By a spectacular rally in the last five minutes of play, the University of California basketball quintet defeated the Oregon varsity by a 26 to 23 score, at the Armory last night. Oregon took the lead in the first period and maintained it throughout the contest, until the final spurt of the Bears which the Oregon defense was unable to stop.

The game was cleanly played and was the fastest which has been played on the Oregon court this season, being featured by stellar passing and sensational baskets by the members of both quintets. The visitors played the short pass and close-in shots at the baskets, Oregon using the long pass with long shots for their points from the floor.
