UNIVERSITY OF OREGON, EUGENE, OREGON, TUESDAY, FEBRUARY 22, 1921.

NO. 85.

## COMMERCE MAJORS ORGANIZE CHAMBER TO PROMOTE SCHOOL

Advancement of Interests of University and of State Also Aimed.

## BODY INTENDS TO JOIN NATIONAL ASSOCIATION

Affiliation With State Group Also Planned; Departments Established.

Formation of a chamber of commerce organization has been undertaken by the major students of the school of commerce of the University. The establishment of this chamber of commerce, embodies as its chief purposes the advancement and promotion of the interests of the University, the advancement of the interests of a school of commerce particularly, and the promotion of the general welfare of the public of the state.

The movement is really the first step towards the definite organization of every element in the largest department in the University. Every commerce major will be eligible for membership in the chamber according to the proposed plan. A summary of the direct object of the movement may be found in its preamble: "The object of this organization and its purpose shall be to promote and development of the social, physical and mental capacities of its members; the welfare of the school of commerce and the University of Oregon; and to draw more closely together the students, the faculty, the school of commerce, and the business world, thereby cementing their scholastic, business and social relations."

### Wide Scope Planned.

While other schools have junior chambers of commerce, clubs and various forms of associations to promote the welfare of some particular branch of work, none of these organizations has been carried beyond the scope of its immediate locality. Neither has any of them developed to the extent of the modern chamber of commerce, or to the extent of joining the state chamber or the National Association of chambers of commerce, as is the intention of the organization here. Membership in the National Chamber opens the way for great possibilities for advancement. Speakers of national repute may be obtained through co-operation, with this body and benefits derived from relations with the biggest business interests of the country will be opened.

By joining the state chamber close relation will be had with all the business interests of the state, and mutual aid derived therefrom. A uniform system of obtaining employment for graduates would be established by the relation, and special short courses for business men of the estate will be arranged for in various commerce subjects.

### Departments Organized.

One of the outstanding features of the proposed organization is the establishment of nine departments within the chamber under the heads of administration and membership, social, publicity, transportation, industrial and employment, markets, accounting and banking; each branch functioning in co-operation with the other.

The plans for the establishment of the chamber in the school of commerce originated with a group of upperclass commerce majors and their first meeting was held early last week, when Barney Garret was chosen chairman of a committee to form plans for an organization. Members of the committee are Homer Mornhinweg, Frank Miller, Ross MacKenna, George Lowden, Wilbur Carl, Ernest Evans, Stanley Evans, Victor Sether, Ruth Lane, Wanda Brown, Mildred Amiller and Marjorie Stout.

A meeting for majors in the school of commerce will be held next Thursday night in the club rooms of the Eugene chamber of commerce when all the plans formulated will be presented to those present.

Dr. E. C. Robbins, dean of the school of commerce, commenting on the plans of the students said: "While the suggestion is direct from the students and not from me, I am nevertheless 100 per cent in favor of it and I believe it is undoubtedly the biggest thing ever attempted by students in any branch of the University. Its success would open up remarkable possibilities for the aid of the University as well as the school of commerce."

## SPIRIT OF FREEDOM FELT BY STUDENTS

No Classes, No Boring, No Worry, Thanks To General George.

If George Washington could receive, by Ouija board or some other method, the expressions of gratitude which the students throughout the United States would like to send him today, he would have to hire, in order to record them, a corps of stenographers, which would excel, in numbers, the individuals engaged in the world war. Imagine, if you can, the expression of joy which would cover the great general's face if he could gaze upon the many happy faces caused by the holiday which has been declared in his honor.

Undoubtedly he would, if spirits express their extreme emotions in yells, give "a big fat Oskey" to show his delight in the fact that the work of freedom which he began, while on earth, is still being carried on.

It is with a joyous heart that students leave behind them for one day, Greek Gods Roman generals, English statesmen and other personages, mythical or otherwise, of foreign fame and honor for an American who bears the immortal title of "Father of his Country."

## MYSTERY REVEALED SATURDAY EVENING

Girls' Glee Club Concert To Be Elaborate Affair.

Do you live in a nine o'clock town? If so, do you know what happens when the clock strikes twelve? Not if it really is a nine o'clock town! In the days when nine o'clock was very late indeed, but you couldn't bear to go to bed, did you think playthings came to life the minute your eyes were shut? Remember the time your tin soldiers had fallen off the chair when you woke in the morning? But you hadn't touched them?—they must have moved themselves!

Maids of the Glee Club remember these things too. Not only do they remember, but several members have been conducting active research along these lines. The results, they say with mysterious glances, are astounding. In most cases they have determined the cause—for instance that long grewsome shadow in the dark corner by the mantle that you watched for so long. Maybe it was the curtain!

