

## TEAM IN GOOD TRIM AND PLUGGING HARD FOR AGGIE CONTEST

Same Line That Checked Rush of Cougars Expected to Battle O. A. C.

REINHART MAY BE IN GAME

W. S. C. Men Praise Fight Made at Pullman

With light workouts as the order of the day for the earlier part of the week, the first-string football men in the practice last night swung into the height of the steady grind that will culminate Homecoming week-end when the Lemon-Lellow swings into action against the "Fighting Aggies".

Monday and Tuesday evenings the boys were given light workouts to tone them down for the final conditioning drive of scrimmage and drill before the game with the farmers. The boys are in great condition, according to Bill Hayward, and came through the battle with the Cougars practically free from injuries.

**Practice Open Tonight**  
The bars on secret practice will be raised tonight for the first time in weeks and at the big rally this afternoon the student body at large will be given a chance to see their team in action, the last opportunity before the Aggie game. The predominating feature of the practice tonight will be scrimmage with lots of action.

Though there is nothing definite on the subject as yet it is expected that the same line that worked against the Cougars will be used to stop the onrush of the Aggies. In the backfield it is likely that Billy Reinhart and Tommy DeArmand will be used, although they may not start. With Billy Reinhart working behind the line things will look brighter, for Reinhart is one of the most experienced players on the squad and is always sure of a gain whenever he lugs the pigskin.

**Howard in Good Condition**  
Captain Howard came through the Washington State fracas without additional injuries to the knee which has given him so much trouble since the draw with the Gem Staters in Portland. Howard played a great game at Pullman Saturday and should be in shape to give a good account of himself in his last tussel with the farmers.

Two great compliments were paid to the Oregon team after the game in Pullman. Gus Welch, the Cougar coach, told Bill Hayward, "You've got the tightest team, this year, Bill, that I've seen in years," which means a lot considering some of the teams that Gus Welch has seen in action since he left Carlisle. And then Mike Moran, their smashing fullback, said to Oregon's veteran trainer: "Oregon has the hardest-hitting set of backs that I ever tried to stop." Which means something itself when one glances at Washington State's schedule and notices the teams they have tangled with this season.

**EVANS TO BE ACCOMPANIST**

John Stark Evans, professor of piano in the University school of music will be the accompanist for J. Erwyn Mutch, baritone who will appear in concert at Villard hall on Saturday evening as the second program in the Woman's League concert series.

## Fred Lockley Tells How He Gets Story From Almost Any Source

A British general or an office boy, a famous scientist or an old negro mammy, it doesn't make any difference to Fred Lockley, special writer for the Oregon Journal, for he says that there are interesting stories everywhere. Mr. Lockley related several experiences in a talk to journalism students yesterday morning and at a luncheon given in his honor at noon by Sigma Delta Chi.

Letters from Journal readers indicate that more people read Mr. Lockley's column, "Impressions of the Journal Man," than almost any other feature of the paper. His material is gathered by going out among all classes of people all over the state.

Mr. Lockley, wishing to demonstrate his theory that everyone has a story, glanced around the Journal office and spied a new office boy. He called the boy to him.

"Sit down," he requested and pulled

## Honolulu Trip To Be Honeymoon For Coach Huntington

Announcement of the engagement of Miss Hallie Hills, daughter of Mr. and Mrs. J. E. Hills, of Oakridge, Oregon, to Charles A. "Shy" Huntington, Oregon football mentor, was made last night. Miss Hills is a popular and well-known girl in this section of the country and acted as forest fire lookout in the Cascade National Forest near Oak Ridge for some time.

Shy Huntington needs no introduction to the campus. He has been receiving the congratulations of his many friends since the announcement was made last night. "Guess you have it all," were his words last night.

It is understood that the wedding will be an event before the Oregon football team starts for the trip to the Hawaiian Islands, December 10, and that this will be the honeymoon trip of the bride and groom. No definite date has been set as yet for the ceremony.

