VOLUME XXII.

UNIVERSITY OF OREGON, EUGENE, OREGON, THURSDAY, FEBRUARY 3, 1921.

NO. 72.

ALPHA PHI LEADS FOR FALL TERM IN GRADES; DELTA GAMMA 2ND

New Scholarship Requirement Is Shown By Lowered General Average.

AVERAGE OF MEN IS 3.9 AND WOMEN MAKE 3.31

Report Indicates That House Rules Are Good Thing Scholastically.

With Alpha Phi sorority leading the field with 2.92 and Beta Theta Pi at the bottom with 4.32 the tri-yearly announcement concerning house grades was made yesterday at the registrar's office.

The tightening up of the scholarship requirements is shown in the general average which is only 3.605 as compared with 3.52 for the spring term and 3.42 for the winter term last year.

The average for men's houses is 3.9 as compared with 3.31 for women's houses. Women's averages last spring were 3.27 and the men's, 3.74.

Men's Houses Low.

The fact that the first men's house to appear on the list is down in tenth place seems to indicate that house rules are a good thing scholastically. Several houses among the fraternities report that stronger rules will be enforced in regard to grades than ever before.

University officials report that the work done during the fall term was just as good quality as before but the fact that the new system has made it harder to obtain high grades is the cause of the downfall of the general average.

Averages were obtained by the following system: Honors counted zero; one as one; two as two; three as three; four as four; five as five; condition as six; failure as seven.

Men's houses slipped down the scale much worse than the girls as last term a men's house, Friendly hall, appeared sixth in the list. Friendly had seventh place during the winter term one year ago.

Complete List Given.

The complete list showing grades and standings of campus organizations is as follows:

1. Alpha Phi	2.92
2. Delta Gamma	3.01
3. Alpha Delta Pi	3.02
4. Kappa Kappa Gamma	3.07
5. Hendricks Hall	3.12
6. Gamma Phi Beta	3.13
7. Kappa Alpha Theta	3.15
8. Sigma Delta Phi	3.16
9. Pi Beta Phi	3.18
10. Phi Delta Phi (Law)	3.31
11. Friendly Hall	3.41
12. Thacher Cottage	3.43
13. Haley Cottage	3.53
14. Delta Delta Delta	3.55
15. Kappa Theta Chi	3.59
16. Chi Omega	3.61
17. Chi Psi	3.71
18. Sigma Nu	3.78
19. Delta Tau Delta	3.79

YE TOY GOOD SPORT SAY SIGMA NU MEN

Deceased Cook Leaves Life Savings To Countryman Student in San Diego.

The life savings of Ye Toy, Chinese Freemason member of the Otti King tong and for the last five years cook at the Sigma Nu fraternity, were left to a young student, a fellow-countryman, who is studying in a school at San Diego, California, to become a missionary. This fact became known following the death of Ye Toy last Friday. The giving of the money, which amounted to \$150, and the fact that Toy used to sing church hymns frequently as he worked, have led to the belief that he was a Christian.

"He was a good sport," said one of the Sigma Nu men, yesterday as he related in a low voice the few facts known about the deceased cook. "He was the most devoted cook we ever had. He was considerate about our welfare and was always trying to save in order to cut down our house expenses."

Toy, whose funeral was attended by nearly every Chinaman in Eugene, and by milkmen and ice-men with whom he had business dealings at the rear door of the fraternity house, was 53 years old. He came to this country with his uncle when he was seven years of age. During his residence in the United States, he roughed it in early-day mining camps, owned a restaurant in Ashland and lived in San Francisco for many years. He had been cook at the Sigma Nu house since 1916.

The range of Toy's acquaintances was not limited to the Sigma Nu house. At times when he would be down-town without money he would drop into Obak's cigar store and ask the proprietor to advance him a few dollars. "Gimme twenty-five dollars," he would say. "Pay you back bymby." And he always got his request.

SHELDON TO SELECT TOPICS FOR INQUIRY

Dean of Education Will Give Report at Meeting of State Teachers.

Dean H. D. Sheldon of the school of education has been elected chairman of the committee appointed by the State Teachers' Association to select subjects for investigation at the next annual meeting. About 2000 teachers attended the convention, which is held in Portland during the Christmas holidays every year.

The committee on investigations, which reports at each annual meeting, plans investigations dealing with such subjects as teachers' salaries, pensions, and tenure, and such problems as thrift in schools, and retardation of school children. The committee for this year consists of: Dean H. D. Sheldon, chairman; Superintendent R. L. Kirk, of the Dalles; Miss Katharine Arbutnot, of Monmouth Normal School; Miss Susan Holmes, of Jacksonville; Miss Harriet Thayer, of the Couch School, Portland, and Professor E. T. Reed, of O. A. C.

