

BETA GAMMA SIGMA SETS HONOR PLATE

Permanent Record to Have Name Added Yearly

A permanent scholarship record in the form of a silver plate is to be built into the walls of the main corridor of the new commerce building. Beta Gamma Sigma, men's honorary commerce fraternity, is responsible for the movement and they designed the idea for the engraving on the plate each year the name of the freshman majoring in the school of business administration who receives the highest average of all eligible students for the honor.

The plate will bear the inscription, "To honor outstanding scholastic achievement in the school of business administration." To be eligible for the honor the freshman must have carried an aggregate of at least 30 hours in the first two terms of his freshman year and must have received no failures, conditions or incompletes. The name of the man elected for the year 1920-21 will be announced in the near future.

The idea of a silver tablet as a permanent scholarship record is a development of a custom in a French university where the names of the prominent members of the graduating classes are placed on the walls of their class rooms as a permanent record. Some of these records are over 100 years old.

It is the aim of Beta Gamma Sigma in promoting the idea to make recognition of outstanding scholastic achievement the highest honor Oregon has to offer. The local chapter of Beta Gamma Sigma was the third to be installed on the Pacific coast. The scholarship record of the organization has been noteworthy since its installation on the campus. Last term the ten student members of the local chapter attained a scholarship average of 1.64. It is with the idea of stimulating scholastic endeavor in the University that the members of the honorary organization have established the silver tablet to record notable grade achievement.

HAPPYLAND IS READY TO START NEXT WEEK

Band Men Look Forward to Big Time.

Practically all plans have been completed for the opening of "Happyland" next week. Every member of the band is making a supreme effort to make this one of the biggest celebrations ever held in Eugene, says W. R. Ruth, manager.

The big circus train of the Foley and Burk combined shows will arrive sometime Sunday afternoon and the erection of the monster traveling exposition will be under way.

When the tents are all in place, when the long line of banners and flags are unfurled to the wind, when the multitude of incandescent lights are turned on, when the bands, organs and caliopeas start playing—in other words when that "circus feeling" gets in the air, then "Happyland" starts in earnest.

This year Foley and Burk carry five big rides with them. The captive seaplanes is said to be the latest invention in riding devices and all of the thrills of riding in an airplane are furnished with each ticket. The giant sky whirl carries people far above the crowds, and the whip hands out a sensation all its own. The merry-go-round is a revelation in color and the bug house is a riot of fun, advance notices say.

In addition to the rides, there will be seven shows each presented in its own tented auditorium. Local events, parades, band concerts by both the state band and Foley and Burk's concert band, and numerous free acts will all be a part of the week's fun.

Found.—Open-faced man's watch. Will be returned to owner upon identification. Call James King, 660.

PROFESSORS TO GIVE COMMENCEMENT TALKS

Forty-six Addresses On Slate For University Instructors In High Schools Throughout the State.

A large number of University professors are delivering commencement addresses throughout the state. By the last of June a total of 46 such addresses will have been delivered by Oregon professors.

Many of the professors received a large number of invitations to speak at commencement exercises in the different localities. Dean Straub alone received 25 invitations. Although it was impossible for him to accept all of these, he will deliver 12 addresses in different parts of the state. One week-end he is to give the commencement talks at Condon, Wilsonville and Antelope, and then travel all night in order to reach Walker in time to give the baccalaureate sermon there.

The following professors have delivered or will deliver in the near future graduation addresses throughout Oregon: Professor F. S. Dunn, at Nehalem and Wheeler on May 20, Monmouth June 3, and Sweet Home on June 9; Professor E. E. DeCou, Klamath Falls, May 23; Professor J. H. Gilbert, Stayton, May 25, Sutherlin, May 26, Lebanon, June 2, Harrisburg, June 3, and Central Point, May 27; Professor Kimball Young, Creswell, May 26, and Drain, June 9; Dean John Straub, Condon and Wilsonville, May 26, St. Helens, May 11, Antelope, May 28, baccalaureate at Walker, May 29, Silverton, June 3, Seaside, June 7, Albany, June 8, Halsey, June 9, Pleasant Hill, June 10, Santa Clara, June 22, and at Jefferson High School in Portland, June 17; Earl Kilpatrick, Maupin, May 27; President P. L. Campbell, Hillsboro, May 27; Professor Avard Fairbanks, Stanfield, May 27, and Mayville, May 28; Harold Donnelly, Elkton, May 28; Mabelle Hair, Gardiner, May 31, and Co-burg, June 3; Alfred Powers, Florence, June 3; J. C. Almack, Springfield, June 3, and Thurston, June 9; A. E. Caswell, Waltherville, June 3; Professor William J. Hale, Oakland, June 3, Fall City, June 8, and Newburg, June 17; and Bruce J. Giffen, Crow, June 5, and McMinnville, June 10.

CHEMISTS WILL MEET

Heads of Departments Will Tell Students of Future of Profession.

In order that students of chemistry may not become discouraged and in order that they may know the opportunities which come to a trained chemist, Dr. F. L. Shinn and Dr. R. J. Williams, of the chemistry department, will speak to the chemists' club at 7:15 tonight on "The Future of the Chemist's Profession," according to Emerald Sloan, president of the club.

The purpose of the club is to create interest in the study of chemistry, says Sloan, who reports that the organization includes four types of members: Active, or those who are upperclass majors in chemistry; honorary, or faculty members; graduate members, or those who have graduated and are taking advanced work and associate members, or underclass majors. Club meetings are held every two weeks and the speeches are often by the students themselves. About 20 are enrolled in the club at the present time.

Found.—The following articles have recently been turned in at the library: One leather coin purse; two fountain pens.

University Florist's Flower Girl.

Mr. Thoughtful buys flowers for his lady fair

MR. Thoughtful purchased flowers for Miss Charm and then they became better acquainted. Her bridal bouquet and the wedding decorations were selected here. From this shop went forth the flowers that wished them bon voyage on their honeymoon trip and wished them luck upon their return.

Every event is an occasion for flowers.

The varsity wishes to announce that it has employed Mr. R. T. McMullen in the capacity of manager. Mr. McMullen is well known in Eugene and vicinity as he has resided here for the past two years and has been representative of Wadhams & Kerr of Portland for the past five years. The addition of Mr. McMullen to the Varsity force will mean much to our patrons in the way of excellent service and cuisine.

Come in and get acquainted.