## OREGON SOCCERITES WILL MEET AGGIES; BYERS NEW CAPTAIN

Prospects Brighter; Barnes, Miller and Dymont Will Help With Coaching

The names of the soccer men who will make the trip to O. A. C. will be posted in the gym this afternoon. The team will leave from the gym for Corvallis at 7:00 Friday morning.

The Oregon soccer team meets the O. A. C. representatives of the Scotch game on the Aggie turf tomorrow morning. This was the hope given out from the office of the graduate manager yesterday afternoon after learning that the budget committee had provided funds for the trip to Corvallis.

"Monte" Byers, member of the Peninsula soccer team of Portland which won the league championship in 1920, former Franklin star, and a member of the varsity squad last year, was elected captain of the University soccer team Tuesday evening. The election took place after Morgan Staton, last year's captain-elect, expressed a desire that the team should be captained by one of the men who can be on the field each evening. Staton is busied with Emerald advertising this year.

Prospects for a combination of players capable of handling the round pigskin skillfully to meet some outside team have taken a decided turn for the better during the past week. Also, Professor Gerald Barnes, of the athletic faculty, brings out his gym class proteges and works out the varsity men. Dean Dymont expects to get out and teach the boys a few of the finer points of the game before the contest here Homecoming. Justin Miller, of the law department, former Stanford player, will probably also assist Coach Barnes.

With very little coaching, practically no organization, and many new men, the squad which faces O. A. C. tomorrow stands little chance of making a good showing against the trained Aggie team. Lynn Roycroft, one of the backs who possesses a mighty toe, is out of the game with an injured foot. It is likely that Jimmie King, Byers, Cliff Vester, Brogan, and Lau will

(Continued on page three)

## DRIVES ON CAMPUS TO BE LIMITED BY STUDENT COUNCIL

Soliciting of Funds Is To Be Supervised by Committee

SIGNS TO BE REGULATED

Class Cutting on Wednesday Before Thanksgiving Frowned on

Solicitation for funds for various welfare and commercial enterprises will hereafter be discussed by a representative committee and recommendation made to the Student Council for the refusal or sanction of that body, as a result of action taken by the council at their meeting last night. The discussion in the meeting brought out the fact that the soliciting of funds without the approval of the Student Council has been going on for some time on the campus.

President Bartholomew of the A. S. U. O. declared that the Council had the power to stop any solicitation and punish the offenders, if such a campaign was being carried on without the official sanction of the governing body. The action of the Council means that all campaigns for raising funds for Y. M. C. A., Y. W. C. A., Student Relief and other welfare organizations must first come before the Student Council and will then be referred to the committee which President Bartholomew will appoint shortly. This committee will decide upon the merits of the campaign or "drive" and will then recommend either the approval or disapproval by the Student Council of the proposed plan, and if approved, limit the amount to be raised.

**Campus Sales Also Included**  
The matter of the conducting of sales on the campus was also taken up by the Council and hereafter all sales must be first sanctioned by the Student Council. Not only does this apply to sales conducted on the campus but to the sales of any edibles or novelties at Student body functions. The appointment of a committee for hearing the applications of individuals or organizations for the conducting of sales will be made by President Bartholomew at once.

The campus committee reported that various improvements were being made about the campus. The matter of signboards was taken up and the campus committee instructed to remove all signboards from the campus at once, with the idea of placing uniform boards for bulletins at the various entrances.

The Council voted to give the campus committee full power to authorize or stop the practice of placing bulletin boards or signs about the campus. James Say, Jason McCune and Mildred Ferguson are the members of this committee.

**To Ask For Special Trains at Four**  
The Council voted to confer with the railroad authorities on the matter of running special trains for Thanksgiving vacation. An attempt will be made to have the railroads run their special trains out of Eugene at 4 o'clock or after rather than at 2. It was thought this would eliminate all possibilities of students cutting Wednesday afternoon classes before the holiday period began.

A committee composed of Floyd Maxwell and Marian Lynn, was appointed by President Bartholomew to draw up a resolution to the students, that a full attendance be present at the Wednesday classes before Thanksgiving and at the Monday classes following the vacation period. The resolution will also call the attention of the students to the need for better attendance at all classes.