"A close connection is maintained between the State Teachers' Association and the University school of education,"

FOOTBALL SCHEDULE BEING ARRANGED BY GRADUATE MANAGER

Settlement of Controversy Over Coach Clears Way For Action.

GAME WITH BEARS WILL BE PLAYED OCTOBER 29

Location Not Fixed; W. S. C. To Be Met Nov 5; U. of W. Mix Unlikely.

Now that the coaching situation has been settled, graduate manager Marion McClain is proceeding with the arranging of the varsity football schedule for the coming season. Nothing has been done since the first meeting of the athletic council placed Oregon's attitude towards the "Big Three" in doubt. The coaching situation also held up arrangements, as McClain was waiting to see what the attitude of the new coach would be, and what games he would be willing to play.

It is certain that Oregon is to play California next year on October 29, although the location of the game has not yet been arranged. California wants the game in Berkeley, and desires to play W. S. C. at Pullman. She wants to make only one northern trip, and if Washington State and California agree on the Pullman date, it is likely that Oregon will go south to meet the Bears.

Washington State wants Oregon to go north to play them this year, but McClain is holding out for a game either here or in Portland, because if the trip is made to Berkeley to play California, he figures that the varsity may be in poor condition to play the Cougars. The date of the game is tentatively announced as November 5.

It is unlikely that Oregon and Washington will mix on the gridiron next season. Oregon has but one open date left, November 12, and Washington has that filled, so an agreement between the two state schools is unlikely. An early season game is not favored by either institution.

Another game which seems likely to go through is with the University of Southern California, on November 11, Armistice day. McClain wants to play the game in Portland, as the varsity went south to play the Trojans last year. But little has been heard from U. S. C. in regard to this game, however, and nothing definite is announced.

O. A. C. will be met in the annual Homecoming game here next year on November 17. A post-season game is also being dickered for by McClain.

CREDIT FOR RELIGIOUS COURSES NOT FAVORED

Faculty Committee Favors Work But Not As Part of Regular Curriculum.

The committee appointed at the faculty meeting of December 2 to consider credit for work not offered under the auspices of the University, and specifically credit for courses in religious instruction, has drawn up the following, which it recommends to the faculty for adoption:

1. It is a clearly recognized principle that the University can give no credit toward its degrees for any work that it does not itself offer for credit, or which it does not consider a proper part of the curriculum of a state-supported higher educational institution.

RESOLVED, That the faculty sympathizes with the desire of religious organizations that their students who are here be stimulated in their religious life; and invites them to offer courses in religious instruction, which instruction, however, must necessarily be outside of University auspices and without credit toward the University's degrees.

JAMES D. BARNETT,
R. H. WHEELER,
M. H. DOUGLASS,
WALTER C. BARNES,
COLIN V. DYMENT, Ch.

Mr. Douglass dissented from Resolution 1.

The entire faculty will consider this report at the regular meeting this afternoon.

On With the Dance; But Let It Be Exceedingly Proper

The Dance, as it is properly executed—this was the purpose of a class held in the Women's building last night, sponsored by the department of physical education and personally instructed by Miss Katherine Winslow.

Representatives from the men's and women's houses were present, and received instruction in what is known as the West Point system.

Correct dancing posture was demonstrated by Miss Winslow. An interval of ten inches, dependent of course upon the relative size of the dancing partners, is one of the signal features of the system as shown by the instructor.

Under the new code, the man's right hand should be placed lightly upon the woman's back, and the right elbow held at a position conveniently high. The man's left arm and consequently the woman's right, should not be bent toward the body, but extended away at the nearest to a straight line allowed by comfort.

The proper place for the woman's left hand is above the man's right shoulder.

The position wherein the woman looks over the man's left shoulder, is not desirable, according to Miss Winslow, who

extolled the benefits to east in leading, if a position were maintained wherein the girl could easily glance over the man's right shoulder.

The method of dancing in conformity with the rules presented last evening, requires a straightness of stature, and a slight swaying when in motion, as was demonstrated by the instructors.

After the first instructions in the West Point system, the students danced, in order to practice the decollet method. Dances of this nature are to be held in the future in order to educate the men and women in the proper method of shaking a hoof. Those present last evening are expected to carry the message home to the members of their respective houses.

The dancing classes are to be held as part of the movement to eliminate such steps as the "camel" walk, and others. Check dancing and correspondence school methods are banned. It is hoped by those sponsoring the affairs that they can revive the more proper dignified steps of some years ago, and stimulate an interest in the light fantastic as she should be done.