It avails you nothing to be so curious yet. Never a lass will tell what she knows until Saturday night. Then and not until then will those deep dark mysteries of your childhood be fully revealed and explained.

But that's not all! Glee Club girls seem to be taking, or undergoing military training. Watch them turn corners squarely in the library, then halt with manifest confusion. Officers in charge of men's military training complain that they cannot even give orders with snappy results any more, because so many girls are always hanging around attempting to absorb tactics through observation. The answer seems to be as usual, "Glee Club Home Concert!"

Testimony of sisters of Glee Club girls seems to be to the effect that costumes will be elaborate. O, very elaborate from the midnight oil that is being consumed in their construction!

Tickets are now on sale at the Cop, Kuykendall's drug store and all the men's houses. Representative selling tickets in girls houses will be announced later in the week. The following will have tickets from now on, so the duty of every man on the campus is evident, says Don Davis, manager: Bachelor, Dan Welch; Delta Theta Phi, Jimmy Baker; Fiji, Nelson English; Chi Psi, Fred Michelson; S. A. E., Harold Brown; Phi Delta, Wilbur Hoyt; Kappa Sig, Harris Ellsworth; Kappa Theta Chi, Lloyd La Londe; Sigma Chi, Charles Lamb; Beta, Frank Miller; A. T. O., Chet Zumbalt; Sigma Nu, Carl Newbury; Friendly Hall, Birshard Van Loan; Oregon Club, Glenn Walkley; Delta Tau Delta, Creence Fariss; Phi Sigma Pi, Ralph Doddridge.

### FORUM ELECTS OFFICERS.

At the regular business meeting of the Forum last week, two new officers were elected; Eric W. Allen, treasurer, and Louise Davis, secretary. A constitution was presented and adopted.

The Forum now numbers about sixty members. Business meetings occur every two weeks, and open meeting whenever lecturers can be obtained.

## MUSICAL FRATERNITY FOR MEN IS FORMED; WILL SEEK NATIONAL

Charles W. Lutton, Secretary of Phi Mu Alpha on Campus Saturday.

## AID OF AMATEURS IS AIM OF "SYMPHONIA"

Work of Oregon Known in East, Says Visitor; High Standard Lauded.

Preliminary organization of a men's local, honorary, music fraternity which will petition Phi Mu Alpha, usually known by the name "Symphonia," and which will be composed of men actively interested in music on the campus, was effected at luncheons at the Anchorage, Saturday and Monday noons, attended by men belonging to the Oregon Music Council and others interested in music. The Saturday meeting was addressed by Charles W. Lutton, national secretary of "Symphonia."

The work of the national music fraternity was outlined by Mr. Lutton in his Saturday speech. The plan of organization, he said, was to further American ideas of musicianship. "Symphonia" is doing all it can to spread the love of music for music's sake—to give to as many persons as possible the ability to enjoy good music.

In Europe the professional musician did not need any other education. "Symphonia" also stands for the educated musician. Mr. Lutton told of the case of Mischa Elman, who has just recently leaded to write his name. In America, he continued, the idea is becoming more and more prevalent that musicians should have as good an education as those following any other profession.

### Time Ripe for Chapter.

The membership of the organization is made up for the most part of amateurs rather than professionals, according to the speaker. More good can be done along the line of making people realize the cultural value of music through amateurs than through professionals.

The speaker told of having written to Dean John J. Landsbury several times regarding the placing of a chapter of Phi Mu Alpha at Oregon but each time, he said, the Dean replied that the time was not ripe. Then, at last the Dean said he was ready.

"We know what is being done at the University school of music—we know in Chicago perhaps better than you do here," Mr. Lutton said in his talk. "We know the standards set here and the grade of work done." He spoke of the work of the Glee club and orchestra. He had heard members of the Glee club sing before the luncheon, and complimented especially the tenors. "Where do you get such tenors?" he asked. "We can't find them around Chicago." The singing of all, he continued was clean-cut and good.

### Orchestra Is Praised.

The work of the orchestra in the Cottage Grove concert was also praised. The orchestra is doing good work, he said. "Of course, there are better university orchestras in the country, for instance, there is the Illinois organization. It has about fifty or sixty members, but half of them are faculty members. The Oregon orchestra is a student organization and its work is fine."

"I shall look forward to the placing of a chapter of Phi Mu Alpha at Oregon and shall expect to hear from the Oregon chapter," he said, in conclusion.

At the Monday meeting Maurice Eben, and Dr. Landsbury spoke for a few minutes in regard to the policy of the local organization.

Dr. Landsbury expressed a desire that the policy of the national organization be carried out. He said he wanted the club composed of live men.

Maurice Eben was elected president of the local organization and Glen Morrow, secretary-treasurer. Joe Ingram and Ralph Hoerber were appointed members of a standing committee to consider rules for admission.

