

PROFESSORS GIVING GRADUATION TALKS

High Schools Call Faculty Members For Addresses.

Many of the University professors have been called upon this year by the high schools in the state to deliver commencement addresses. Although most of the schools in the smaller towns have already finished their work and have held graduation exercises, lectures in the larger towns have just been scheduled.

On June 3 Dean Fox will speak at the Girls' Polytechnic school in Portland. The commencement address at Benson Polytechnic will be given by Dean Ellis F. Lawrence on June 5. On June 5, B. J. Giffen will deliver the baccalaureate address at Crow. On June 8, Wm. G. Hale will be at Falls City, and the following day K. Young will speak at Drafn, F. S. Dunn at Sweet Home, and J. C. Almack at Thurston. On the 10th of the month, E. S. Bates will be at Sand Lake and B. J. Giffen at McMinnville, J. H. Gilbert at The Dalles, Wm. G. Barnes at Crow and E. C. Robbins at Riddle. Dr. Bates will give the commencement address at Coquille on June 16.

Dean Straub has a schedule of addresses that covers June 7, 8, 9, 10 and 22 at the following commencement gatherings: Seaside, Albany, Halsey, Pleasant Hill and Santa Clara.

During Farmers' Week at O. A. C., Dr. B. W. DeBusk is scheduled to give a lecture on June 15.

Three of the University professors will address high school graduating classes on June 17: Dr. W. G. Hale at Newberg, Dr. J. F. Bovard at Yamhill, and Dr. John Straub at Jefferson high school in Portland. On June 21, E. Kilpatrick will speak before the Social Workers' association at Portland.

FEW ATTEND CONCERT.

About 200 persons attended the home concert given by the University orchestra last night, in the best program given by that organization this year.

INSTRUCTORS NAMED

Three Professors to Teach in Summer Term of School of Education.

Instructors in the summer term of the school of education will be Dr. C. A. Gregory, Dr. B. W. DeBusk and Superintendent S. O. Hartwell, of the St. Paul public schools.

Dean H. D. Sheldon will spend the summer in planning courses and in similar work connected with the school of education, and will be away from the campus most of the time. Professor Harl R. Douglass will be an instructor in the summer school at Washington State College at Pullman.

Communications

THAT GREATER OREGON.

To the Editor: Eighteen hundred students from Oregon will go home this summer. They will go to all parts of the state, to say nothing of all parts of the nation.

But few of these are members of the Greater Oregon committee, but all own Oregon as their Alma Mater. Those who bear no direct responsibility should realize also that an informal trust is placed upon them—to do their share toward

building up one of the finest educational institutions in the west.

With the opening of the coming school year, Oregon will be able to present many new advantages to her students—she has added exceptional courses, has enlarged and improved many of the existing departments until she offers an education which is not surpassed by any curriculum in the country.

With this progress made by the University administration, it is but the share of the students to aid in the advertising of Oregon. They are in a position to bring home the advantages of the University to prospective students better than any publicity of a general nature could do. They have the possibility of the "personal touch"—personal contact with those men and women who are about to start a collegiate career and are looking for the proper college.

Not only does this apply to those who depart this year with a final glance at the millrace and a sheepskin under their elbows. It applies to everyone who has ever stepped within Oregon's gates.

No student is asked to run a personal publicity campaign—but is told not to belittle his own influence—to do what he can to show to the people of the state the tremendous educational advantages that are here—that can be had but for the asking.

Summer Work

SALESMAN WANTED—A salesman of ability commands big money; salesmen are not born, but made. We are not a school, but a big business house preferring to train our salesmen. If you are honest and determined we will place you in our instruction department, where you will become a highly efficient salesman. Our men earn \$300. to \$1,000 per month; free night classes for beginners and men now employed.

