

## HIGH SCHOOL TEAMS TO STAGE DEBATES

Elimination Contest to Be Held At Campus.

11 TOWNS REPRESENTED

League Decides to Charge No Admission.

Twenty-two high school elimination debates will be in progress Wednesday, May 18, on the Oregon campus. The debaters are the county winners in the state-wide debate contest that was held during the past school year. The Junior week-end contests will be run off as speedily as possible, said John C. Almack, secretary of the debate league, in order that the championship debate may be held some time during Friday.

There was some disagreement among the members of the league as to whether spectators should or should not be admitted to the debates, but it has been finally settled that all spectators will be admitted to any of the debates free. Judges are to be chosen from members of the University faculty by request of the debaters. Just what professors will act in this capacity has not been decided, Mr. Almack states.

The question to be debated this year is: Resolved, that the federal government should own and operate the railroads of the country. This subject was decided upon by the officers of the debate league, who are A. C. Strange, superintendent of schools of Astoria, president; Mr. Almack, secretary; President Campbell, Miss Cornelia Marvin, state librarian at Salem, and J. A. Churchill, state superintendent of schools. Mr. Strange will be on the campus at the time of the Junior Week-end tryouts.

The names of the debaters on each team which is to be here in May are in, with the exception of those from Eugene and Corvallis. They are as follows: Burns—Milton G. Brown and Howard N. Miller, negative; Frank L. Logan and Ralph Swett, affirmative; Lostine—Albert Daisley and Clara Nolan, negative; Harold Pierce and Violet Gleen, affirmative; Klamath Falls—Paul Keller and Norma Adams, negative; Victor Kos and Frances Honzik, affirmative; Salem—Robert Littler and Ralph Emmons, negative; Ralph Bailey and Ward Southworth, affirmative; Knappa—Olive Whethers

and John Conroy, negative; Sewell Conroy and William Hunt, affirmative; Grants Pass—Remoh Tryer and Corlyss Courtney, negative; Helen Lister and Eula Garrett, affirmative; Heppner—Roland Humphreys and Elmer Peterson, negative; Audre Grogan and Margaret Woodson, affirmative; Coquille—Delia Sherwood and Errol Sloan, negative; Lorin Schroeder and Lawrence Moon, affirmative; The Dalles—Glenn Cooper and Eula Stogsdill, negative; Ruth Cooper and Ethel Johnson, affirmative.

### THIRD INSPECTION OF R. O. T. C. ON MONDAY

San Francisco Officer Will Be On Campus Several Days to Watch Work.

The final inspection for the R. O. T. C. will take place Monday morning, according to the announcement made by Major R. C. Baird, local commandant. An inspecting officer has been detailed here from San Francisco by the war department, representing the 9th corps area headquarters.

Just who has been detailed to make the inspection is not known. The officer will in all probability remain upon the campus for several days, in order to be able to look over the entire work of the military science department.

This will be the last of three inspections held this year. The first was held during the first term, and the second during the following term of school. Distinguished colleges are chosen throughout the country each year, and it is hoped by Major Baird that Oregon will be placed among them.

As yet no special arrangements have been made for the conducting of the R. O. T. C. work during the inspection. The officers will base their judgment upon the regular drill and class work carried on according to the ordinary program.

### INDUSTRIAL FORUM TO MEET.

There will be a regular of the Industrial Forum at the Y. W. C. A. bungalow this evening at 7:30. Catherine Watson, a freshman on the campus, will speak on the "Spy System in Industry." Miss Watson, who was employed as a book-keeper for Marshall Field Company, and also worked in a large publishing house in Chicago, knows a great deal about the industrial problem. Anyone interested in this subject is urged to attend the meeting.

Lost.—Bunch of keys, near Anchorage. Reward. Langerman, Friendly hall.

### O. A. C. HAS NEW KIND OF "BEVO" AS MASCOT

Beaver, Six Months Old, Found In Mary's River, and Now Coddled By Agriculturists.

Bevo. Bevo? What is Bevo? It all depends on whom you ask. There are those who declare they do not know; there are those who drop their voices to a confidential whisper and counter-question, "Have you got some?"; and there are a few who read not only this paper, who know that the latest Bevo is nothing more naughty than a founding beaver, six months old, which has been taken to the heart of O. A. C. as a mascot.

"Bevo" was found in Mary's river and taken to the college where some one kindly permitted him the use of a bathtub with a stick in it, as a recreation park. In spite of the stick, the infant woodcutter refused to be comforted. He was transferred to a box, and covered with a fur neck piece, which probably caused him to experience a super thrill in contemplating what he might some day become, and how he might some time curl his hirsute epidermis about the neck of a sweet co-ed—in case his puny strength should fail him in the heroic task of imparting valor to a great institution.

Since "Bevo" is yet young and toothless, he refuses to partake of the carrots offered him by our agricultural friends, and his diet is milk, taken through a pipette.

Some suggest that if O. A. C. nurses the mascot wish to put real pep into their charge, they should nourish the "wee cowerin' beastie" on lemon punch, and thus imbibe themselves, through their mascot, some "fight" that far excels the near-kick of Bevo.

### Harvard University GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

A two-year course in business leading to the degree of Master of Business Administration.

Open to college graduates.
