H. R. DOUGLAS ELECTED BY VISUAL INSTRUCTORS

Will Be Member of Advisory Board of National Organization, Also Teach Classes in Work

Professor H. R. Douglas, of the school of education, has received notice of his election to the advisory board of the Society for Visual Instruction. This society is a nation wide institution for the promotion of interest in visual education, and in research for its possibilities.

The University school of education plans to do work in visual instruction, says Professor Douglas, and has a moving picture booth and projection machine for this purpose. This method of teaching will be used in all the regular classes, such as history, English, and science.

"As a teaching instrument," said Professor Douglas, "nothing is more efficient or interesting than visual instruction. It supplements the ordinary teaching, but does not attempt to take its place. People have to know how to study from books, too," he emphasized.

Dr. Joseph Schafer, formerly of the University of Oregon, is a member of the History committee. Other Pacific coast men on committees of the organization are W. K. Fisher of Pacific Grove, California; and T. H. Reed, of the University of California, at Berkeley.

The organization publishes "Visual Instruction," a monthly magazine dealing with phases of the movement.

SHRUBS GIVEN TO HALL

Pleasing Visit to Susan Campbell Hall Results in Gift

So well pleased was she with the living accommodations at Susan Campbell hall that Mrs. W. D. Fenton, in honor of whose son the Fenton Memorial law library was given, has donated 30 carefully selected shrubs, to be planted in the territory adjacent to that structure.

Mrs. Fenton visited the campus last week and viewed many of the University buildings. She was particularly attracted by conditions at Susan Campbell, the newest girls' dormitory.

The announcement was made through W. K. Newell, superintendent of University grounds and properties.

MEN OUT FOR BASKETBALL

(Continued from page one)

present plan is to play as many as five games in an evening, there will be no time to practice.

The referees for the doughnut games will be either Mr. Durno, Coach Bohler, or some of the letter men. The games are to be scheduled in the afternoon, starting at 4, and will run through the evening until 10 o'clock. This plan will not be followed every evening, but on several evenings at least, there will be five games.

According to the coach, the purpose of the department in putting on the doughnut league games is to develop new material which later on may make the Varsity, and he hopes all men who play basketball, or wish to play it, to turn out and try to make the team, the organization to which they belong.
