

1881, spoke to the members of the Eutaxian Literary society at their meeting last Tuesday evening and told of the founding and early progress of the club, which was established in 1878, and was the first woman's organization on the campus. Miss Whitaker was one of the charter members.

The club met in the Woman's League room in the Woman's building for the first time. When the club was founded Miss Whitaker said, the meeting place was a northwest room in Deady hall. The President's office was next door to it, and if the members grew over-enthusiastic and made too much noise, the speaker said, President Johnson used to come and rap on the door—after which they subsided.

Name "Eutaxian" is Explained. The name, "Eutaxian," Miss Whitaker told the present members, was the one chosen from a number of names presented. It is a Greek word, meaning "well-organized," and was suggested by one of the daughters of Professor Condon. The men's society which corresponds in purpose to Eutaxian was the Laurean society. These two, Miss Whitaker said, held something of the position which the A. S. U. O. holds today, for they were the only student organizations They had joint charge of one of the evenings of commencement, she said.

Impromptu debates were the principal features of Eutaxian meetings in the old days. The subjects for debate were chosen by popular vote. Discussion followed the debates. "We got a little vociferous sometimes, and exceeded the time allowed for debate," Miss Whitaker said, smiling.

Stuats Put On By Societies. Besides the debates, the members used to give stunts, and occasionally a mock trial. Once or twice a year Eutaxian and Laurean had a joint meeting and invited each other to debate.

When Miss Whitaker was at the University there was only one woman on the faculty, Mrs. Mary B. Spiller. She was not called "dean of women," Miss Whitaker said, but had the same place in the life of the University women as the present dean. She also had charge of the preparatory courses, for at that time the University included a part of the high school work. "Mrs. Spiller was a well-beloved woman," Miss Whitaker declared. "We are glad that you have commemorated her work by naming Mary Spiller hall for her. We have heard, Miss Whitaker went on, "that people have wanted to change that name, and asked what it meant. What does it mean? It means a whole lot. You wouldn't want the name of Susan Campbell hall changed. We hope that the University will continue to honor old memories."
