## SHY'S MEN WIN ISLAND GAMES

Oregon Football Team is Champion of Hawaii, Piling up High Scores in Both Contests; Honolulu Hospitality.

## PROPHECIES UPSET IN POST-SEASON TILTS

Washington and Jefferson Outplays California, and Center College Falls Before Little-Known Texas Eleven.

By EP HOYT  
The waving fronds and balmy air of tropic Hawaii evidently agreed with Oregon's football men, for the varsity experienced little difficulty in annexing both the games played at Honolulu. The first game was played with the University of Hawaii on December 26 and resulted in a 47 to 0 landslide for the Lemon-Yellow while the second game played last Monday ended in a 35-0 win over the strong navy team from Pearl Harbor, the champions of the islands.

Forward passing and the brilliant playing by the Oregon backs featured the tilt with the Honolulu varsity. Against the attack of Captain Mart Howard's clan the Hawaiians were powerless, and their line failed to hold against the onrush of the Lemon-Yellow backs.

Chapman started the ball rolling for the Oregonians when he slid over for the first counter early in the initial period. Three more touchdowns were added in the second quarter when King, Latham and Reinhart crossed the islanders' goal line, Spike Leslie missing one goal in the first half out of four attempts. "Hunk" Latham annexed his second touchdown in the third canto from a forward pass, Leslie kicking goal. In the final half Billy Reinhart celebrated his return to active service after being out of all the games since the Willamette contest early in October romped across the whitewash for two touchdowns, the first on a line play and the second on a forward pass, Latham to Reinhart. Leslie connected once in two attempts at goal kicks in the final quarter.

In the Monday's game with the sailors from Pearl Harbor, the varsity did not permit the Navy eleven to get within 30 yards of the web-foot goal and outclassed the island champions in every department of play, scoring every period save the third. Mart Howard, veteran end, scored the first on a forward pass from Chapman while in the second frame Chapman sent another pass to Latham across the line. The third period was barren of scores but in the final quarter Gram went over on a line buck, Callison blocked one of the sailors punts and Spike Leslie fell on the ball behind the Hawaiians final marker, and in the last second of play Billy Reinhart slipped around end for the final touchdown. Spike Leslie converted his kicks after each touchdown and the final score read Oregon 35, Navy 0.

With two husky victories added to the win column by the Hawaiian trip the balance of points has swung back into Oregon's favor. At the close of the Conference season the varsity had 74 points rolled up against it, but at Hawaii the Lemon-Yellow gleaned 82 points for the Oregon column giving a pair of goose eggs in exchange which keeps the opponents total stationary at 74. The season's record follows:  
Oregon 7 ..... Willamette 3  
Oregon 21 ..... Pacific 7  
Oregon 7 ..... Idaho 7  
Oregon 0 ..... California 39  
Oregon 7 ..... W. S. C. 7  
Oregon 0 ..... Aggies 0  
Oregon 21 ..... Multnomah 7  
Oregon 47 ..... U. of Hawaii 0  
Oregon 35 ..... Navy 0  
Oregon 145 ..... Opponents 71

According to a letter from Jack Benefiel which Lois Pixley received recently the people of Honolulu spared no pains to make Oregon's football men feel at home. The welcoming crowd was adorned with yellow and green leis around their necks, and as the Maui docked the awaiting band started up "Mighty Oregon." However, the band struck up a wedding march as Jack Benefiel and Shy Huntington descended the gang plank with their brides. Several of the men were troubled with sickness going over but recovered at sight of land.

The Christmas holidays witnessed some marvelous exhibitions of dope-spilling in the football line. Washington and Jefferson University, figured by the wise ones as just "more grist for Andy Smith's mill," turned the tables and played the Golden Bear to a nothing to nothing score, and incidentally outplayed the Californians in every department of play. The Presidents lost a chance to win the game by actual scores when Stein, an All-American selection, was offside on a play that carried the pigskin over the Bruins' goal.