ALTHOUSE CONCERT COMMITTEE NAMED

Students to be Allowed Special Reductions.

Appointments to the committee in charge of the ticket sales for the Paul Althouse concert, to be given on the evening of Thursday, February 10, under the auspices of the Oregon Music Council, have been announced by Glen Morrow, sales chief for the council.

Those on the committee are Vincent Engledinger, Benlah Clark, Leona Masters, Leola Green, Wayne Akers, Chas. Huggins, Lois Hall, Margaret Dickover, Florence Garret, Marvel Skeels, Fredrica Schilke, Ralph Hoerber, Ralph Poston, Joe Ingram, Crescene Farris, Harris Ellsworth, Maurice Eben, Gertrude Tormoen, Margaret Phelps, Alberta Potter, Florence McGilvray, Genevieve Clancy, Carl Newbury, Nelson English, Carpenter Staples, Mrs. Anna L. Beck and Madame Rose McGrew.

Other members will probably be added to the committee soon.

A reduction of 50 cents on either reserved or general admission tickets is to be made to all holders of student body tickets. In order to make it unnecessary to bring the student body tickets to the concert a system has been worked out whereby the student will merely sign his name on the back of the ticket. It will be necessary for the name to be signed, said Morrow, otherwise the reduction will not be given. A check on the sale cannot be made unless the tickets are signed.

Prices of tickets will be \$1.75 for reserved seats and \$1.50 for general admission. Prices for the students will be \$1.25 and \$1.00.

COMPANY C IS HIGHEST

Men Under John Gamble Score 711 Out of Possible 808 Points.

Co. C, commanded by Capt. John A. Gamble, has been named honor company of the local R. O. T. C. battalion for the month of February. In addition to the title of honor company, Company C will have the privilege of being color company for the same length of time.

An examination was held Friday to determine the honor company and Company C scored 711 out of a possible 808 points.

The work of the companies has been on a competitive basis for the first time this term. They have been graded in proficiency in marching, the manual of arms, and the individual appearance of its members. Work on the rifle gallery in the barracks has been taken into consideration in making the award.

MONEY ASKED FOR ART.

The Ann Arbor Art Association of the University of Michigan has requested to board of regents to set aside annually \$1,000 for the use of the association. The money will be used to finance art lectures and exhibitions.

ART STUDENTS PLAN SCULPTURE SOCIETY

\$10 Prize Offered for Lunette By Dean to be Equalled.

Students interested in forming a sculpture club met Tuesday afternoon in Professor Avarad Fairbanks' studio. Lyle Bartholomew, temporary chairman, presided over the meeting. Plans concerning the entertainment of the president of the American Institute of Architecture and his party, who will be on the campus February 9, were discussed and an exhibition committee appointed.

The students under the direction of the competition committee are planning upon equalling the \$10 prize offer of Dean Ellis F. Lawrence, of the school of architecture and allied arts, for the best lunette to be placed over the north doorway of the new quarters of the sculpture department. This \$10 is to be divided into three prizes, a second third and fourth prize. The second is to be \$5, the third, \$3, and the fourth, \$2.

This competition, according to Professor Avarad Fairbanks, of the sculpturing school, is mainly for ideas to be carried out either in pencil or clay and promises to be very keen.

The following are the committee of students interested in sculpture, appointed by Lyle Bartholomew: Competition committee, Mona Logan, Lucy Vander Sterre, Arnel Butler; Exhibition committee, Beatrice Morrow, Guy Koeppe, Lucile Garber, Florence Hartman, Kenneth Smith; Committee for rules perfecting an organization of a sculpture club, Carl Vonder Ahe, Margaret Rodgers, Eunice Zimmerman.

EUTAXIAN CLUB ELECTS

Alice Hamm Made President of Woman's Literary Society.

Alice Hamm was elected president of the Eutaxian literary society at the regular meeting of the club Tuesday evening in the Y. M. hut. Other officers elected were: Ruth Griffin, vice president, Jessie Thompson, secretary; Mildred Hall, treasurer; Nell Southworth, sergeant at arms; Emily Veazie, publicity, and Irene Whitfield, critic. These officers will hold office until June.

A short program about the literary people of Oregon was given. This was in the form of a general discussion of Oregon's authors and poets, and something about these people was contributed by each member present.

HISTORY TO BE WRITTEN.

