

TEAM IN TOP NOTCH SHAPE FOR HARDEST CONTEST OF SEASON

Coach and Eddie Durno Expect Hard Game With Aggies Tonight.

"DON'T BAIT REFEREE," RECOMMENDS BOHLER

Both Line-ups Remain Same; 2500 Can Be Seated; Bands Will Play.

With the team in the proverbial pink and primed for the battle and 1500 rooters anxiously awaiting the referee's starting whistle, the opening conference game to be played at Eugene will begin promptly at 7 o'clock tonight. The Corvallis quintet is expected to arrive by train this morning, while the majority of the rooters for the orange and black will make the trip in cars tonight before the game.

Coach Bohler is not expecting an easy game with the Aggies and repeated his statement last night that the Corvallis five is the hardest team to beat that Oregon has met this season. Both Captain Durno and Coach Bohler are of the opinion that the game will be one of the hardest fought so far this season. The Aggies are determined to vindicate themselves for the defeats they suffered at the hands of Oregon last week, and Oregon is equally as anxious to repeat the dose as administered before.

Many Seats Provided.

Seating arrangements have been completed at the Armory and the men will be seated downstairs in the bleacher seats while the women will take the gallery. A new set of bleachers has been installed downstairs. The total capacity as it now stands would take care of 2500 people, and it is expected that fully that many people will be in attendance.

The game will be promptly at 7 o'clock, the doors not opening until 6:30 o'clock. The R. O. T. C. band and the Order of the "O" will occupy the center of the bleachers on the side of the court, while the first few front rows of seats have been reserved for townspeople. Assistant graduate manager Jack Benefield, said last night that it would be necessary to hold these reserved seats even after the start of the game as they have been sold to the townspeople. A section of the bleachers has also been reserved for the O. A. C. rooters to the left of the center.

Students will be required to present their student body tickets at the doors in order to gain admission. "No pigging" was the final edict of yell leader Keeney last night.

Sportsmanship Desired.

Coach Bohler remarked last night that he hoped that the Oregon students would not make the game as disagreeable as the ones at Corvallis were last week, caused by the hooting of referee's decision. He also spoke of the lack of courtesy which was displayed by the O. A. C. rooters while the men of the opposing team were taking free throws after fouls had been called, and defined his ideas of good sportsmanship in a very different manner.

"Win or lose, we are going to take the part of good sportsmanship, and consider that the best team won and not crab the outcome," was the way Coach Bohler expressed his predictions of the game.

Captain Eddie Durno and Marc Latham will start the game as the forward combination, with "Hunk" Latham and "Franz" Beller will be in the starting line-up at the guard jobs. Reinhart, Base, Veatch, Burnett, Couch and Zimmerman are the utility men who may get a chance to get into the contest tonight.

Aggies To Use Same Men.

The Aggies will probably line-up the same as they did against Oregon last week with Stinson and Arthur, forwards, Sanders, center and S. Ross and Hubbard, guards.

T. H. Gawley, of the Portland Y. M. C. A. who refereed the games at Corvallis last week will officiate in that position here during the two game series.

PLEDGING ANNOUNCED.

Phi Theta Kappa announced pledging of Madeline McMannus, Ila Nichols, Helen Nelson, Marion Taylor, Ruth Lane.

Trio of Varsity Basketeers Who Are Counted on to Score Victory Tonight

"HUNK" LATHAM, CENTER.

CAPT. EDDIE DURNO, FORWARD.

MARC LATHAM, FORWARD.

GAMMA PHIS DEFEAT HENDRICKS HALL SIX

Sorority Forwards Too Much For Opposing Guards.

Gamma Phi Beta triumphed over the hitherto undefeated Hendricks Hall team in the closest game of the doughnut basketball series Wednesday afternoon with a score of 24-23. The Hendricks hall guards were no match for the taller Gamma Phi forwards, and the ball seldom reached their territory without an additional score. The Quinlan twins, Hendricks forwards, displayed their usual adeptness in knowing just where to throw the ball. They have played together since high school days and their system of passing is exceedingly well worked out.

Hendricks still leads in the doughnut series. Wednesday night was the Gamma Phi's first game. Their team is fast and their forwards are tall enough to evade guarding. The Wednesday night scores never differed by more than three points throughout the entire game. Rooters lined both sides of the outdoor gymnasium. Miss Emma Waterman was referee.

Following are the line-ups: Gamma Phi Beta. Hendricks Hall. M. Nelson.....F..... L. Quinlan M. Murphy.....F..... V. Quinlan W. Dyer.....C..... H. King E. Hall.....C..... A. Christie E. Herrin.....G..... R. Wolff A. Garretson.....G..... E. Sliffe Substitutions: Harriet Veazie for Agnes Christie, center.

BREAKFAST HOUR FIXED

Girls' Houses May Serve Meal In Place of Toast and Coffee.