**Prompt Dismissal of Classes Asked**  
The matter of the violation of the ruling of holding classes over the hour when they should be dismissed was brought before the attention of the Council and a request will be sent to the faculty for a closer observance of the rule. It was declared by members of the Council that there were numerous complaints from students that members of the faculty were holding them in class until they were late to the next class.

Norton Winnard, chairman of the Homecoming committee reported gratifying progress in that body.

**DEAN SHELDON IN PORTLAND**  
Dr. H. D. Sheldon, dean of education, who is in Portland to conduct regular extension division classes will address the Washington county teachers' institute at Hillsboro before returning to the campus.

## VOCAL BARRAGE SCHEDULED

\* \* \* \* \*  
**Yell Practice Today on Hayward**  
\* \* \* \* \*  
**STUNT REHEARSAL PLANNED**

Target practice for the Thundering Thousand will be held on Hayward field at 4:30 this afternoon. The range for the vocal barrage is set at 11-19-21. Every man in the University is expected to get behind the big guns as "Obie" directs the fire on a triple target—unison, effectiveness, and volume. The yell staff realizes that in only one way can the varsity supporters make themselves heard above the discordance generated by the 3500 rooting Aggies, and that is by teamwork.

But primarily the yell kings wish it understood that the practice this evening is not the ordinary yellfest. The stunt for the game will receive its initial staging today. Five hundred men will take part in this stunt and it is necessary that the Thundering Thousand should be trained to insure effectiveness.

The surprise booked for this afternoon is arousing considerable comment around the campus, but "Obie" re-

fuses to give out any information other than that this bleacher rally attraction will probably receive a little space in state press reports in tomorrow's papers. Pro-tra-co will handle this surprise feature.

Also, the rejuvenated, renovated football team—the scrapping warriors who gnawed the dope sheet into tiny fragments and scattered the pieces in the Pullman winds last Saturday—will appear in scrimmage action. It is probable that this will be the only open practice held before the big game on November 19.

"Obie" advises the men students to dig into their war bags and break out the rooster's headgear. These caps will not be necessary at the stunt practice today, but every student wishing to use his student body ticket to see the classic contest between the two state institutions at Homecoming must wear rooster's caps. Graduate Manager Benefiel states that the cap will be used as a check on the student body ticket.

## CONCERT PROGRAM VARIED

JOHN B. SIEFERT AND MISS TESCHNER SOLOISTS

One of Indian Dances to Be Played by Orchestra Embodies Airs of Rogue River Tribe

The program for the second annual Armistice eve concert-dance, sponsored by the University orchestra this evening at the Woman's building, promises a varied selection of musical treats, among which are two Indian dances by the orchestra, three tenor solos by Mr. John B. Siefert, and a cello solo by Miss Lora Teschner.

The first two Indian Dances by Skilton gets its melodies from the Rogue river Indians of Oregon. The "Deer Dance" is part of the annual memorial service of the Rogue river Indians, and its movements represent the ceremony of the redskins for their departed braves. The opening melody represents the voice of the chief singer which is taken up by the assemblage, and the last part of the selection depicts the dance which is supposed to represent the deer hunting operations of the departed. The War Dance is a Cheyenne melody. The native melodies used in these numbers were given to the composer by Mr. R. R. DePoe, chief of the Rogue River tribe.

**Composer Died in War**  
One of Mr. Siefert's solos, "There Is No Death," by O'Hara, is peculiarly appropriate to an Armistice eve program as Mr. O'Hara, the composer, gave his life to his country in service during the World War. Prof. Leland A. Coon will act as accompanist for Mr. Siefert's work.

A cello solo by Lora Teschner, promises to be a piece of finished musical art as Miss Teschner has just returned from a year's travel as cello soloist with the Thierlow Leuraunce Little Symphony Orchestra which filled engagements through the west, middle west, and Canada. The solo will have orchestral accompaniment.