The Arizona-Center debacle may prove as a warning to private interests seeking to commercialize the only strictly college sport. A southern California cloudburst hit San Diego about

## 'SHY' HUNTINGTON RE-ELECTED COACH FOR ANOTHER YEAR

Executive Council Adopts Football Committee Report at Long Session

## 1922 SCHEDULE RATIFIED

Dean of Physical Education Given Authority Over Athletic Department

The following report which was made to the Executive Council at the regular session last night was adopted by that body in a meeting which adjourned at a late hour. The report was drawn up by the football committee prior to the departure of the football team for the Hawaiian Islands but action of the Executive Council was delayed on account of the vacation period until the regular meeting last night. The committee recommends the re-engagement of Charles A. Huntington as head football coach for the academic year 1922-23, at a salary of \$4,000. The committee approves the football schedule made by Graduate Manager Benefiel at the meeting of the Northwest and Pacific Coast Conferences in December, and recommends it to the Executive Council for ratification. The committee believes that the preliminary negotiations at the recent conference will make possible a still more advantageous schedule for 1923.

The committee unanimously passed a resolution of compliment to line coach Bart Spellman for his excellent work on the line in the season just passed, and for his general helpfulness in keeping up the morale of the squad. The members of the committee desire to take cognizance of the prevailing rumors of certain inharmonies and lack of cooperation in the school of physical education, and urge upon the Executive Council to instruct those persons whom it elects to positions in coaching that they are members of the staff of the department of athletics in the school of physical education, and that they shall give their best cooperation to the general program of the school of physical education. The committee regards the department of athletics as an essential part of the educational program of the school, and recommends to the Council that it impress upon all those members of the department of athletics over whom it has any jurisdiction that they must either work smoothly and effectively with the rest of the school or lay before the council reasons why they can not do so.

The committee further recommends to the Council that it do its utmost to promote the speedy organization of the department of athletics of the school of physical education to the end that lines of authority may be clearly outlined. This recommendation is made with the thought that if lines of authority are clearly outlined, overlapping of work and friction, either now or in the future, and either within the department of athletics or in the department's relations with the rest of the school, will be minimized.

COLIN V. DYMENT, Chairman.

## NEW SORORITY ON CAMPUS

Alpha Sigma, Local Organization, Starts With Ten Members

A new sorority, the Alpha Sigma, has been formed on the campus. The organization, located at 735 Patterson street, is composed of the following members: Bettie Kessi (House President), Portland; Wanda Daggett, Portland; Dorothy Chausse, Portland; Louise Odell, Portland; Dorothy Cash, Portland; Helen Hoefler, Fresno, Cal.; Waive Anderson, Sand Point, Idaho; Martha Pickens, Heber Springs, Arkansas; Gladys Roysse, Wasco, and Jane Huson, Cornelius, Oregon. Mrs. Jane M. Page is housemother.

## Y. M. PHONOGRAPHER CRIPPLED

Phonograph music is greatly missed around the Y. M. C. A. since the reproducer of the instrument disappeared sometime during the Christmas holidays. If anyone knows where this reproducer can be found, it will be greatly appreciated if he will give the information to either Secretary Putnam or Mrs. C. B. Donnelly at the Hut.

## STANFORD STADIUM PAID FOR

The Stanford Stadium, the estimated cost of which was \$210,000, has been completed and paid for at a total cost of \$204,639.32. The Board of Athletic Control has paid the last contractor's bill.

## F's Used for I's Charge Against Scandal Sheet

That most assiduously read of all campus publications, the "Scandal Sheet" (nee Grade Sheet), is again the only topic of conversation wherever two or more students gather.

Everybody's worst suspicions of everybody else have now been confirmed. And to make the disaster complete, grades that one hoped would be a secret among themselves, their instructor, and their Creator, have been made known to their family and friends. One girl is still explaining to her scandalized parents that the report of "Clothing, Inc.," had nothing personal in its meaning.

One brilliant journalism student insists that the "Scandal Sheet" is not a "scandal" sheet at all but a "libel sheet," since scandal is something that passes about by word of mouth, libel is a printed untruth.

Most students stand not on this technical point, however, but concern themselves with wondering if the faculty, wishing to celebrate the holidays properly, did not leave the grades to the discretion of the printers. The rumor runs that an alphabetical list and a quota of grades were given the printers, and they sprinkled ones, twos and fives at their pleasure. Then they ran out of grades and gave the rest flunks.