### YALE WANTS WESTERN MEN.

According to the Salt Lake Tribune, Yale desires western youths. It quotes a Yale professor as saying that Yale particularly desires men from the west because "such men put a leaven into the student body, and we offer them exceptional advantages to pursue their studies."

## P. L. Spencer Made President of Phi Delta Kappa Society At Installation on Campus

Peter L. Spencer, a senior majoring in education was made president of Chi chapter of Phi Delta Kappa when the honorary national educational society was installed on the campus last Saturday. Spencer was president of the local education club, Phi Kappa Delta, and automatically became president of the national.

Installation of Phi Delta Kappa took place at the Masonic Temple on Saturday afternoon, and was a very impressive affair, said Professor C. A. Gregory of the school of education and a member of Phi Delta Kappa from the University of Iowa chapter.

After the initiation, a banquet was held at the Osburn hotel. Professor Gregory was toastmaster for the occasion. Professor J. David Hauser of San Francisco, national historian of Phi Delta Kappa, gave a short address of welcome, to which Peter Spencer, '21, president of the newly installed chapter, responded in behalf of the local organization.

John C. Almack, assistant director of the University extension department, who was one of the initiates, spoke on "The Sixth Sense in Education." Dr. B. W. DeBusk's subject was "The Next Step in Research." Dean H. D. Sheldon of the school of education spoke on "Some

Ethical Problems of the Teaching Profession."

William C. Hoppes, '20, assistant superintendent of the Salem public schools, discussed "Educational Initiative," and C. A. Howard, superintendent of the Marshfield public schools, spoke on "The Educational Outlook from the Standpoint of the City Superintendent." Both these men became members of the fraternity on Saturday.

Dr. S. C. Kohs, of the Portland court of domestic relations, who with Professor Hauser had charge of the installation ceremony, gave a talk on the general value of Phi Delta Kappa.

"Professor Hauser and Dr. Kohs were very favorably impressed with the group of initiates," declared Professor C. A. Gregory, "and gave them a great deal of encouragement as to what they might do in the work of education. One thing these men tried to press home," Professor Gregory said, "was the fact that Phi Delta Kappa is not an organization whose members have done something worth while in education and are living on their past records, but a dynamic living organization, constantly looking to the future, and not relying upon past achievements."

About 3000 men in the United States are members of Phi Delta Kappa. There are 23 chapters of this organization.

## HENDRICKS WINNER OVER OREGON CLUB

Gamma Phi Keeps Lead; May Play Hall.

Although not playing up to her usual game, Hendricks hall defeated Oregon club in the last few minutes of play Friday night by a 16 to 14 score. Oregon club kept in the lead during the first half, but the Hendricks girls "came back" and succeeded in winning their sixth game in the doughnut series. Gamma Phi Beta still leads the series, after defeating Delta Delta Delta 31 to 8. Ruth Wolff and Betty Pride were hit with the ball, and suffered some discomfort as a result. Carolyn Cannon was referee and Oletha Pedersen, umpire, Friday afternoon.

Hendricks hall will now get to play in the final game for the doughnut championship. She has been defeated but once, by Gamma Phi Beta, with whom she will undoubtedly play again in the deciding game. Her forwards, Lynetta and Vernetta Quinlan are among the best forwards playing this year. Effective work at center is done by Agnes Christie and Helen King, and at guard by Ruth Wolff and Emily Perry. Besides winning all but one of their doughnut games, Hendricks defeated the Eugene high school 46 to 5 at the beginning of the season. The final game will be very close, if both teams play up to their usual standards.

### The line-up follows:

Delta Delta Delta	Gamma Phi Beta
B. Pride	H. Nelson
H. Glanz	M. Murphy
E. Harris	H. Hall
A. Young	W. Dyer
E. Haine	E. Herrin
M. Dunham	A. Garretson
Hendricks Hall	Oregon Club
L. Quinlan	C. Howells
V. Quinlan	L. Vander-Sterre
A. Christie	S. Martin
H. King	L. McColloch
R. Wolff	L. Keizer
E. Perry	S. Stewart

## EXTENSION COURSE ENDS

Extension Classes in Southern Oregon To Be Ended Next Week.

The last of the twelve weekly classes in the course in recent tendencies in education, given by John C. Almack, assistant director of the extension division, to teachers in Medford, Ashland, and Grants Pass, will be held this week.

Seventy-six high school and grade teachers are enrolled in this course, 15 in Ashland, 26 in Medford, and 35 in Grants Pass. The classes met in the public library in Ashland and Medford, and in the high school building at Grants Pass.

## DR. EDWARD DEVINE ASSEMBLY SPEAKER

American Social Service Topic of Address Thursday.

Dr. Edward T. Devine, associate editor of The Survey, former professor in Columbia University, and chief of the bureau of refugees and relief of the American Red Cross during the war, will address the student body assembly Thursday morning on the subject "American Social Service."

