity of the gang. It was only the Phi Delt's out playing around as a feature of "exchange dinner night" among sorority houses on the campus.

## LOVE, NATURE, WORK GOD, TO BE HAPPY SAYS DR. SHEPARD

Flies, Fleas, Elephants Add To Interest Is Bishop's Assembly Message.

"GET OFF FENCE AS TO PHILOSOPHY OF LIFE"

Love of God Greatest of All; Glee Club Numbers Much Enjoyed.

Love nature, love your work and love God if you would be happy is the advice of Bishop W. O. Shepard who addressed the student assembly at Villard hall on Thursday. Bishop Shepard is the Methodist Episcopal bishop of the Northwest division, which includes Alaska. He was introduced by President P. L. Campbell and greeted by a large and appreciative audience.

The Bishop admitted at the beginning that we can not be perfectly happy because this is not a perfect world but continued that if one is not reasonably happy it is his own fault.

"Too many of us keep our eyes in the dust made by our feet," and "You can see as much with a microscope as with a telescope" were some of the expressions that he used in urging the students to cultivate a love of nature as an aid to happiness.

## Depression Wondered At.

What with the wonderful world of nature about him to "feel at home in" and at which to marvel Bishop Shepard wondered that any man could feel depressed for long. Fundamental principles of science and natural processes are here to be enjoyed by all, he said, as he talked fancifully of bits that attracted his attention, coloring the whole with observations on flies, fleas, elephants and other things.

If you would be happy you must find joy in your work, forget the idea of material gain as an incentive and work for the joy of working and to be of service.

"You must get off the fence as to your philosophy of life if you are to find happiness." The love of God is the greatest of all factors in human life and is more and more being appreciated as such. If young people would, early in life, take a definite stand on moral issues greater happiness would be the result.

## LOCAL BANKERS STUDY

Folts of Commerce Department Hold Classes for Business Men.

Under the direction of Franklin F. Folts of the commerce department classes in banking are being held for the local chapter of the American Institute of Banking. These classes are part of the extension division of the University and are given upon the request of local bankers who make up the class membership. All phases of banking and banking problems are studied.

The success of this, Mr. Folts said, would open up a wide field for further work along this line by the commerce department. "If classes in banking are successful," said Mr. Folts, "I see no reason why classes in salesmanship, accounting or any other courses might not be given for local business people."

From the standpoint of attendance and enthusiasm the first class held Wednesday night was a success. I only wish that my classes in the University were as interested," said Mr. Folts.

## NEWTON ESTES WEDS

1920 Graduate Takes Hazel Phillips, Springfield, for Bride.

Word has just been received on the campus of the marriage of Newton J. Estes, a graduate with the class of 1920, and Hazel Phillips, formerly of Springfield, Oregon. The wedding occurred October 23, 1920 at Lewiston, Montana, where Mr. Estes is getting practical experience in the field of oil geology.

While at the University Estes was enrolled in the department of geology under Professor Warren D. Smith. He was prominent in athletics, being one of Oregon's best high jumpers. He was a member of the Order of the O.

Last summer Estes spent in the University geological camp at the Gold Ray mines near Medford, Oregon. He writes that he likes Lewiston very much but would like to be back at Oregon.

## STUDENTS TO DIRECT GAMES OF CHILDREN

Eugene Boys and Girls To Play in Women's Bldg.

Tomorrow morning the classes in playground supervision begin their practice work, and a great number of the children of Eugene will be given a chance to play in the new women's building. The work is conducted under the supervision of Miss Cummings and Miss Waterman, but will be so organized that each member of the class will be given a chance to get practical work in the supervision of all kinds of playground activities.

The morning of play will begin with fifteen minutes of general apparatus work in the big gymnasium for all the children, after which they will be divided into three groups; the larger girls, the larger boys, and the little children. The little ones will be entertained by story telling and a few simple games. The older girls will have folk dancing, games and swimming, and the boys, games, track work and swimming.

The work will be under the general supervision of a different member of the class each Saturday. Working directly under her, will be the heads of the different groups, who in turn will supervise the work of her three assistants. Each girl will be given a chance to do each kind of work, some time during the term.

The following girls are members of the playground class and will be in charge of the Saturday morning class: Florence Furuset, Emma Jane Garbade, Myrtle Magerle, Elsie Hildebrand, Carolyn Cannon, Lois Barnett, Geneva Stelno, Grace Tigard, Margaret Russell, Echo Baldaree, Alice Evans, Mildred Apperson and Eleanor Spall.

## H. DONNELLY ENGAGED

Y. M. C. A. Secretary on Campus to Wed Beatrice Wetherbee.

The cat was let out of the bag last night when the news of the engagement of Miss Beatrice Wetherbee and Hal Donnelly, secretary of the campus Y. M. C. A. and state student secretary, was announced at an informal dinner party at the F. R. Wetherbee residence.

Miss Wetherbee expects to graduate from the University in June. She is a member of Kappa Alpha Theta and has been active in Y. W. C. A. and campus work during the past four years.

Mr. Donnelly is a graduate of Princeton and has been active in Y. M. C. A. work throughout the country. For the past two years he has been Northwest student secretary of the Y. M. C. A. and accepted the position as secretary of the campus Y. this year.

The couple expect to be married some time this summer.

## STANFORD TO HAVE SOCCER.

Stanford University is to have a series of intramural soccer games during the winter quarter.
