

CHEMAWA IS SCALPED BY OREGON FROSH, 38-0

Yearlings Have no Difficulty Swamping Indians

The freshman football squad sustained its reputation for lopsided scores when it defeated the Chemawa eleven 38-0 Saturday afternoon on Hayward field. Until after the first quarter the victory looked as though at night go to either side, but during the last three quarters, Baz's men became more aggressive, piling up 28 points over the 7 made during the first part of the game. They converted every goal. Three forward passes were completed on each side.

The first quarter opened with the frosh left off. The Indians fumbled on their first down, the yearlings recovered the ball. They were held for yardage and the ball went to the red men. The freshmen again got the ball on Chemawa's fumble on the latter's 15 yard line. After a couple of line plunges to little advantage, French, full back, was given the pigskin for a ten yard run around left end for the first touchdown. Jacobberger converted the goal.

Reds Spurt, Then Fade
During the rest of the period the Chemawa aggregation picked up, pushing the frosh down the field for a time, but were unable to keep it up long enough to cross the goal line. Haak replaced Smith at quarter. The period ended 7-0.

In the second quarter the freshmen got under way, ploughing down the field by line bucks and long runs. French made another end run for 20 yards, following it shortly afterward by a 25-yard run through left tackle for the second touchdown. Haak kicked goal.

Shortly after the kickoff Sutton, frosh left half, got away for a 55-yard run for a touchdown. Haak converted the goal. Before the end of the half Sutton made another run for a 25-yard gain around end. The half ended with the score 21-0 for the frosh.

Indians Take on New Life
The Chemawa team came back on the field with a lot of new pep in the third quarter and it looked as though they were going to score. At the opening of the period the frosh played a superior game, making good yardage through the Indian line, but were finally held for yardage in the center of the field. By a long run Chemawa returned the frosh punt to the 15-yard line. There, however, they ran up against a stone wall, losing the ball on yardage. Jacobberger punted and Chemawa was stopped in the center of the field. By a series of passes, Chemawa worked the ball down to its former position on the 15-yard line. The Indians attempted a pass which was intercepted by Smith, who returned the ball to the center of the field before being tackled. Thus ended the third quarter with no gains for either side.

Palefaces Join Indian Lineup
The last quarter merged into something between a regular practice and a comedy. Chemawa ran out of substitutes, and it looked as though the game might be called to a halt, but Baz generously offered the use of a couple of his subs. "Bill" Hart and Williams took their places in the Indian lineup relieving each other at right tackle, amid much wit hurled in their general direction from the grandstand. Two more touchdowns were annexed by the freshmen during the quarter, making the total score 35 to 0.

The freshmen played a much more unified and aggressive game against the Indians than in the previous game against Mt. Angel. Spear and Zachery stood out prominently in the line, while in the backfield French, Sutton, and Smith were the big yardage gainers.

COLUMBIA FROSH ENTERTAINERS

Columbia's freshmen class this year is physically the best entering class examined by the department of physical education in the last ten years.

FEW OUT FOR WRESTLING

Multnomah Club and O. A. C. Teams Want Meets With Oregon Mat Men

Men are not turning out as they should for wrestling, according to Professor Gerald Barnes, of the physical education department, although there is a great deal of good material on the campus this year. No men have yet reported for training in the 115 pound, 145 pound and welterweight classes.

Among the men turning out for regular practice Wagner is showing up well in the 125 pound class. Robertson and Kenneth Waters are two of the most promising in the 135 pound class while Winnard and Nigern as middleweights and doing good work. Cossman is one of the best men out in the heavyweight class.

There should be at least three or four men in each class in order that meets may be arranged with other wrestling teams. O. A. C. has asked for a meet and there is a possibility of arranging some events with Multnomah club wrestlers.
