

VARSITY HOOPERS BEGIN WORK; FOUR VETERANS IN LINE

Material Available Promises to Make Team Strongest in Several Years

4 HIGH SCHOOL STARS HERE

Christmas Trip Postponed on Account of Failure to Schedule Games

Varsity basketball practice, starting this week will be on Monday, Wednesday and Friday evenings at 8:30. This is being done so that the best material may be picked out for the squad which will begin practice in earnest after the Christmas holidays.

Coach Bohler had in view a trip for the team during the Christmas vacation, but games have been so hard to schedule with desired teams that this is practically a past matter. If this does carry through though a squad of eight or ten men will probably play ten or twelve games during the vacation, and return to Eugene in time for the opening of the Winter term. This trip would be good practice for the men, but there are so many obstacles in the way now that the Coach regards it as improbable.

Strong Nucleus for Team

There are four of last year's team available this year for basketball, and a great wealth of men who have not yet won their letter. The four letter men that are back are: Marc and Hugh Latham, Francis Beller, and Bill Reinhardt. These men are all star performers and should form the nucleus for a very strong Varsity team.

Probable material for the varsity includes such men as Roll Andre, Ralf Couch, Arvin Burnett, Meredith Beaver, all of whom were on the squad last year, and Bill McMillan, Francis Alstock, Hadden Rockhey, Hal Chapman, and Leo Goar, of last year's freshman.

Andre Fast Man

Of these men Roll Andre is the best bet for a Varsity berth, for he is by far the fastest man on the squad, a clever passer, and also a good shot. Couch, Burnett, Goar, and Chapman are all good guards, and any one of them may make the team as the situation now stands. Other forwards available besides Andre, are Hugh Clerin, Francis Alstock, Hadden Rockhey, and Meredith Beaver, all of whom have a chance to make good. Bill McMillan at center will battle it out with Hunk Latham for the regular berth.

Although there is no Eddie Durno available for the team, Andre will no doubt help fill the vacant space, and with the other material available, the team this year should be the strongest that Oregon has entered in the Conference for some time.

Eighteen Teams of Debators To Start Tournament Tonight

Debating, for the championship of the men's doughnut league, will begin tonight at 7 o'clock, in the Business Administration and Oregon buildings, with 18 teams, representing eight organizations in the field.

Each organization, with the exception of the Oregon Club which has two teams on each side of the question, will have one affirmative and one negative team. The entries up to date are:

Phi Sigma Pi, affirmative: Acie Merrifield and Carl Willett; negative: Henry Karpenstein and Carl Epping. Chi Psi, affirmative: Virgil Oliver and Edward Hoyt; negative: Harold Michelson and Thomas Crosswait.

Friendly Hall, affirmative: Elmer Calef and Elam Amstutz; negative: Ralph McClafflin and Thomas Hughes. Sigma Alpha Epsilon, affirmative: Stanley Eisman and William Beck; negative: Bruce Curry and Harold Brown.

Delta Theta Phi, affirmative: Orval Millard, and Gordon Wilkison; negative: Walter Whitecomb and Maurice Eben.

Phi Gamma Delta, affirmative: George Royer and James King; negative: Nelson English and Claude Hollister.

Sigma Chi, affirmative: Bill Potec and Bill Reinhardt; negative: George Bronaugh and Lloyd Watnee. The names of the debaters on the two Oregon Club teams have not been announced.

New Date Plan Is Tried; May Be Traditional

The absence of strollers along the mill race and other shady spots on Sunday evenings is the result of the decision of the heads of houses to try out a plan of making Sunday night a stay at home night.

There is no rule against Sunday evening dates, contrary to the popular supposition. It was suggested at the last meeting of the heads of houses. They acted upon it by requesting the members of their respective houses to make no engagements for Sunday evenings henceforth.

The situation is simply the trying out of this plan. It may or it may not be permanent. Probably the heads of houses will decide that at their next meeting when they hear a report of the working out of the plan.

Dean Fox upon being interviewed says that there is really nothing to say about it. There may be a ruling concerning the matter, or it may be dropped. Perhaps this is a tradition in the making.

SHELDON TO TALK TONIGHT

FORUM ON DISARMAMENT CONFERENCE WILL BE HELD

on Movement Toward Peace, and Dean of School of Education to Talk Social Question of World

Have wars been useful in the past? Can there be any great social progress in the world without war? Is there an instinct to fight that must and should have an outlet? What do the "people" of the world want?

