While It's All In the Family

In answering a query as to "why they had left their native state to continue their education?" two young men who registered here yesterday from distant points declared that it was the reputation of the spirit of democracy, which had carried even to their far distant homes, that had prompted them to choose Oregon. They have heard that Oregon is the democratic school of the Coast. They are here to see for themselves, and already have themselves fallen in with the Oregon spirit.

They have begun by saying "hello" to all, as all true and loyal students of Oregon have done for these many years. The greatest of all democratic traditions has already converted them.

So while we so-called old students are shaking hands and passing greetings with one another at the beginning of this new term, we must not forget the new who have cast their destiny with us. Our words and deeds set the example; we must say hello and spread the feeling of friendliness and welcome to them.

The Emerald joins in welcoming the old and the new. And it does not seem amiss, in passing the word of welcome, to admonish both old and new to keep alive the "hello" tradition and the spirit of Oregon democracy.

Say "hello."

In spite of the large number of failures which were presented to a large number of students the registrar declares that the enrollment will not be lower this term than last. But,—there will be some new faces; that is certain.

The seriousness of trespassing and breaking into fraternity houses and more especially sorority houses is not reduced because it was an apparent act of "rowdyism." Such a practice cannot be tolerated and must be stopped.

Oregon's football team can be accredited with a whirlwind finish. That theory about athletes going "stale" has evidently received another setback. Let's give them a mighty welcome when they return.

NORTH CHINA PROFESSOR TO SPEAK HERE TODAY

Alice B. Frame of Yenching College to Talk on Higher Education for Oriental Women

Professor Alice Brown Frame, of Yenching College, Peking, China, will speak in Villard Hall this afternoon at 5 o'clock on the history, character and problems of Oriental colleges.

Mrs. Frame is a professor of history at the leading woman's college of North China and for fourteen years has been one of the leaders of the movement toward higher education for Oriental women. She has just completed a year's graduate work at Eastern colleges and is returning to her work in the Orient. She is speaking under the auspices of the American Association of University Women.

Besides the lecture in Villard at 5 o'clock, which is being arranged for by a joint committee of Women's League and the Y. W. C. A., Mrs. Frame will speak to the townspeople in the Presbyterian church at 8 o'clock this evening. A pageant, which will be a dramatic presentation of Oriental colleges, will precede the evening meeting.

TRYOUTS FOR FRESHMAN HOOP QUINTET BEGINS

Coch Durno Handicapped by Failure of Several Stars to Make Grades; First Games Jan. 16 and 17

Freshmen basketball practice beginning tonight will be held at 4 o'clock, and according to Coach Durno, all men that wish to try out for the team should come out immediately, as the squad is to be reduced in the near future, and no other men will then be allowed to try out.

The first freshman games will be with Chemawa on January 16 and 17, and will serve as preliminaries to the Varsity games with Washington.

Coach Durno is facing a hard problem in Freshman basketball this year as many of the best men are ineligible because they failed to make the required number of hours. The eligible men are practicing every evening though, and with some of the men entering school this term, should have a good chance at beating the Rooks in the four games which are to be played during February.

mark. There are 111 students who failed to make their nine hours. Of the 26 who failed to make their three hours between one-third and one-half petitioned for mitigation. These petitions were in all cases denied; no student succeeding in demonstrating to the scholarship committee that his failure to make three hours was due to causes beyond his control.

Must Petition to Return
Students who are dropped from school do not return automatically to the University at the end of nine months. The Scholarship Committee does not re-admit all who petition. It is up to the petitioner to prove that his nine months have been spent profitably; either in working or in attending some other school where he has received average grades.

WOMEN'S LEAGUE BALL BRINGS SURPLUS CASH

Alumni, High School and College Students Dance at Multnomah December 27

The receipts of a Women's League Ball formerly were half enough to pay the expenses; the proceeds from the last one will pay all expenses and debts and considerably increase the Student Loan Fund. The money may possibly be used for exchange foreign students.

The ball was given on December 27 at the Multnomah hotel. Both ballrooms, decorated with Christmas greens and poinsettias, were used.

The ball seemed to be both an alumni reunion and a high school party, besides being a college dance, because so many alumni and high school students were there. Every Portland high school and every university on the Pacific Coast was represented—about 175 couples altogether.

The committee to whom much credit is due is: Bernice Altstock, chairman; Georgia Benson, Wanda Daggett, Margaret Scott, Helen Ball, and Carolyn Cannon.