The five dance numbers played by the full orchestra will follow immediately after the concert program. The success of one of the waltzes, "Moonlight Hours," will be witnessed by its

(Continued on page three)

## POLES FOR FIRE PLACED

Freshmen Start Piling Wood for Homecoming Bonfire

The fresh bonfire, last night passed the first stage of its construction. Four corner poles and the center pole, 85 feet high, were placed and firmly tamped into the ground. Trenches were dug from two sides and tunnels of wooden boxes were laid from the other two to the center pole for the draught system. A pipe composed of empty barrels will go clear thru the bonfire from the base to the top. It will be joined at the base with the draught tunnels.

The Eugene Telephone company sent its men with a service car and derrick to assist the freshmen in putting up the poles.

One hundred gallons of oil will be used on the fire. Empty banana crates, decrepant two-by-fours, old boxes and other inflammable material is being gathered by chairman of the transportation committee, J. Nelson, and a corps of freshmen. Joe Parks is looking out for material and Russ Barton is handling the construction.

Men are guarding the bonfire each night.

## HOMECOMING LUNCH WILL BE SERVED IN WOMAN'S BUILDING

More Than 3000 Students and Alumni are Expected to Partake of Meal

NEW SYSTEM TO BE USED

Entrances and Exits Will be Arranged to Prevent Undue Confusion

More than 3000 students and alumni are expected to be in line this year when mess call blows for the annual Homecoming luncheon, according to the luncheon committee, who are now practically ready for the "big onslaught." The luncheon will be held in the Woman's building and serving will begin promptly at 11:30 Saturday morning.

Heretofore the luncheon has been held in the men's gym, and besides eating, a favorite sport of the participants has been to plaster the walls, ceilings, and floors with beans and coffee and other articles on the menu. The committee after much exhortation and pleading finally received permission from those in authority to use the Woman's building. Promises were made, though, that the Woman's building would not be marred or defaced in any way. Students and alumni are expected to eat, drink and be merry, but still remain within the bounds of propriety. A corps of 50 student deputies will act as policemen and will enforce order.

**New Way of Serving Planned**  
The method of serving has also been changed. Three serving tables will be placed on both sides and at one end of the room. The ice cream booth will be at the other end. There will be two main entrances to be used for entrance only. Ushers will direct the students and alumni to one of the tables where they will receive their plate already filled with eats. Chairs will be provided on the main floor, the sun parlor, and the balcony. Two exits will be provided, and so confusion will not enter on the program.

A luncheon, dainty and petite enough for the smallest eater, and yet large enough to fill the dinner basket of the hungriest of the hungry will be prepared. The University band will play during the luncheon. The menu will consist of meat loaf, potato salad, sandwiches, hot rolls, pickles, coffee cake and ice cream. The men's and women's organizations are co-operating with the committee to the extent of furnishing the bulk of the food, and non-organization students are contributing 75 cents to defray miscellaneous expenses. It is hoped that the luncheon will completely pay for itself and so relieve the financial burden of A. S. U. O. treasury.

**Hobnails Barred**  
The committee wishes to emphasize that old clothes may be worn, only hobnails being taboo. The names of the luncheon committee follow. Ella Rawlings, chairman; Maurine Elrod, Margaret Mathieson, Wilbur Hoyt, Harold Dedman, Don Zimmerman, Eve Beekman, Echo Baldaree, Ransom McArthur, Raymond Boyer, and Fred Lorenz.

## COACH AND TRAINER MOVE

Huntington and Hayward in Offices in Old Outdoor Gym

The building formerly known as the outdoor gym is now the headquarters of Bill Hayward and Shy Huntington, who moved their offices to the new location from the men's gym on Monday.

All the lockers in the corner of the gym next to the shower room were also moved to the new building for the use of the football men, and to provide more space for lockers in the men's gym.

Some 450 new lockers will be built in the space left vacant by the removal of the steel lockers.

The new building may even be changed into a new Varsity room, thus turning over the room at present used for this purpose, for the installation of new lockers.

The offices left vacant by the coaching staff are being used by the physical education professors.

## FOCH SEES FOOTBALL GAME

Marshal Foch attended his first football game in America when he saw the Chicago-Ohio State game as the guest of President Judson of Chicago University.