The girls on the campus will have to give up half an hour of their sleep each morning if they are to follow out the health program which Dr. Bertha Stuart is setting up for them, for one part of this program is the formal serving of breakfast, and this means rising just half an hour earlier, also each girl must include breakfast as one of her daily duties.

The Alpha Delta Pi house, is the first on the campus to take this up, and there breakfast is served each morning at 7:15. The menu consists of hot cereal, toast, cocoa, some form of fruit, and for the underweight girl an egg. It is the general custom at the houses for toast and coffee to be served cafeteria style, but it is thought that the new plan will compel each girl to eat breakfast, which, according to Dr. Stuart, is very essential to good health.

FROSH GO TO O. A. C. FOR TWO BALL GAMES

Eight Members of Squad To Take Trip.

Eight members of the freshman squad will make the trip to Corvallis to meet the Aggie rooks in the third and fourth games of the basketball series, to be played Friday and Saturday. The first two games were played here last week-end, the frosh losing both by the same score of 21 to 9.

In the first two games the rooks seemed to have the edge on the freshman five, but the frosh have been working hard all week and may spring a surprise on the rooks this time. They can be counted on for a good fight at any rate.

Coach "Shy" Huntington does not predict victory for his men, but says that they are going to give the Aggies all they have. "We are not beaten until the last whistle blows," he said.

The men who will make the trip to Corvallis will be Captain Hadden Rockey, Francis Altstock, Bill McMillan, Bus Douglas, Harold Chapman, Mike Wilsie, Leo Goar and Blackman. The same combination will probably be started as were used last week: Altstock and Rockey forwards, McMillan center and Douglas and Chapman at guards. The men have had a hard workout this week and are pickin' up in their team work.

The new frosh suits arrived yesterday. They are blue jerseys with lettering in gold on the chest, brown pants and blue and gold socks.

DR. PARSONS TO GIVE ADDRESS AT VESPERS

Importance of Spiritual Activities In the Life of the Student To Be Subject of Talk.

Dr. P. A. Parsons, director University school of social service in Portland, will give an address on the importance of spiritual activities in the life of the student, at vesper services, to be held in Villard at 4:30 o'clock Sunday.

The spiritual interests should have a place among the many other activities which engage the minds of the students, says Dr. Parsons, for education that makes a well rounded mind is obtained only in the following of all vital interests and activities and neglecting of none.

Dr. Parsons says that every student should have some spiritual interest, although he does not specify any particular phase of work or thought to follow, but an explanation of this message to the students is what he wishes to give next Sunday.

Two selections will also be given by the University choir, and one solo, aside from the regular musical services.

'Christmas Trees' All Lit Up Seen in Philippine Jungle by Hubert Schenck on Field Trip

Replete with personal observations and experiences, enlivened with vivid descriptions, the diary of Hubert Schenck, an assistant in geology laboratory last year, read Wednesday evening by Ian Campbell, geology major, in an open meeting of the Condor Club, pictured an interesting 47-day field trip of the former Oregon student through the jungles of Samar, one of the islands of the Philippine Archipelago.

Schenck, as a member of the party headed by G. B. Moody, of California, left Manila on October 27. The diary portrays the life of the natives of Samar in a picturesque manner. Part of the way over the island the geologists traveled by machine, but much of the diary is filled with accounts of hikes over trails covered with mud and water. Concerning his trip from Bauau, Schenck writes: "Our traverse shows that we walked in water for more than two kilometers, not counting the seven times we crossed the main stream. One half the time we were in water, the other half in mud."

The part of the diary written shortly before Christmas contains an account of a primitive Christmas tree: "Saw several Christmas trees tonight as we were winding our way through the Strait. You see, the enormous lightning bugs here in the Philippines are gregarious and seem to have a habit of congregating in a certain tree. Imagine the sparkling result."

G R A D WRITES SERIES

Essie Maguire, Class of '19, Has Article in Fort Worth Paper.

Essie Maguire, class of 1919, at present industrial secretary of the Y. W. C. A. at Fort Worth, Texas, is writing a series of articles setting forth woman's idea of her own new responsibility since she has been given the ballot. These articles are being run in the Fort Worth Star-Telegram.

After Miss Maguire graduated from the University she went to the National Training school in New York for one year and specialized in industrial problems. Since then she has been in this work in Texas.

HOPE TAKES ILLINOIS DEANSHIP.

News has been received that Edward W. Hope, formerly dean of the University of Oregon law school, has accepted a deanship at the University of Illinois. William G. Hale, at present dean of the University of Oregon law school, was formerly a member of the faculty at Illinois.

BILL HAYWARD MARRIED; ALICIA ORTON IS BRIDE

Bill Hayward is married. Miss Bertina Alicia Orton, daughter of Mr. and Mrs. E. E. Orton, of Eugene, members of a well-known pioneer family, who is now working in Portland, is the blushing bride of Oregon's famous track coach and trainer. Hayward left for Portland late last night with the intention of bringing Mrs. Hayward to Eugene. The two will begin housekeeping immediately.

