### \$113,269.50 IS GIVEN TO MEDICAL SCHOOL

General Education Board Donates Sum to Be Used For New Building.

An appropriation of \$113,269.50 has been made the University of Oregon Medical School by the general education board of New York City, through its secretary, Abraham Flexner. This money is to be used in constructing a new building for the medical school on Marquam Heights, Portland, and is in addition to an equal sum appropriated by the legislature at its last session.

The contract will be advertised at once and it is expected that the building will be started immediately. Upon its completion another appropriation of \$50,000 will be made by the bureau to aid in the maintenance and upkeep of the building.

These appropriations will mean that the medical school will be one of the best in the country. It is at the present time the only one north of California and west of Denver. Last fall, although a great many applied for admittance to the school there were only accommodations for 60 students. The course of study has been strengthened by making it cover seven years, three of which are taken here or at some other college and the remaining four in Portland.

### PLAY SUCCESS IN SALEM

Ticket Sale Is Big; Seniors May Take Southern Trip.

Reports received late yesterday afternoon from Salem indicate that the ticket sale for "Nothing But the Truth," University of Oregon senior play, staged there last night was above what was expected. The cast left yesterday at 1:30 and will return this morning.

Manager Houston reports that there is a possibility that a southern trip will be made before the end of school. The plan is only tentative, however, and the approval of a number of committees and of the faculty would be necessary before it could be made.

The money made from the play will be used in the senior class part of the student memorial fund.

### FACULTY MEN ELECTED.

Six members of the faculty were elected yesterday noon to membership on the advisory committee of the Y. M. C. A. by the Friendship Council. The men elected were M. H. Douglas, Karl Ontank, A. L. Lomax, George Turnbull, Dean J. F. Bovard and Prof. F. S. Dunn. The advisory committee is composed of six students, six faculty members and six business men representing the downtown churches.
