

COMBINED COUNCILS ADOPT NEW "Y" PLAN

Faculty and Student Board To Outline Policies

P. L. CAMPBELL SPEAKS Organization To Be Bigger Factor On Campus

A new plan of organization for the campus Y. M. C. A. was adopted at a joint meeting of the advisory board, the old cabinet, and new officers, held in the "Y" but Tuesday evening at 7:15.

The new plan provides for the running of the "Y" activities on a departmental basis. There will be four main departments: Administration, campus service, community service, and religious administration. Special stress will be laid on the last two as there has not been enough emphasis put on them in the past. Under these main departments there will be a number of sub-departments.

A commission of seven was elected at the meeting to draw up a program for the "Y" for the coming year. On this commission are three student members, Owen Calloway, Roy Veatch, and Harris Ellsworth; two faculty members, M. H. Douglass and Professor Peter Crockett; one representative of the Eugene ministerial association, Rev. C. E. Dunham, of the Baptist church, and the chairman, Hal Donnelly.

Fred B. Smith May Be Back.

The getting of speakers for the coming year was discussed. Among those mentioned was Fred B. Smith, the business man whose addresses during the past term attracted such big crowds.

Gale Seaman, Pacific coast secretary of the student Y. M. C. A., attended the meeting and made suggestions for next year's work. He stated that the "Y" will attempt to round out the spiritual side of the students. The college rounds out the technical and physical sides, he remarked.

President P. L. Campbell stated: "The Y. M. C. A. is a very important factor in shaping the character of the college man. After the war the work of the Y was in an unsettled condition, but is now settling down, and the coming year ought to be a big one."

The selection of cabinet members and committeemen is in progress now, said Owen Calloway, newly-elected president, in speaking of the plans for the new year. Their names will be announced in the next two weeks.

As soon as the new cabinet gets to working a new plan for raising the financial budget will be worked out, stated the president. In the past the "Y" has been handicapped by lack of funds. The new fields of work will necessitate even more money than was used in past years.

Y. M. C. A. to Extend Work.

"We are going to try to make the Y. M. C. A. a more important factor in college life, and to make it the representative of the churches on the campus. We are also going to try to extend its work in the community," declared Calloway.

A joint meeting of the O. A. C. and Oregon student Y. M. C. A. cabinets at some intermediary place will be held about the first of May. These two schools have peculiar problems of their own since the other colleges of the state are denominational.

W. S. C. PLANS MEMORIAL Community Hall to House Legion and National Guard Offices.

Washington State College, Pullman, April 18.—(P. I. N. S.)—As a memorial to News Service.—As a memorial to the Pullman boys who lost their lives in the war, a community hall is to be erected by the people of Pullman. This building, as proposed, will materially benefit the college. The gymnasium will have a seating capacity of 2500, which means that if the varsity games are played there everyone will be able to attend. This hall will also serve as headquarters for the various conventions that are held in Pullman, and will fill a long felt want for a place of adequate size for social events of the campus.

The American Legion will have quarters and the armory and shooting gallery for the local National Guard unit will occupy the basement.

STARS EXPECTED TO ENTER TRACK MEET

Oregon Will Face Strong Competition Saturday.

University of Washington, Seattle, April 19.—(P. I. N. S.)—Word that Charlie Paddock, University of Southern California, who has twice broken the world's record for the 220 yard dash and has twice tied the world's record for the hundred, will compete in the all-west relay carnival in the Stadium Saturday, has heightened interest to the meet's already high interest.

Entries to date include University of Oregon, Oregon Agricultural College, Washington State College, University of Idaho, University of Washington, Whitman College, University of Montana, Montana State College, Reed College, and University of Southern California.

Besides the half mile, two mile and four mile relays, a special 100 yard dash will be held. Final tryouts for the University of Washington squads were held Saturday afternoon.

George Varnell, of Spokane, prominent Pacific Coast referee and sports editor of the Spokane Chronicle, will referee the carnival. Varnell was referee of the Pacific Coast Conference Track and Field Meet at Washington two years ago. This meet was run off in two hours, probably the fastest time a college track meet was ever handled on the coast.

The relay conference comes as a climax to a two-day celebration here, Friday being the annual Campus Day, wherein all students turn-to in the morning to better the campus from border to border. In the afternoon is the Oregon-Washington baseball game, and probably the Washington State College glee club concert in the evening, followed by an informal dance in the armory. In addition, pledges to honorary fraternities will be announced, and the Columns, Washington's old relics from the first territorial building, will be re-dedicated at their new site by the Sylvan theatre under construction.

WOMEN'S TEAMS SIGN FOR BASEBALL

Two Leagues to be Formed; Finals on Field Day.

In a report to the members of the W. A. A. Tuesday evening, Alice Evans, head of baseball, reported 15 houses already signed up for places in the doughnut baseball series. Last year less than half that number entered teams. The large number, said Miss Evans, is going to necessitate dividing the teams into two leagues, and the champions of each will play the final game on field day.

Phoebe Gage, head of canoeing, urged freshmen women to sign up with Miss Waterman for the sport and to practice for the class try-outs which will be held May 3 and 4. No freshmen are admitted to the canoeing classes offered by the department of physical education, which necessitates much outside practice on their part.

The first round of the tennis tournaments are to be played this week, if the weather permits. Marianne Dunham, head of tennis, reported that competition for places on the varsity team will be unusually keen, since there are three places to fill and the entrants are un-

nally well-matched. Miss Mary Perkins and Miss Emma Waterman have been secured as varsity coaches.

Ollie Stoltenberg, president of the W. A. A. and a delegate to the National Conference of Athletic Association at Bloomington, Indiana, last month, read a report of the convention and outlined a plan of recording the number of points awarded by the Association. Cards are being prepared, one for each member, upon which a careful record will be kept of the sports participated in, the games played and the points won. These will be valuable, she explained, not alone in determining eligibility to office in the association, but will be convenient in transferring points to another association, should a member register in another school.

SENIORS CUT EN MASSE.

University of Nevada, Reno, April 18.—(P. I. N. S.)—Establishing a new tradition in the University, the senior class "cut" school last Wednesday and spent the day at Bower's Mansion Hot Springs, 15 miles south of Reno. The upper classmen report that they had a delightful time and the custom promises to become a popular one.

Butter-Krust BREAD

Insist on the Genuine

There are all kinds of imitations of this popular bread.

But the title or the shape of the loaf is all they can imitate. They can't approach the delicate, appetizing flavor.

So, for your own protection, look for the label like that shown in the left-hand lower corner of this advertisement.

For that label marks perfect bread from ordinary bread.

A single loaf, ordered from your grocer today, will prove it.
