

ARE YOU A CARTOONIST? LEMMY WANTS YOUR HELP!

Some Good Sketches Needed
For Homecoming Issue

Although cartoons and art work are pretty well lined up for the first issue of the Lemon Punch, which will appear on Homecoming week-end, there is still room for several more drawings in the initial number of the publication for this year. What is most needed at the present time is a number of small drawings, which will take up about one-fourth of a page each.

The cover, and both full page and half page drawings are provided for. However, if better work is turned in, it will be substituted. The aim of the publication is to get the highest grade of work possible from the students, and in pursuance of this policy the editors are urging all who can draw to hand in a sketch or two. Drawings must be in within the next week in order to go into the first issue.

This number will be the "Back Number" and all drawings relating to Homecoming will be especially appropriate. However, other ideas than those relating directly to this special number can be used throughout the magazine. Any students wishing ideas to work on may obtain them by coming to the Punch office afternoons or evenings.

Those who are now working on drawings are urged to finish as soon as possible, as there remains only a week until all copy must be sent in to the engravers.

STUDENT BODY DANCE TO BE SATURDAY NIGHT

Good Orchestra Promised; Fourteen Numbers, Two Extras, Planned.
Price is 75 Cents

The first of the series of eight student body dances to be held this year will be given at the Woman's building next Saturday night. Arthur Campbell, chairman of the dance committee, announces that a good six piece orchestra has been obtained and that

excellent music will be a feature of the evening.

The committee requests that any students who have suggestions to make as to the selections played by the orchestra; or the order of dances will please express their opinions to the committee so that any necessary changes can be made in time to give the greatest satisfaction at all the student body dances this year.

There will be fourteen numbers and two extras at this first student body dance and the price of admission will be seventy-five cents a couple. However, if a good crowd will attend Campbell says that it may be possible to lower the price of admission to later student body dances.

CLASS BASKETBALL PLACED AHEAD OF DOUGHNUT GAMES

(Continued from page one)

for with the large number of games to be played, it was found impossible to play them off before the Christmas vacation, as was planned at first.

One hour is to be allowed for each game, and if the teams have not finished then the game will be called, and the floor given to the next two teams who are to play. Twenty-minute halves are to be played, with ten minutes rest. If the men are on the floor in time they will have ample time for the games with an hour allowed, Mr. Bohler said.

The present plan is that if a team plays its first game in the evening, its next game will be in the afternoon, and the third game will come in the evening again, thus putting it on the floor at a different hour for each game. The schedule provides for games on Monday, Tuesday, Wednesday, and Thursday, with no game on Friday or Saturday unless two of the teams especially want to play on those days.

Time Limit for Varsity Men
Men who wish to turn out for Varsity basketball will not be allowed to play doughnut ball after January 15, Coach Bohler said.

"Now don't let your grades suffer during this series" said Coach Bohler, "for if the grades begin to come down in any manner as a result of these

games we may have to call the entire schedule off."

No teams will be allowed to practice in the gym while the series is being played, but the outdoor gym, which is being repaired at present, will soon be cleared out for practice.

ARCHITECTURE CLUB TO PETITION NATIONAL

Committee on Organization Appointed;
Masquerade Dance to be Held
Night of October 29

At a meeting of the students in the Architecture and Allied Arts school, held Tuesday afternoon in the lecture room of the Architecture building, it was decided to form an organization with the view of petitioning for a national architecture and arts society chapter to be installed at the University of Oregon.

Lyle Bartholomew, acted as chairman of the conclave in the absence of Sidney Hayslip, president of the Architecture club, appointed the following representatives from the various societies to act on a committee for the perfection of the organization. Dick Sundeleaf, chairman, architecture; E. K. Harkness, sculpturing; Phebe Gage, Texon; Ray Bethers, fine arts; Agnes Brooks, normal arts.

The members of the club will participate in a Halloween masquerade dance to be given Saturday evening, October 29. The committee for this affair is composed of Mrs. L. H. Hodge, Glen McGonegal, Pauline Bondurant, Louise Von der Ahe, Jesse Green, and Agnes Brooks.

ICE CREAM CONES FEATURE

Music Fraternities Will Sell Between
Dance Numbers

Mu Phi Epsilon, music sorority and Phi Mu Alpha, music fraternity, will sell ice cream cones between numbers at the Student Body dance next Saturday night at the Woman's building. The proceeds are to be used to get furniture for their room at the new Music building.

The ice cream is to be especially made for the occasion and the cones are to be of unusual quality and size.
