Hendricks Hall and Oregon Club lead in the women's doughnut league at the end of the third week of the series, with Kappas, Tri Deltas, and Susan Campbell Hall close behind. Two-thirds of the games have been played, and only six of the regular series remain before the final championship will be decided between the leaders in the two leagues.

Oregon Club's last victory was won from Sigma Delta Phi by one of the large scores so prevalent in the doughnut series this year—54 to 12. Sigma Delta Phi had previously been beaten but once, but the Oregon Club lineup proved too strong and she was unable to make any showing.

Zeta Rho Epsilon forfeited her game Friday afternoon to Susan Campbell Hall. This is the second game of the entire series to be forfeited, which shows the keen interest shown in the sport this spring. More than 150 girls have been regularly taking part in the doughnut games. The lineups Friday were as follows:

S. Stewart	2b

second when Knudsen poled a long fly to right. The next man up, Zimmerman got in front of one of Lewis' fast ones for a free ride to first, Gamble walked loading the pillows. Smith, batting for Veatch, beat out a hit to second, Reinhart scoring. Leslie grounded out to third, ending the inning.

### Oregon Makes Late Bid.

In the last half of the final inning, the varsity made a strong bid for the game but the final out was made with only one additional tally over, leaving Oregon on the short end of the 5-4 score. Berg, first up, was hit by a pitched ball, advancing to second on a wild pitch. Svarverud took the count on three of Lewis' offerings, Berg stealing third and scoring on Helmeke's wild heave. Collins lifted a high foul to the catcher and Reinhart flied to center for the final out. The score:

## MINETTA AND ZA ZA PROVE TEMPERAMENTAL

(Continued from Page 1.)

went wrong that possibly could have gone wrong," Mr. Underwood said. Charley Dawson can testify to the unlikeliness of the trip perhaps better than any of the others.

In introducing Charley last fall, the Emerald spoke of him as one "who has boxed from New York to California from Virginia to Guantanamo Bay, and from Cuba to Panama, and has won 85 out of 96 contests." It remained for poor crippled Minetta to finish him. She "knocked him cold." A run was taken at a particularly bad chuck hole where several of the timbers had been left out of the corduroy road. When they struck Charley went up to the top. When he came down he was unconscious and had the print of the top frame on his forehead. "It was worse than any fight," he told Dr. Sawyer in the infirmary yesterday morning.

"I'm certainly in love with that place though," said Underwood, after relating all the lurid details of the trip. "The fish there are so naive. I can't catch a thing where anyone else has been. But down there they haven't become accustomed to the ways of the world and have faith in almost anything. Why, you could fall into a pool and then climb out onto a rock and the fish would be waiting for the hook, where you had just been. They would even bite after you had snagged them."

Of the distance to Triangle lake, Dr. Landsbury said, "It is at least 640 miles out there and uphill both ways."