The professors, however, rise up in indignation and insist poor grades were given only after prayer and fasting.

Well anyway, if everybody does what he says he is going to do the printing office should order a new case of Roman I's and can throw away all V's and F's as unnecessary hereafter.

## L. E. BEAN TO TALK ON TAX

LANE COUNTY REPRESENTATIVE WILL ADDRESS ASSEMBLY

Emphasis Will be Laid by Speaker on the Support of State Institutions

With the last flurry of the Christmas holidays over and the students settling down to serious work, the first University assembly of the winter term will be held at eleven o'clock this morning in Villard hall to hear Mr. L. E. Bean, the speaker of the State House of Representatives. Mr. Bean will discuss the tax situation within the state. Mrs. Thacher will present the selection Tarentelle from Chopin.

Mr. Louis E. Bean is well known to the members of the University and to the citizens of Eugene and Lane County. He is a member of an old pioneer family, which came originally from Missouri, and himself was born in Lane County in 1867.

In speaking of the taxes throughout the state, Mr. Bean will lay special emphasis on those taxes which provide for the support of the University, O. A. C., and the Normal School. Fully half of the present student body will remember the campaign of the spring of 1920 which resulted in the voting of the millage tax to increase the University revenues.

President Campbell will preside at the assembly.

## 20 PLEDGES ANNOUNCED BY 14 OF FRATERNITIES

Men's Houses Take Fourteen, and Girls Six, Little Interest Shown

Little or no interest was evinced in the second "rushing" period of the year. Eight men's fraternities have announced 14 pledges and five women's fraternities have announced the taking of six pledges. The complete list will not be available until the end of the week.

Men's pledges include: Beta Theta Pi—Albert Grilley, Eugene Kelly, Dick McLardy—all of Portland.

Delta Tau Delta—George Pellam, Portland; Melville Jones, Salem; Harold Evans, Eugene; Verne Blue, Ashland.

Delta Theta Phi—Robert Crisman, The Dalles.

Kappa Sigma—Edwin Fraser, Ashland; Leo Munley, Portland.

Phi Gamma Delta—William Paulson, Portland.

Sigma Alpha Epsilon—Melvin Anderson, Astoria.

Sigma Nu—Wendell Lawrence, Medford.

Sigma Chi—Donald Peek, Portland.

Women's pledges include: Alpha Phi—Jane O'Reilly, Portland.

Delta Gamma—Katie Potter, Eugene.

Delta Zeta—Frederika Travis, Eugene.

Kappa Alpha Theta—Elizabeth Honkanen, Seaside.

Chi Omega—Zelma Arrasmith, Mildred Burke, both of San Diego, Calif.

## FALL ENROLLMENT WILL BE EQUALLED, ASSERTS REGISTRAR

30 Dropped From University Because of Failure to Make Grades

## 111 HAVE UNDER 9 HOURS

81 On Probation; More Will Follow if Gym Credit is Not Counted

The enrollment at the University this term will equal that of the fall, according to the registrar's office. Thus far no data on the new registration is available for publication. Large numbers who have signed up for courses up until yesterday had not turned in their cards to the registrar. The office is moving more rapidly than usual with the work this semester and will have the official figures in a few days.

To make up for those who have dropped out or have been obliged to leave on account of failing to meet the requirements, many old students have returned and there is a scattering of new ones. It is estimated that about thirty-five freshmen will be added to the roster.

Four Probationers Dropped  
Thirty flunked out of the University entirely. Of this number 26 failed to make three hours. The remaining four were students who were on probation from last semester and did not make the required number of hours to remain.

The requirement for those on probation is that enough hours be made during the second semester to total seventeen for the two terms. Those failing on this requirement are given no further chance.

Eighty-one students have been placed on probation for this term. This enables those whose work was unsatisfactory during the past term to re-define themselves. The University's attitude toward probationary students, according to Carlton Spencer, registrar, is that they have no right in the college except as they are granted the special privilege of a trial. They are liable to be dropped any time for an unsatisfactory showing. In reality they are outsiders with the special privilege of "looking in."

