

BILL REINHART EARNS THREE MAJOR LETTERS

Awards Earned in Football, Basketball and Baseball; Only Such Record During Past Year

To "Bill" Reinhart, captain of the baseball team this spring, goes the distinction of being the only athlete in the University who has won three letters in major sports during the past college year. Reinhart started out during the football season, winning his letter in football

BILL REINHART.

while filling a position both as quarterback and substitute halfback on Huntington's gridiron machine.

During the basketball season "Bill" was a member of the varsity regulars, playing at guard and winning his second letter in this sport. This baseball season will see "Bill's" last, as he has already made two letters in baseball. The three letters won in baseball will entitle him to a blanket along with the blankets which will be awarded to "Bill" Steers, Carl Mautz, "Brick" Leslie, "Nish" Chapman and Eddie Durno.

Reinhart is a junior in college and will be back for another season.

OREGON TRACK TEAM HELD UP BY WEATHER

(Continued From Page 17.)

were able only to pull a third in the mile relay. Tuck won the pentathlon. Two weeks later the team again went

north to Seattle to meet the university in a dual meet. The meet went to the northerners by a score of 88 to 43. Two coast records were broken in this meet. One by Gus Pope, of Washington, who threw the discus 145 feet, 4 inches, and the other by Art Tuck, of Oregon, who threw the javelin 192 feet, 4 inches. In this meet the sprinters began to show the form they held throughout the rest of the season. Hemenway beat both Anderson and Eckman, of Washington, who had been figured to me among the first over the tape in the 100 yard dash, and Larsen placed a second in this event. Hurley, the Washington speed demon stepped into a first. In the 220 yard dash the Oregon men believed the finish of the 100 to be the 220 finish and broke their stride, after crossing that mark. This allowed Washington to take a first and a third, although Larsen recovered enough to finish a second.

Glenn Walkley, of Oregon, showed up well in this meet by taking a first in the mile and following it with a third in the two mile. Hurley, of Washington, was the high point man of the meet, taking three firsts for 15 points. Hurley took first in the 100, the 220, and the 220 low hurdles.

The Aggies came to Eugene this year for the annual track meet and returned to Corvallis on the long end of a score of 71 to 60. The meet was a close one and was decided by the last two events. Oregon needed a first and second in the javelin and a first in the relay to win the meet. Dalton, of O. A. C., stepped in for a second place in the javelin, giving Oregon first and third. As the meet could not then be won, Coach Bill Hayward did not use his regular relay team and the Aggies won that event also. Another coast record was broken at the meet when Hobart, of the Aggie team, stepped the two mile in nine minutes, fifty-three and two-fifths seconds. Art Tuck, of the Oregon team, also broke his former record and threw the spear for 193 feet, one inch. Tuck was high point man of the meet, taking first in the discus and the javelin and a third in the shot put. The teams were evenly balanced and neither was able to blank the other in any one event. In the 220 low hurdles it looked as if Oregon might draw a blank when Kuhnhausen fell, but Hemenway took a third, and again in the javelin throw only one O. A. C. man and three Oregon men qualified, but the O. A. C. man took a second.

The combination of Collins and Sundeleaf won the quarter for Oregon. Sundeleaf stepped out and set the pace and a fast clip, Collins dropping to the rear. The O. A. C. men tired out at the fast pace, which allowed Collins to come up

from behind and take a first in the race. Walkley ran a good race in the mile, taking a first over Scea, of the Aggie team. Bowles, of Oregon, took first in the broad jump with a jump of 21 feet, 6 inches, and "Shrimp" Phillips took first place in the pole vault at 11 feet, 6 inches.

The track classic of the year was held at Eugene May 21, when four of the coast conference teams joined in contest. California and Stanford were unable to participate as they sent their teams east to compete. The University of Southern California was invited to send a team but as Paddock was sick the week before the meet the team cancelled the engagement. Washington won the meet with 60 points even, the Aggies placing second with 48. Oregon took third place with 36½ points, and Washington State College was fourth with 18½ points. The meet was a good one and was interesting from the opening race. Six Pacific coast conference records were smashed. Art Tuck, of Oregon, set the new javelin record at 192 feet, 8 inches; Gus Pope, of Washington, heaved the plate out for 148 feet, 6 inches, for a new mark, and

put the shot 45 feet, 8 inches, for a second record breaker; Hobart, of O. A. C., knocked the two mile record down to 9 minutes, 51 4-5 seconds; Walkley, of Oregon, placed the mile record at 4:28, and Hurley, of Washington, tied the conference record of 9 and 4-5 seconds in the 100 yard dash.

Eleven new track letters, and two former letter men to receive stripes seems to be the Oregon list at present. More may be added in the northwest conference meet. The eleven new men to receive them this year will be Roscoe Hemenway, "Ole" Larsen, "Scotty" Strachan, Art Tuck, "Shrimp" Phillips, "Scan" Collins, Blackburn, Floyd Bowles, Tom Wyatt, Ray Lucas and Bill Blackaby. The two former letter men who again made their letters this year were Dick Sundeleaf and Glenn Walkley.

With the freshmen who will be eligible for the varsity team next year back, and also the members of this year's team, Oregon should be strong in track next season. Strachan, Blackaby and Jensen will be the only ones missing next year and Spearow, Griley and Webber will fit in nicely with the rest of the team.

BIG RECREATIONAL PROGRAM PLANNED

Physical Education Is Being Planned For.

A great big recreational program is being worked out for future University of Oregon students by the physical education department under Dean John F. Bovard, a program which provides an abundance of room and plenty of places for each one in the University to play his or her favorite game. "Some sort of physical exercise is essential to the health of the students, and if lots of

places are provided and are made attractive enough, they will come out and get it of their own accord," said Dean Bovard. "There are men in the University who could become good athletes if they were only aware of it. Under the new program they will have ample opportunity to find themselves out. The big idea is," continued the Dean, "to make it attractive enough and have enough places so that 90 per cent of the student body will participate in some phase of athletics."

It is planned by the department to set aside the time between 5 and 6 o'clock each afternoon as a recreational period. This time will be as free from class work as can be arranged, allowing the students to play tennis, go canoeing, hiking or whatever they desire, in order to break the monotony of study.

Now is the time to get your—
