

### COMMITTEES NAMED FOR COMING FRESHMEN GLEE

#### Novel Decorations, Good Music For Big Event of Term

Don Park has been appointed by Heden Metcalf, freshman president, as general chairman of the "frosh glee," to be held Friday evening, February 10. Park, who has already started work on plans for the big event, says that every effort will be made to make it the "biggest and best" glee ever put on at the University. Many students have dates for the affair already, and fully 900 couples are expected to attend.

The armory will probably be chosen for the dance and special efforts will be made to decorate it in a novel manner. Music is to be of excellent quality.

The following chairmen and committees were appointed by Park: Patrons and patronesses, Norma Wilson, chairman; Geraldine Root, Francis Warrens, Penelope Gehr, Martha Shull, Lars Bergsvik, Gordon Wilson, Waive Anderson, and Edgar Buchanan; decorations, Fred Young, chairman; Josephine Evans, Lawrence Hodges, Edwin Taffer, Don Cook, Don Woods and Doris Neptune; Music, Dudley Hill, chairman; Charles Jost, Helen Harper, Tom Cornet, Laura Folts, John Simpson, and Don Breaker; Programs, Stuart Biles, chairman; Dorothy Brodie, Bettie Green, Norma Barrett, Don Woodworth, Robert Crissman, and Waver Brown; Punch, Don Woodward, chairman; Eugenia Page, Francis Faust, Russell Burton, Harold Godecke, and Elam Amstutz.

### SLEEP HEADS ACTIVITIES SAYS WILLAMETTE PAPER

#### Recent Investigation by Collegian Shows How Average Student Spends Time

Willamette University, Salem, Jan. 16.—(P. I. N. S.)—The Collegian recently conducted a two weeks investigation in an endeavor to answer such of the recurring campus questions as, how much time should a student spend on studies? Are shows each week to be allowed? Can a Willamette student afford to fuss three times a week? Is the school overburdened with activities? The average was taken over a period of seven days and thus is explained a seemingly low average of class attendance. The following table shows the average time, in hours and fractions, daily by the normal student on 12 typical occupations.

### O. A. C. RIFLE TEAM BEATS OREGON BY 903-810 SCORE

#### Durham is Best University Shot With 84 Points

The University of Oregon team was defeated by the O. A. C. shooters at Corvallis Saturday by a score of 903 to 810 out of a possible 1000 points for each team. D. M. Swarthout of the Aggie team was high point man in the contest with 94 out of a possible 100 points. W. H. Durham of Oregon was next in line for high honors with 84 points. The University team had to get along without the marksmanship of Don Zimmerman, the winner of the R. O. T. C. contest conducted on the campus last term. Zimmerman's absence is the result of his trip to Seattle with the Varsity basketball squad. Lieutenant M. E. Knowles, the University coach, attributes the defeat to the team being handicapped by the use of old-style rifles and cartridge-holders, and expects great improvements now that six new Winchester rifles have been bought for use on the range. Lieutenant Knowles also remarked that the hospitality shown by their Aggie hosts was especially commendable.

Individual scores of the men follow: University of Oregon—W. H. Durham 84, E. F. Sloan 87, J. A. Meek 85, O. T. Gant 85, C. L. Heider 82, H. O. Bonebrake 81, Edson Bigger 77, T. N. Page 75, P. Lasselle 75, V. E. Bullock 74.

Oregon Agricultural College—D. M. Swarthout 94, E. C. Starr 94, Hugh Rhea 92, T. E. Horseman 91, W. E. Craft 90, H. Woods 89, W. C. Patchett 89, B. S. Dick 89, M. E. Gerhart 88, D. R. Stewart 87.

### DEPARTMENTS SHARE SIGN

#### Onion Aroma Rivals Placard; Food Sold by Household Arts

A new sign, "Extension Household Arts," now adorns the old music building. According to Director Kilpatrick of the extension division, this department desires the privilege of having the sign all to itself, believing that the odor of onions would be sufficient to prove the existence of the household arts department to be under the same roof. Food sales are being held in this department now and a blackboard on the first floor announces the eatables to be purchased. It has been suggested that the heads of the various houses might remember these sales when doing house marketing.