Many High Grades Made  
Registrar Spencer said that from all appearances the registration for the winter term would come to about the same figure as at the beginning of the year. He was inclined to doubt the rumor that but 30 per cent of those enrolled last semester passed in everything—made all their hours. He stated that he thought the proportion was greater than this figure.

Commenting on the considerable number of failures that have been turned in Spencer said, "Although there are perhaps more failures than ever before, there also have been more good grades turned in. It seems that those who evidenced a desire to put energy into their work have reaped the reward of high marks. Those who have heretofore been able to shirk and yet pass have on the whole flatly failed."

Preparation Declared Poor  
"The fact that the freshmen have had such difficulty in obtaining good grades may be attributed to the inadequacy of the high school preparation. The great difference between high school and college curricula has made adjustment to our system difficult especially since personal attention by the instructor becomes daily more impossible because of the sizes of the classes."

Nothing has yet been done by the registration office toward the compiling of the organization standings. Mr. Spencer expects that it will take at least a month to arrange them.

## Gym Credits Counted

On the initiative of the registrar students have been permitted to count their physical education credit as one hour and have thus, in many cases, kept off the probation list. If, however, the faculty decides that hours in physical education shall not be counted, the probationers, who now number 81, will probably increase past the hundred

(Continued on page two)

## DANCE SATURDAY NIGHT

Saturday night has been finally decided upon for the student body dance, according to Art Campbell, chairman of the dance committee. The usual six-piece orchestra will feature and the dance will be held in the Woman's building.

## GYM CREDIT TO COUNT IN PROBATION RULES

Only 16 Term Hours to be Given to Students Failing to Make An Average Above III

A ruling providing that any student may take as few as 12 or as many as 19 hours of scholastic work with the proviso that he shall not receive more than 16 term hours credit toward graduation, unless his grades average above III, was adopted by the faculty at a meeting held in Guild Hall yesterday afternoon.

This change means broadening of the range of hours that the student may take. Under the old rule no student was allowed to carry less than 13 or more than 18 term hours of work.

It was also decided that the hour in physical education gained in any term may be counted in applying to the rules of probation. Under the University regulations any student making less than nine hours in one term is placed on probation and is not allowed to return to school unless he makes at least seventeen hours in his last two terms. Hours gained in physical education did not count under the old ruling but may be included under the new regulation.

## CONFERENCE PROGRAM OUT

IMPROVEMENT OF NEWSPAPERS TOPIC BY F. W. KENNEDY

Dean Dymont to Present Code of Ethics. Plans Being Made to Entertain Wives of Members

Cards bearing the invitations for the fourth Annual Oregon Newspaper Conference to be January 13 and 14, together with a copy of Oregon Exchange containing a copy of the program, were sent out yesterday to all Oregon Newspaper men.

The Conference this year, according to Eric W. Allen, dean of the school of journalism, is to be of more than usual importance to Oregon Newspaper men, in view of the improvement of newspaper conditions is to be the main topic. Dean Allen has secured Fred W. "Pa" Kennedy, of the University of Washington, a man who is recognized as the country's best association organizer, to describe a plan for an intensive state organization.

Dean Colin V. Dymont, who was appointed to draw up a code of ethics for Oregon newspapers by the State Editorial Association, will present his code to the conference at this time.

An added attraction of the Conference will be the special meetings of the Oregon State Editorial Association, the Oregon members of the Associated Press, and the Oregon Clients of the United Press, and the Oregon Publisher's Syndicate.

The program also calls for a banquet Friday evening at the Osburn Hotel, and a luncheon at Hendricks hall Saturday noon, at which prominent speakers will feature.

A committee composed of Mrs. P. L. Campbell, Dean Elizabeth Fox, and Mrs. Eric W. Allen will have charge of the entertainment of the members of the conference. Wives of the newspaper men are especially invited this year, and extensive plans are being made for their entertainment.

## NEW LOCAL FRATERNITY ORGANIZED ON CAMPUS

Kappa Delta Phi Has 14 Men Charter Members; House At Twelfth and Mill is Home of Group

The opening of the winter term marks the advent of a new fraternity on the campus of the University of Oregon. On Wednesday of examination week, December 14, the faculty committee sanctioned the organization of the Kappa Delta Phi local fraternity.

