An Individual Proposition.

With the announcement of the personnel of the greater Oregon committee, comes the realization that in the past this committee has not accomplished what it could have done. There is an unlimited amount of good work which can be taken care of by this committee, and it is the idea of the University and the officials of the associated students to leave nothing undone which will serve to make this greater Oregon.

But this committee alone cannot and is not expected to do all the boosting for good old Oregon that is to be done during the vacation period. It is true that this committee will look after the details of organized boosting, but on each individual rests the responsibility of making Oregon known in every corner of the State and the Northwest during the holidays.

Don't let the Oregon Spirit only smolder because you are going back home to get away from the daily grind of studies. Keep that Spirit blazing and pass on to all you meet, the enthusiasm you now hold for Oregon. Oregon Spirit is contagious. On you who have lived within it, lies the burden of carrying it on.

Greater Oregon committees will not make this a greater Oregon unless they have the assistance and cooperation of every Oregon student. When we go home this vacation let's go out to the world advertising the fact that we are from the University of Oregon. And above all things remembering that our individual actions and words will have more to do with molding public opinion about this grand old school, than will all the organized boosting and advertising which we can do for years and years to come.

The development of the many rather than the few, is the aim of intramural competition. This is also true of minor sports. We must not stifle our minor activities, or this principle will suffer. The proposed amendment to come before the students today should be given hearty support by everyone.

PROSPECTIVE STUDENTS WILL HEAR OF OREGON

Committee Will Outline New Plans in Assembly

Meetings of students by home towns are being called for today and tomorrow by the newly appointed chairman, following the decision of the Greater Oregon committee at a meeting yesterday afternoon. A new policy of organizing college preparatory clubs in the high schools, of running University columns in high school and town papers, and of holding personal conferences with prospective students will be outlined by the chairman of the town committee.

The plan will be outlined in assembly this morning, where it was originally planned to have the separate meetings held. Due to the fact that only eight members of the committee attended the meeting yesterday this has been considered impossible.

The alumni will back the new plan in every way, according to Dave Graham, alumni chairman. Miss Jeanette Calkins, acting alumni secretary, brought up the idea that it is more the kind of freshmen that the University gets than the number. This idea will be carried out. Paul Patterson, general chairman, outlined the general plans of the committee.

New members of the committee are as follows: Silverton, Lyle Janz; Brownsville, Leonard Lerwell; Lebanon, Randolph Kuhn; Hillsboro, Leo Goar; Enterprise, Prin. Tavener.

PLANS OF SCHOOL WANTED

Guatemala Institute Asks Blue Prints of Medical Buildings

A request has been made of the University of Oregon by the educational section of the Pan-American Union, for the blue prints of the University of Oregon medical school buildings.

These prints are to be sent to the

Legation at Guatemala, a city in Central America, for the use of the Guatemala medical school, whose buildings recently were destroyed by earthquake. They wrote through the Pan-American Union, to the headquarters at Washington, D. C., for the latest improvements in arrangement, style of construction, and equipment, to be procured in the United States. The educational committee choose the University of Oregon buildings as the most suitable. "The effort of the Guatemalan medical school, to rebuild its plant along the most progressive modern lines is deserving of all possible assistance, and is most praiseworthy," said F. J. Yanes, in charge of the educational section of the Pan-American Union.

Y. W. TO ENTERTAIN GIRLS

Those Intending to Stay During Vacation Asked to Sign List at Bungalow

Girls who will be in Eugene during the Christmas vacation are looking forward to the entertainment the Y. W. C. A. is planning for them. Definite plans have not yet been formed. The girls intending to be here are asked to sign up on the list that has been placed on the bulletin board at the bungalow so that the entertainment committee may get an idea of the number of girls who will be in town and can plan the entertainment accordingly. The Nu is also making plans for a good time for the girls who will be obliged to remain because of the work they are doing.

SOUTHERN RUGBY PLAYERS PRACTICE FOR TRIP NORTH

Stanford University, Palo Alto, Dec. 7.—(P. I. N. S.)—Sixty men are out on the rugby field every day now, practicing for the trip north to Canada during the Christmas vacation. The closing of the American football season has greatly strengthened the squad through the acquisition of such men as Patrick, Wilcox, Campbell and Schaudeman, all of whom have had experience in rugby.

Phi Mu Alpha—Luncheon at the Anchorage today. Important meeting.

PI LAMBDA THETA INITIATES
Pi Lambda Theta initiated three charter members of the Educational club who were unable to be present when the chapter was installed last June. They are Mrs. Pattee, Anna Grace Pallett, teachers in the University high school, and Alda Berry, a major in English.

YOU do want warmth and wear in your Overcoat, of course, but you should get good style, too. You will when you buy Society Brand. They are hand-tailored—that makes a great deal of difference in the style. It doesn't make much difference in the price.
