

PRACTICE FOR SWIMMING MEETS TO START SOON

Each Girl Limited to Two Events and Relay Team

Now that the classes in gymnastics have begun thus leaving the swimming pool free, Miss Winslow announces that it will be open every afternoon for those who wish to practice for house, class, or varsity teams and she urges all girls who hope to make places on the teams to begin regular practice immediately. Groups of girls may also go in during the day, provided there is a qualified life swimmer among them.

The meets this year will be conducted on a little different basis than formerly. In order to make possible a more evenly matched contest so that one girl who excels in a number of events may not make a team by herself, each entry will be limited to two events and a relay team. This will give the houses who have a large number of swimmers an even chance with those who have an expert. The aim of the meets will be team competition rather than individual.

Among the freshmen Miss Winslow has found a number of girls who with practice will work up well for speed and diving and she thinks it behooves the older girls to look well to their laurels. There will be instruction for beginners as well as those who are working on particular events and special classes for those who wish to qualify for the Red Cross life saving test. All girls who swim must have a medical O. K. from Dr. Stewart which must be presented at the desk together with the receipt for their locker fee when they call for their suit and towel.

Oregon Men Leave Thursday
Oregon's fighting varsity left yesterday morning on the 7:25 Oregon Electric for Portland where they practiced yesterday afternoon on Multnomah field. The second lap of the journey was made last night and the team will arrive in Pullman about 8 o'clock this morning. Rogers field will be the scene of a light workout this afternoon, just enough to get the kinks of the journey eliminated, and put the team in prime condition for the battle with the Cougars tomorrow.

FROM GRAY TO THE HOUSE MANAGERS OF THE U. OF O.

Ladies and Gentlemen:

When you stop to think of it, you and I have one great interest in common. That interest is food.

It is your business, I take it, to arrange for the purchase of all the food consumed by the thirty of forty young people in your organization.

It is my business to gather from the producers and larger distributors the food supplies needed by the people of this community, and to sell these supplies at the lowest possible prices.

Certainly you and I have a great deal in common.

Sincerely,
A. RALPH GRAY, Proprietor,
Gray's Cash and Carry Grocery.