Dean H. D. Sheldon, of the school of education, will try to answer as many such questions as sixty minutes will permit tonight, in the Y Hut, from 7 to 8 o'clock. He has proven himself a fluent and keen speaker in his former appearances before the student body and should be able to handle a few hundred of them.

The occasion is the first forum on the Disarmament Conference, there being a number of others to follow on specific questions involved. Dr. Sheldon's topic is "The Relation of the Movement Toward Peace to the Great Social Questions Facing the World."

The campus bolsheviks, reformers, and ex-service gobs will have ample opportunity to shoot the Dean's arguments full of holes during the last half hour of the forum. In an interview with Dean Sheldon, who was fortified by a stack of books and official looking documents, he defines his position thus: "I may not be able to solve all of the problems, but I propose to answer all of them. Tell 'em not to stay away if they don't think they'll agree with me, because I wouldn't agree with any crowd to talk at."

Lyle Bartholomew, president of the A. S. U. O., will preside and he promises that the fireworks will begin promptly at 7 o'clock, and cease promptly 8 o'clock.

In the words of Yell King "Obie," "men, women, children and faculty are invited."

WORLD ADVERTISING CLUB HEAD TO SPEAK AT NEXT ASSEMBLY

Educational Campaign of Association is Topic of C. H. Mackintosh

PERSONALITY IS DYNAMIC

Accomplishments of Speaker Outstanding in Field of Publicity

Charles Henry Mackintosh, of Chicago, the president of the Associated Advertising Clubs of the World, will address the assembled student body on Thursday morning. Nearly every student has heard him speak before—by proxy. During the days of war stress, when you heard a Four Minute Man in every moving picture house you entered, the stirring speeches that you heard came from Mr. Mackintosh, as editor of the Bulletins of the Four Minute Men. He thus spoke every day through mouths of 75,000 speakers, in every nook and cranny of the United States.

Mr. Mackintosh will have a real message about the great educational plans of the advertising clubs. The purpose of the educational work of the advertising association is to make advertising more interesting and more helpful to the public, as well as more profitable to the advertisers. The great ideal of advertising men is to present attractive ads, free from any element of untruth.

Entire Time Given to Club

No president of the Associated Advertising Clubs has done for the association and for the cause of better and more productive advertising, what Mr. Mackintosh is doing. Upon election, he left his duties as director of sales and advertising of LaSalle Extension University, Chicago, in the hands of others, so as to devote his entire time to the work of the organization for the year. He is serving the association without compensation. He closed his desk, packed his grip and took to the road, on a tour that includes every advertising club in the United States and Canada—more than 200, all told. He is out to present the story of the work and the plans of the organization at first hand to the business men of North America.

Intensity is Known

Mr. Mackintosh is not only a forceful speaker, but a man of a dynamic personality, as well. A recent writer of a magazine article concerning him said that if he had a slogan, it would be: "I would rather be a finely attuned watch spring whose life is but a year, than forty tons of iron ore." Mr. Mackintosh's countless admirers have, in describing him, commented upon the fact that few men, at his age, have been able to accomplish as much as he has. He learned long ago that man's accomplishment does not depend so much upon the number of years he is on a job as upon the intensity with which he cultivates his time.

Address Termed Whirlwind

Professor W. F. G. Thacher, advertising instructor, who has followed the career of Charles Mackintosh for the past three years comments as follows: "In my opinion President Mackintosh is the outstanding figure of the advertising world. His personality is characterized by his dynamic action and initiative. His unusually stirring addresses have been acclaimed 'whirlwind speeches.' I am sure that we are all looking forward with a great deal of pleasure to his appearance on Thursday."

\$300 PRIZES FOR ESSAYS

International Relations Subjects for Articles by Students

The Institute of International Education is offering \$300 in prizes for the best essays submitted before January 1, by any undergraduate student in the United States, on the following subjects: How may Japan Provide for its Increasing Population Without Violating the Rights of Other Countries?; The Open Door Policy of China; and the Relations of the East and West. Essays are to be submitted to the United States secretary of the International Relations Club, New York.

EMERALD STAFF MEETING

There will be an important meeting of the Emerald staff in the shack tonight at 7:15 sharp. It is very important that all members of the news staff be present.