The marriage is the result of a romance of several years. Hayward met Miss Orton when she was an employe of the Standard Oil Company here, and a friendship of several years resulted. Lately she was transferred to the Portland office of the Standard Oil Co.

A week ago Wednesday Hayward left for Portland in his Templar, returning to Eugene the forepart of this week after a short honeymoon. The ceremony was performed quietly at Kelso, Washington, several miles down the Columbia from Portland.

Bill at first attempted to deny the report of his marriage, but finally admitted that it was the truth. He wished to keep the marriage quiet, he said, in order to avoid publicity, and said he intended to announce the marriage as soon as he brought his bride here. The marriage of Oregon's famous trainer, whose career and personality are known far and wide, comes as a complete surprise to Oregon students, alumni and friends.

ATHLETIC COACHES ASK BETTER SUPPORT FOR OREGON TEAMS

"Shy" and "Bill" at Assembly Emphasize Need of Men on Grid and Track.

FOUR GIRL SWIMMERS GET VARSITY SWEATERS

Bohler Bespeaks Courtesy for Visitors; Football Class Proposed.

A plea for courteous and sportsmanlike treatment on the part of the student body as a whole to the visiting basketball teams, was made by Coach George Bohler in a short talk at the A. S. U. O. meeting Thursday morning. "We received the greatest courtesy on our trip north, in Washington and at Wilamette, although the way we were treated in some other places was not anything to talk about," said Bohler. "We want Oregon students to show that they can be good losers as well as good winners. If the other team wins, all right, but don't cuss them if they played a better game than we did."

Eddie Durno, captain of the basketball team asked for the absolute cooperation of every student. He declared that one reason for the success of the team was that its members were all good friends and worked together.

Gym Classes for Football.

The plan of a three-hour gym class next term to teach football, to those interested, was outlined by "Shy" Huntington, football coach. By this plan the coach will be able to find new football material and also teach the game to a lot of men who would otherwise know very little about it. "Instructive criticism on the part of the students is a help to the game, but unintelligent criticism is a nuisance, and we don't want it," said "Shy." "In this class we will be able to teach the fellows so that they can at least criticize intelligently."

Bill Hayward appealed to every man who was interested to "come out for track, because he declared that experience was not necessarily an indication of ability. "The coast conference track meet is to be held here in the spring," said Hayward, "and there will have to be a lot of work done before the track will be ready to even make a decent showing. Come on out and let us take a shot at you, maybe you can learn to do something, and remember there was a time when you had to learn to walk," he concluded.

Four Girls Get Sweaters.

Four sweaters were awarded to the four girls who won the swimming meet with O. A. C. last spring. Those to receive sweaters were Frances Moore, Valiere Coffey, Helen Nelson and Wipfried Hopson.

Besides the regular student body business a number of announcements were made. Among these was a report from John Houston, chairman of the social committee. He announced that the next student body dance would be a week from Friday night, in the form of a jitney dance. It is to be supervised by the Order of the "O." "There will be plenty to eat, and plenty to throw," declared Huston, "and a general good time for everybody."

Dean John Landsbury, of the school of music, told the students what a great asset they had in the personnel of the men's glee club. Alberta Potter played a violin solo at the opening of the assembly.

LEMMY OFF PRESS; DISTRIBUTED TODAY

Lemon Punch is out today. Delivery to subscribers of the second number of Oregon's comic magazine will begin this morning, possibly at ten, but probably not before noon. All printing was completed last night, and work on folding and trimming will be completed this morning. Distribution will be in charge of Dean Ireland, circulation manager.

It is planned to deliver copies at all organizations before noon, while copies will be left at the Co-op store for all students who are not members of campus organizations. Extra copies of the "Formal number" of Lemmy will be on sale at the Co-op also.

WRESTLERS WILL GO TO O. A. C. SATURDAY

Team of Five Men Will Meet Aggie Mat Squad for First Contest Staged in Several Years.

Wrestling is being re-erected from the pre-war days, and the varsity team will go to Corvallis Saturday to meet the Aggie mat men in the first contest staged for several years. Si Simola, former varsity wrestler, is coaching the team, and the men have a do or die spirit that indicates a classic struggle.

Dick Shim, 115, Walter Wegner, 125, Robert Shepard, 135, Rollie Woodruff, 145, and Norton Winnard, 158, make up the team. If these men win their matches Saturday they will be entitled to varsity letters as wrestling is a major sport.

Three points will be awarded for the decision and five for a fall. Ted Thye, well known wrestler, will referee the contest. The last workout is to be tonight, and the team appears to be in excellent shape. Plans for the meet have been up in the air, and yesterday the final decision was made.