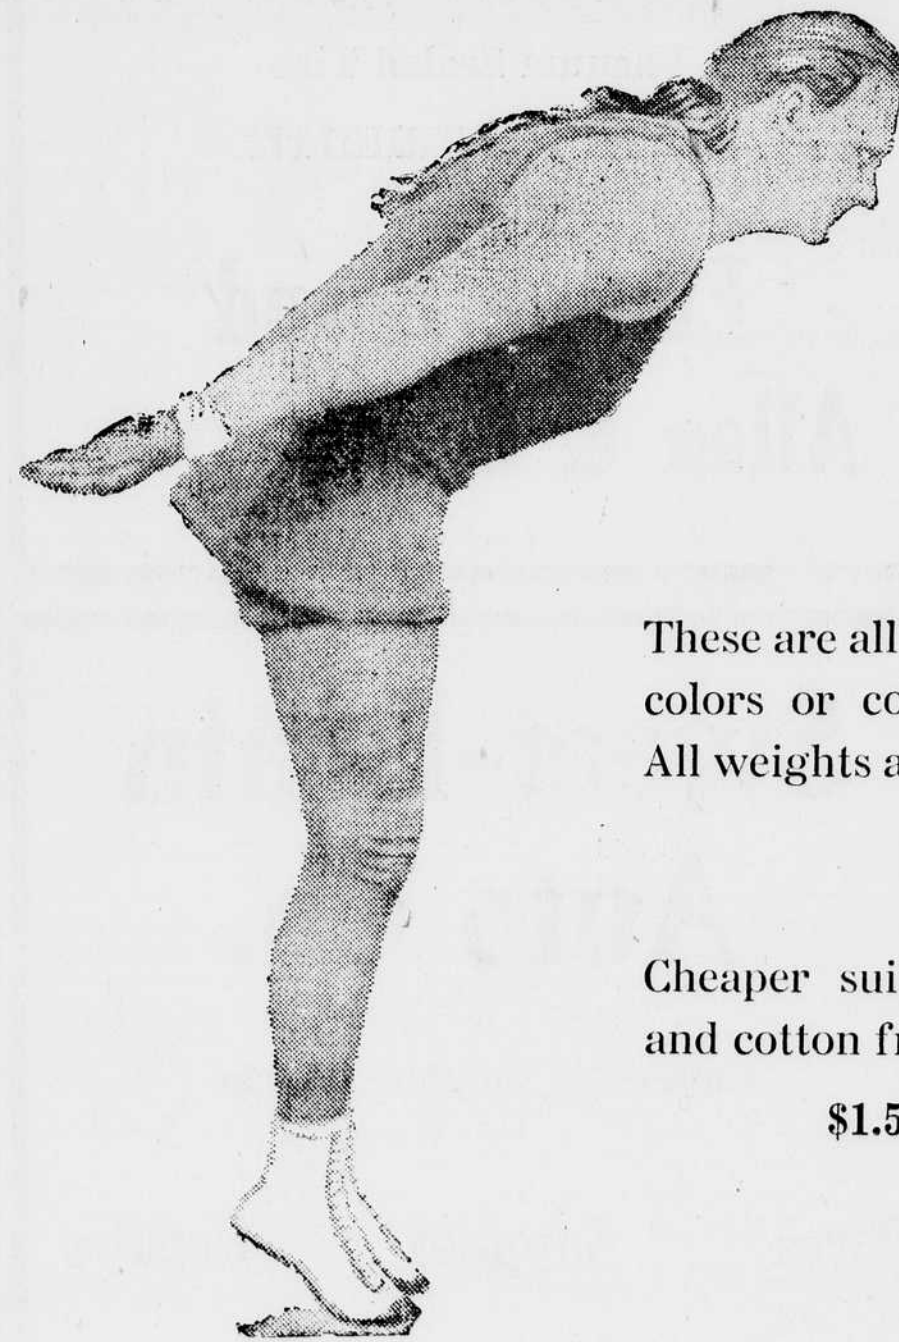

We have one of the U. of O. Boys right now who has made better than \$75.00 per week. What's he Got on You? Call Room 210 Laraway Bldg. Phone 105, Eugene

To the University of Oregon Students:

OUR cordial relations with the Emerald Staff this year have been marked. They have been a very capable and business-like group of young men. We have printed the Emerald during the entire year, two issues of the Lemon Punch, and other University publications.

We wish to express our appreciation for the opportunity of serving the University. We assure you that we shall always stand four-square for 'Oregon'.