Professor Walters C. Eeels, grandson of Cushing Eeels, founder of Whitman College, and president Stephen B. L. Fenrose of Whitman have undertaken to write the history of the college and are now at work on it. It is expected to publish a volume of about 400 pages during the summer months. The book will be copiously illustrated with pictures showing the institution in its successive stages of development, and various student organizations, old and new.

GAME WITH AGGIES TO DECIDE OREGON'S CONFERENCE RATING

Two Wins Over O. A. C. Quint Will Place Lemon-Yellow at the Top.

COACH BOHLER LOOKING FOR MIGHTY STRUGGLE

Number of Rooters Expected to Accompany Team On Trip to Corvallis.

If Oregon can win the two games against the Aggies this week-end in Corvallis the position at the top of the percentage column in the Northwest conference race will be pretty safe. The four wins in the Northwest conference has placed Oregon at the top and with two more over the Aggies the position will be practically cinched to the lemon-yellow quintet, especially as all the games have been played away from home.

Coach Rutherford of the Aggies is putting his team through a stiff practice schedule because it is a well known fact that he is very anxious that his team defeat Oregon, more especially so. Rutherford is also football coach at the agricultural school. Stinson and Arthur will no doubt form the combination forward for the Aggies although it was this combination which played the games in the south which proved disastrous for the Beavers. Stinson is a consistent point getter and Arthur ways manages to get his share of the baskets.

Pitted against "Hunk" Latham at center will probably be Sanders, while Hubbard and Arthur Ross are reported to be the guard combination which will attempt to hold Durno and Marc Latham from getting in close range of the baskets.

Coach Bohler is taking no chances on the Aggies and the only game in which he has been able to watch their work was the Willamette game in which they failed to show any real work, and he is unable to work out a defense to meet their style of play. He is not making any predictions as to the outcome of the game but is working his entire staff out tonight and sent the bunch through a scrimmage practice last night, the first they have had since they returned from the north.

It is expected that a number of rooters will accompany the team to Corvallis for the games, Friday and Saturday night.

R. O. T. C. RIFLE TEAM TO COMPETE FEB. 11-12

Men Picked to Represent Oregon For Coast Championship By Major Roland.

The rifle teams representing the University of Oregon in the Pacific Coast Championship competition will shoot Friday and Saturday, February 11-12, on the indoor range. A schedule will be published later, showing exactly when each man is to report at the gallery range to shoot his score. There will be two teams, each consisting of ten men. Each man will fire forty rounds of ammunition. Connolly targets will be used.

A tentative selection of teams, based on scores to date, has been made as listed below. However, Major Roland, range officer, says, "This does not mean that changes in the line-up will not be made up until the last minute, where scores made during the next nine days indicate an error in selection. All the men named are requested to practice as much as possible."

First Team.	Second Team.
Robertson	Ston
Gant	Latham
Mortimer	Godwin
Anthony	Lewis
Lasselle	Veazie
Homewood	Lynn
Hurd	Nesterin
Lemon	Vallejos
Durham	Olsen
Eby	Taylor

HONOR SYSTEM ADOPTED.

The senior class of the University of Michigan has voted unanimously to adopt the honor system. This system included the signing of pledges not to give or receive aid during examinations.

All "O" Sweaters Worn Today; Order Elects Officers

Today is "Letter Day" on the campus, which means that every large blue sweater with a lemon-yellow "O" in front will be worn by its owner. Such was the decision of the "Order of the O" at a meeting last night when re-organization took place.

"Spike" Leslie, two year letterman in football is the newly elected president. The other officers which were elected are: Vice president, Francis Bellar; secretary-treasurer, John Houston, and sergeant-at-arms, "Scotty" Strachan.

Every member of the "Order of the O" will meet in front of the library this morning and march down "Hello" lane to assembly. It is planned to make "Letter Day" a permanent institution. Initiation of the new letter men into the athletic order will take place a week from Friday on the occasion of the first basketball game with O. A. C. At that time the Armory will be the scene of the application of the famous "Oregon persuader," and other means of impressing

upon the neophytes the gravity of the situation.

A complete reorganization has taken place, and the wearers of the big "O" are to take upon themselves some of the responsibilities of the maintenance of the Oregon traditions.

The organization will co-operate with Fra-tra-co, or freshman traditions committee in the enforcement of some of the oft forgotten Oregon customs.

Henceforth when the brilliant young high school star walks the paths of the University campus, with a prep school letter as an adornment the "Order of the O" will make itself evident.

Plans for a dance to be given in the near future were made, and committees appointed to cover the details.

It is planned to assist the University in the matter of the entertainment of members of visiting athletic teams; as the members of this organization are better acquainted with these men than anyone else.