The organizers of the fraternity have been silently at work the greater part of the fall term, and were ready to go into the house immediately upon the granting of permission by the faculty. The new local is located across from the Beta house.

The membership, composed of 14 charter members, is as follows: Delbert V. Hill, of Eugene; R. Bruce McConnell, of Merced, California; Howard E. Bailey, Roseburg; Vernon E. Bullock, of McMinnville; Wm. Thomas Coates, of Tillamook; Hugo Reed, Astoria; Adam Wilhelm, Monroe; George H. Adler, Denny, California; Robert F. Taylor, McMinnville; Arthur A. Adler, Burnt Branch, California; Ivan W. Norris, Goldendale, Washington; Harold Elsensohn, Pomeroy, Washington; Berger J. Lebeck, Astoria; and Herbert Brooks, of Portland.

## GRADUATE TAKES POSITION

Ray Allen, who received his master's degree from the University in 1920, has accepted a position as chemist for the Nestle's Food company at their plant in Gonzales, California. Allen, whose home is in Portland, was formerly employed by the Nestle company at Bandon, Oregon.

## MEN'S AND WOMEN'S HOUSES BROKEN INTO BY ROWDY PARTIES

Faculty Discipline Committee Seeking Intruders Who Frightened Girls

## LOCK AND GLASS BROKEN

Severe Penalties Await Those Guilty of Vandalism in Holiday Period

Complaints made to the faculty discipline committee that a number of fraternity and sorority houses on the campus were broken into during the holiday vacation period may result in serious charges being placed against the culprits. The faculty committee is investigating and will undoubtedly follow up the clues with a view to ascertain whether the offenders were students.

According to the complaints the houses were entered sometime between 2 and 5 o'clock in the morning of New Year's day.

Doors and windows were forced in two sorority houses, but in most of the fraternity houses entered the men made their way in through unlocked doors.

Entry Made by Window  
In one sorority house a window was broken out and one man evidently went through the window and unlocked the door, admitting others of the party. In another sorority house the men broke the lock on the large front door. In the case of both of these houses, girls were sleeping in the house at the time, but the intruders made no attempt to go up the stairs. They remained on the first floor singing and pounding the pianos.

No report of the affair was made to the police of Eugene, the girls being too badly frightened to go downstairs to the telephone even after the invaders evidently had departed. According to their story there were probably eight or ten men in the crowd. Some of them, however, were heard to be remonstrating with the others when they broke into the houses.

Damage in Men's Houses  
In a number of the men's fraternity houses which were entered on the same night the culprits, who were probably the same ones who entered the sorority houses, did more or less damage in a small way. Nothing has been reported stolen from any of the houses, however, and it is generally thought that the intrusion was merely an act of rowdiness.

This is not the first time that complaints of this sort have been made following a vacation period and it is generally felt by the residents of the houses which were entered that the culprits should be dealt with rather severely. Members of the faculty discipline committee would not say yesterday just what means the committee was taking to ascertain the identity of the members of the party, or what punishment would be meted out if they were apprehended.

## EX-EMERALD SCOOPS NOW HOLD EDITORS' POSITIONS

Gratke, Logan, Moore, Miss Whitehouse, All From Last Year's Staff, Now on State Papers

Among the worthies of last year's Emerald staff, who are now earning their bread and butter by the sweat of their brow, are: Chaz Gratke, former news editor, C. K. Logan and Reuel Moore, ex-night editors and Miss Elizabeth Whitehouse, assistant news editor.

Chaz is holding down the night editor's desk on the Oregon City Enterprise and doing a little reporting on the side. Constant upheavals of Chaz's pay check indicate that he still hammers a wicked typewriter.

Moore has now pitched his camp at the police station and is writing up Portland's free boarders for the Journal.

Logan, known more commonly on the campus, as C. K., is news editor on the Grants Pass Courier.

Miss Whitehouse, better known to her friends as Betty, is occupying the society editor's berth on the Pendleton Tribune.

## PRINCETON BUILDING DORMS

Princeton University is rapidly completing three new dormitories to accommodate 2,000 new students, as there is now only room for 1,400. Ralph Adams Gram, the famous Gothic architect is in charge.