Dr. Devine will be remembered by many on the campus from his appearance last year on the weekly assembly program when during a tour of the northwest, his talks to the students here and his Portland addresses drew considerable press comment.

Having a wide knowledge of social conditions throughout the world and being a recognized authority on the special methods America has devised for dealing with social problems, Dr. Devine's address will hold much interest for the student and especially for those contemplating work in the recently organized school and bring to their attention the place it will hold in the future.

As an author of numerous books on social and economic subjects, Dr. Devine is well qualified to handle the subject of the evolution of social service in our own time and the preliminary announcement of his address promises that many facts of American social conditions will be brought out by the speaker.

### R.O.T.C. MAN GOES SOUTH

Sergeant Epperson Joins Cavalry Troop at Monterey, California.

Sergeant Al Epperson, who has been serving as an instructor in the local R. O. T. C. left Friday night for the Presidio of Monterey, California, where he will join troop H of the Eleventh cavalry. Sergeant Epperson, commonly known as "The Old Trooper," was one of the best liked men on the staff of instructors, and his leaving is regretted not only by Company D, of which he was special instructor, but by the entire battalion.

### STUDENT PASTOR ENTERTAINS.

Mr. and Mrs. Bruce Giffen entertained all the students from McMinnville Friday night. Mr. Giffen, who is now one of the University student pastors, was formerly pastor of the Presbyterian church in McMinnville and is well acquainted with the students from that place.

## VARSITY FIVE TAKES LISTLESS GAME FROM GEM-STATERS 31-19

Hold On Northwest Leadership Tightened by Victory Over Idaho.

## OREGON LOSES COAST TITLE TO CALIFORNIA

Bears Win Final Game Here Saturday Night; W. S. C. Games Next.

Coach Bohler's proteges tightened their hold on the Northwest Conference title by defeating the Idaho five, runners up in the percentage column by the decisive score of 31 to 19 at the Armory last night. The game was slow and listless, neither team getting away for any brilliant playing, Oregon easily excelling the visitors in basket shooting and floor work throughout the contest.

Captain Durno of the Lemon-Yellow five was high point man scoring 13 points for the varsity, with "Hunk" Latham close behind him with a score of 10 points. For the Gem Staters, Thompson, scoring 6 points, was high point man.

### Varsity Strong.

The first half ended in a score of 15 to 12, with Oregon in the lead. In the second period the varsity came back strong and ran up 16 points while Idaho was only able to garner 7 markers. Thompson for Idaho scored the first field basket of the game several minutes after the start although Durno marked up one point on a converted free throw before this. Eddie followed with another pretty shot putting Oregon in the lead when Idaho spurted and passed the varsity holding a two point lead for about five minutes. The repeated fouling of the visitors was responsible for a number of the points scored by the varsity in the initial period, Durno converting five out of seven attempts via the free throw method, during the first half.

### Hunter Is Star.

Captain Hunter of the Idaho five was the stellar performer on the floor for his team, breaking up the Oregon passes and getting into the plays more frequently. "Hunk" Latham played a bang-up game for the varsity. Marc Latham, "Hunk" and Eddie Durno proving an effective scoring combination against the visitors. Reinhardt and Beller played a good defensive game although both of them had hard luck in ringing the baskets from the floor.

Couch relieved Reinhardt at guard during the latter part of the last half when Reinhardt was taken out for four personal fouls. Idaho used numerous substitutions in an effort to stop the Oregon onslaught during the last period but their efforts were in vain. Moe, Hyde and Wyman were the spare men used by the visitors.

The score:  
Oregon—31. Idaho—19.  
Durno 13.....F.....A. Fox 4  
M. Latham 8.....F.....R. Fox 4  
H. Latham 10.....C.....Thompson 6  
Reinhardt.....G.....Hunter 4  
Beller.....G.....Carter 2  
Substitutions: Oregon, Couch for Reinhardt; Idaho, Moe for R. Fox, R. Fox for Moe, Wyman (2) for A. Fox, Hyde for Wyman, Moe (1) for Hunter.  
Field goals, Oregon 12, Idaho 7. Free throws, Oregon 7, Idaho 5.  
Referee, Ralph Coleman, O. A. C.

## VARSIITY LOSES SECOND GAME TO CALIFORNIA 24-18

The University of California quintet succeeded in taking the measure of the varsity five in the second game of their series played at the Armory Saturday night by a score of 24 to 18. This second win by the Bears leaves them at the top of the heap in the Pacific Coast conference and Oregon's chances to end the season in the lead are nil.

The game Saturday night was equally as thrilling as that of Friday night and the Southerners again came from behind and cinched the honors after the second half was well along. Oregon appeared to have solved a method of breaking up the short passes of the visitors at the start of the game and repeatedly stopped the team work of their opponents. But the Californians again staged their spectacular comeback and led at the

(Continued on Page 3.)
