

SENIORS AT BREAKFAST

Sun Parlor in Woman's Building to Be Used By Class of '21.

Are you going to the senior breakfast this morning. Have you called up the girl you are to take. At 9 the annual senior breakfast, given by the Y. W. C. A. girls and Mrs. P. L. Campbell will be served in the sun parlor of the Woman's building. Everybody is going to have a good time, according to the predictions made by members of the committee in charge, and all of the old traditions are going to be much in evidence this year. This breakfast is usually held at Mrs. P. L. Campbell's home, but this year it is going to be so large that a new place had to be found. There may be other things that will be just a little different too, but those who go to the breakfast will find out about that.

Ready for the Picnic

Now that picnics are in order you are wondering what to take. That is an easy matter to decide, if you will only let us give you some assistance. It will be an easy matter, and we assure you of a fine picnic lunch.

Started Right

Everything depends upon selecting the best things for the lunch. Our delicatessen is the place to do it. Foods that are prepared fresh daily and with the same care that mother would give them are always ready for your choice. Even the pastry line is not omitted—rolls, pies, cakes, and a wide range in all delicacies are here for your approval. Relishes and many other appetizing dishes to select from, will meet with your instant favor.

Fresh Vegetables

Tender and sweet are the first spring vegetables. If you don't eat them in the winter they are an absolute necessity for the good health, and the spring is the time for them. Ask us for whatever you want; we have them, or will get them if possible.