WINGED M PUT TO FLIGHT BY OREGON SCORE IS 21 TO 7

Lemon-Yellow Football Season Ends With Multnomah Club Contest

TIE SCORES FEATURE YEAR

Two Post-Conference Games In Hawaii to Come; No Line on Islanders

Season Record

Oregon 7	Willamette 3
Oregon 21	Pacific U. 7
Oregon 7	Idaho 7
Oregon 0	California 39
Oregon 7	W. S. C. 7
Oregon 0	Aggies 0
Oregon 21	Multnomah 7

By EP HOYT

The old dope bucket was given another healthy boot Thanksgiving day when the varsity trampled the winged M in the mud of Multnomah field. Shy's men were conceded but an outside chance to win from Philbrook's aggregation even with the reversal of form that has been evinced since the California muss. But the Lemon-Yellow stepped out and showed some real class in the game which wound up the season as far as their games are concerned in these United States of America.

Not that it was any walk away, for despite the score, Bill Steers and company were there all the time affording danger. With a score, Oregon 14, Multnomah 7, the clubmen carried the ball down within striking distance of the Lemon-Yellow goal only to be turned back by brilliant defensive playing from making the tying score.

Two Brilliant Passes Bring Score

Then with a seven point lead, but always menaced by the steady drive of Multnomah toward that tying score, and with but four minutes to go, Oregon recovered a partially blocked punt that Latham sent for 25 yards and took the ball on her own 40 yard line. A few ineffectual attempts were made to gain ground on line bucks and then two brilliant passes, Chapman to Latham and Latham to Howard shoved the ball over the goal for the third touchdown. The procession was ended when the final whistle blew a few minutes later.

OREGON CLUB GIRLS WIN

ALPHA DELTS DEFEATED 19 TO 5 IN FIRST GAME OF SERIES

Eleven Organizations to Compete for Doughnut Basketball Championship; Two Sub-Leagues Formed

The Oregon Club basketball team was the winner in the first of the girls' doughnut basketball series. They defeated the Alpha Delta Pi team by a score of 19 to 5. The game was a good one for the first of the season and both teams had to fight hard.

There are 11 teams in the league and they are all out for the Laraway cup which the Gamma Phi Beta team won from Hendricks Hall last year by one point. The girls have been working hard for the past two weeks at the regular afternoon practices and almost every evening one or two houses have been holding special practices in the indoor and outdoor gymnasiums. Miss Grace Snook has been coaching the teams and she says that the contest is certain to be a close one.

The teams have been divided into two sub-leagues with Alpha Delta Pi, Oregon Club, Chi Omega, Kappa Kappa Gamma, Gamma Phi Beta and Pi Beta Phi in league I and Susan Campbell Hall, Delta Delta Delta, Hendricks Hall, Delta Zeta and Kappa Alpha Theta in league II. Each team will play every other team in its league and the two winning teams will play for the championship.

Beginning this afternoon a game in each league has been scheduled for every afternoon at 5:15 in the outdoor gymnasium. Ten minute halves will be played with ten minutes rest at which time the second team will go on the floor. In order to finish the series in two weeks it has been necessary to schedule three games for the same afternoon on four afternoons. On these days the teams will draw to decide who plays in the indoor gymnasium.

The games scheduled for this afternoon are Chi Omega vs. Kappa Kappa Gamma and Hendricks Hall vs. Delta Zeta.

"OLDER BOYS" TO MEET IN EUGENE NEXT YEAR

Three Annual Conferences to Combine L. H. Putnam Representative of Campus "Y" to Corvallis

At the annual Older Boy's Conference of the Willamette valley, held in Corvallis on November 25-26-27, it was decided to hold next year's conference in Eugene. It was partly through the efforts of the campus "Y" that this decision was reached, as that organization, as representative of the University, secured letters from President Campbell and the student council, and read these, together with its own invitation, at the conference last week-end. These invitations from the University were read in connection with similar ones from the downtown "Y," the mayor of Eugene and the Chamber of Commerce, so that the matter was so well placed before the conference in Corvallis that it unanimously decided to meet in this city for the 1922 session.

The "Y's" suggestion of combining the three conferences held annually into one, to take place here next year, was also accepted. At least two of the conferences, the Willamette Valley and the Southern Oregon, will in all probability be combined. This will bring over 500 boys to Eugene, and incidentally to the University campus. It is felt that there will be a good chance to demonstrate the opportunities awaiting them at Oregon, as most of these men are from high schools, and within a few years of college matriculation. L. P. Putnam, the new "Y" secretary, represented the campus at the conference in Corvallis, with Roy Ventch, Bruce McConnell, and Harold Elsensohn.

