

BASKETBALL SEASON FOR FROSH IS HEAVY

Games Every Week Until March Scheduled.

The freshman basketball schedule for this season is to be much longer than ordinarily arranged for the first year men according to assistant graduate manager Jack Benefiel who is making the arrangements. Benefiel has games already arranged for every week-end until March 1, including two trips to Portland. He is also trying to arrange another trip to St. Helens to meet that high school.

The first matches will be played with Roseburg high school this week-end. A game will be played on both Friday and Saturday afternoon here. The following week the team will make a trip to Portland and will play Franklin high school there. The Franklin high men are reported to have a good organization this season, and in an early season game defeated the Lincoln high of that city by a score of 47 to 9. The rooks will send their team over to play the frosh on February 4 and 5. The following week-end the Oregon men will travel to Corvallis to play the Aggies on their home floor. The frosh make their second trip to Portland, the week-end of February 18 and 19. On Friday night they will meet Franklin high school and on Saturday they will take on the Multnomah Club intermediates. The last week-end in the month Washington high school of Portland will make the trip to Eugene to play the babes. Washington will also put a strong team in action in the interscholastic league this year according to report. Benefiel is trying to arrange one more frosh trip for the week-end of March 4 and 5 to play St. Helens. He also plans to play games with Pacific University and a return game with Washington at this time.

The freshmen are putting up a better than average brand of basketball this season from the looks of the team in the first games. They have the advantage of being coached by a former varsity basketball coach, "Shy" Huntington. In the game against Eugene high school played here last Saturday the frosh won by a score of 30 to 12. Huntington tried as much of his new material as possible in the game to see what men were best suited for the various positions. Rockey and Altstock were started at forwards. Later Gram was sent in. Chapman and Gore were the starting guards with Edlund as a relief. Bill McMillian held down the center berth to start and was relieved by Kinney. A number of other men were used.

Huntington has a lot of good material out for the team now and should be able to develop an effective scoring machine.

MILITARY TO USE SLIDES
Stereopticon Will Soon Be Added To R. O. T. C. Equipment.

Major Baird announces that the military department will soon have a stereopticon and that illustrated lectures will be given on all military subjects. The department has procured about 70 slides. These slides deal mainly with musketry and topography; but the major hopes to be able, in a short time, to have a complete set of slides dealing with all phases of military training. It is the opinion of Major Baird that an increased efficiency in the work will result from the adoption of this system.