### COMMERCE MAJORS HEAR DEAN DAVID OF HARVARD

#### Liberal Education is Called Foundation of Success

"I am pleased to see that Oregon is offering a course in business administration that agrees with the line of thinking now in vogue in Harvard," said Assistant-Dean Donald K. Davis of the Harvard Graduate School of Business Administration, Friday afternoon, in an address to a large crowd of commerce majors in room 105, Commerce building.

"Each of you is making an investment of time and money in attending commerce school," he continued, "what return are you getting?"

Mr. Davis laid much emphasis on the economic background of business as the most important thing to be gained from college training.

"Accounting is only a means to an end," he said, "and will not insure business success. Have you been getting the relation between English Literature, Romance Language and Economics?"

A man or woman in college should get a broad cultural background that will give him a personality that will make it easy to make a good impression, the students were told. One should spend his time training himself for the executive position that he will someday hold and not in picking up the fine technical points of a trade that he will have to go over again anyhow when he starts in business.

An hour or two spent alone will give any student a real insight to himself, if he will make an honest self-analysis, and will do a lot of good. Have you any personnel tests that you can apply to find out what you are getting out of your college training? Are you getting the thing that business men need in business?

### COURSE IN LITERATURE OF THE BIBLE DIVIDED

#### "The Poets and Prophets of the Old Testament;" Subject for Second Term in Y. M. Class

The second term's work in the class in "The Bible as Literature," under the leadership of Bruce J. Giffen, Presbyterian student pastor, is now under way with a study of "The Poets and Prophets of the Old Testament."

Two sections of the class will be given this term. The first, on Mondays and Fridays at 8 o'clock, is a continuation of the one held last term, and a new division, made necessary by the increased demand for the course will meet Wednesdays at 11 and Thursdays at 10. The first lecture will be given Mondays and Wednesdays, and the second Thursdays and Fridays, so that they are interchangeable.

No university credit is given for the course.

### OREGON FIVE SWAMPED

#### SUNDODGERS TROUNCE VARSITY HOOPERS 76-15 AND 48-19

Camp Lewis Five Defeats Lemon Yellow With Score 32-26; Superior Skill Shown

The Oregon quintet returned Sunday afternoon from the northern trip with three defeats charged against them, losing once to the Camp Lewis soldiers and twice to the speedy University of Washington hoopsters.

The first game of the invasion was played with the soldiers on the camp floor. After a hard, fast contest, the Varsity succumbed to the superior skill of Lieutenant Jamieson's proteges, 32-26.

Oregon was clearly outclassed by the Sundodgers. The first game played on Friday night resulted in the one-sided score, 76-15, with the Varsity on the short end of the count. The last game of the trip was played on Saturday and the Oregonians succeeded in holding the Vikings a little more closely and lost 48-19.

### QUERY COMES FROM INDIA

#### Letter Asks Information of Courses Offered by Extension School

A communication has been received from Bengal, India, asking the extension division about various correspondence courses that are being offered by the University. This information was requested by Dr. Ashutash Jana, who is director of the University Extension Division of the Institute of Arts and Science at Bengal, India.

No definite action has been taken in regard to the request, according to Dan E. Clark, of the University extension, but it is very improbable that arrangements can be made to handle correspondence courses at such a distance.

### GIRLS' DANCE PEPPED UP

#### "Boom" Cannon Proves Prize Drummer; Informality is Keynote

An impromptu feature developed out of the volunteer orchestra at the co-ed dance Saturday afternoon, when "Boom" Cannon, in the capacity of drummer, displayed surprising juggling ability with the sticks. The saxophone and the piano changed hands during the afternoon but "Boom" stuck to her post and helped the orchestra provide merriment as well as music.

General hilarity was characteristic of the whole afternoon and the cider and doughnuts served, were in keeping with the informality of the affair.