FRESH FIVES TO PRACTICE

EDDIE DURNO TO COACH INFANT BASKETBALL SQUAD

Prep School Stars Included Among Those Who Will Try Out For Places on Team

Freshman basketball practice starts this evening at 8:30 and will come on Tuesday and Thursday evenings at 8:30 and Saturday afternoons, till after the doughnut series is over, when practice will probably be held at more convenient hours.

Eddie Durno is the freshman coach this year, and with the great mass of material on hand chances for a good freshman team are bright. According to Coach Durno the men with reputations will have no more chance for the team than any of the others, and the men that make the team will have to show their ability on the floor.

Among the men playing in the doughnut series who have shown up well are: Ashby and Schaeffer, both from Salem, and both are also All State basketball men. Ashby is a guard, while Schaeffer plays either guard or forward. King and Meyers, both from Portland, both have been placed on the All Star team of the Interscholastic league of Portland. Murray, who played for Eugene; Wright from The Dalles, Smith from Medford, Jones from Salem, Alm of Silverton, and Peterson, Campbell, Young, Harding, Staley, Burton, and Jacobberger, all of whom are experienced basketball men, fill out an imposing array of basketweavers.

TEA TO BE HELD AT BUNGALOW

The regular Women's League tea will be held Tuesday, November 29th, at the Y. W. C. A. instead of the Woman's building. Tea will be served from 4 to 5 p. m. and from 5 to 6 a program has been arranged and the student secretaries of the various churches will speak. Everyone is urged to be on hand.

Extra Turkey Holiday Worth Effort, In Students' Opinion

Eating and sleeping were the main events on the program during our late Thanksgiving vacation. Every student, it seems, in some way made the best of his leisure hours to sneak forty winks under the protection of Morphine or to rush tableward for the seasonable feast.

Nearly 500 students spent Thanksgiving day on the campus. Some were stranded because of the uncertain transportation service which has resulted from the recent storms. Others could not find time to join in the homeward rush on account of too many miles to cover in too little time. It is also reported that there were seen a few who, in view of the remaining 18 days before the end of the term, stayed here to study. No doubt there were many whose sick pocket books could have coaxed no tickets from the Southern Pacific.

Social festivities on the campus over the holidays were numerous. With the suspension of house rules, and the

PLAN SUGGESTED FOR ELECTION OF ATHLETIC DIRECTOR

Intercollegiate Sports Urged to be University Rather Than Student Activity

SYSTEM UNSATISFACTORY

Dean Bovard, Alumni and Many Students Favor New Method of Management

"It must be realized that athletics are becoming more and more a normal function of the University and that there are at present two distinct systems of handling intercollegiate athletics now in operation in American colleges and universities," declared Dr. John F. Bovard, dean of the school of physical education, yesterday.

There is on the one hand, according to the Dean, the system now in use by the University of California, where athletics are handled entirely separate from the University. A board of control composed of nine students, three alumni and one faculty member has complete supervision of all contracting for coaches, and in fact all matters pertaining to the athletic policy of the institution. Under such a system athletics are handled entirely as a student activity rather than a University function.

The example of the second system is that in use by the University of Illinois. Here a director of athletics is elected. He is a member of the faculty and is paid by the University to have charge of all athletic matters, including the supervision of all coaching. Under this system the coaches too are paid by the University, and in this manner the athletics department takes its true place as a University activity rather than a student activity.

"The universities must realize that athletics are playing their part as a great unit in character building," said Dr. Bovard, in commenting upon the system now in use by Illinois. "They should place this department on a University basis."

In the opinion of Dean Bovard and many students on the campus the system of a director of athletics if installed here would bring about much better harmony in the athletic department. It has been rumored that there is friction between some of the coaches here.

Investigation of the plan of a director of athletics has been made, but it is not known just what stand the University might take on the matter. The matter of financing such a system is of no small importance, as this would take the payment of coaches and trainers entirely out of the hands of the associated students.

If such a plan is adopted here it is thought advisable that the proposed director of athletics work in connection with the present executive council as well as with the faculty. This would then enable him to get the opinion of this representative organization in the proper selection of coaches.

Under the present system at Oregon, which many declare is proving highly unsatisfactory because there is no executive at the head of the department of athletics, the coaches are paid by the University and the Associated
