

### WARNER GIFT IS SUPERB SAYS PORTLAND WOMAN

#### Mrs. H. C. Wortman Lectures to Art Students on India

Mrs. H. C. Wortman, of Portland, who has been a visitor in Eugene for several days, yesterday expressed her opinion on the art collection recently given to the University by Mrs. Murray H. Warner by saying that she considered it a superb gift and the finest private collection that she has seen anywhere. A remarkable feature and advantage of the collection is that it is in such excellent condition and so well preserved, according to Mrs. Wortman, who feels that this gift is a great addition to the University and to the community as well. Mrs. Wortman is very much interested in the development of the University as she is a former resident of Eugene and has many friends here.

Thursday afternoon Mrs. Wortman addressed the class in art appreciation on the Art of India and showed the students a number of examples of the art of that country as well as a number of photographs of Indian sculpture and some paintings which she has collected during her travels in the Orient.

In speaking of the art work which is being developed at the University, Mrs. Wortman said that she considered the work of the school of architecture and allied arts very good. She praised the spirit of the "Doughboy," being modelled by Avard Fairbanks, which she admired very much. "The Pioneer" is an excellent example of the subject, according to Mrs. Wortman who was greatly pleased with this notable work of A. Phimister Proctor's.

While in Eugene, Mrs. Wortman is the guest of her sister Mrs. M. S. Barker, returning tomorrow afternoon to her home in Portland.

#### EMERALD OFFICE REFUGE OF MAIDEN THOUGHT LOST

Room Mates Anxiously Search Town and Fear Tragedy; Back Work Calls for Whole Day's Work in Shack

High scholastic standards combined with the epidemic of lagrippe may cause a variety of results. In Hendricks hall yesterday the combination nearly caused a riot.

All day Wednesday one of the freshmen was confined to the infirmary. Yesterday she had disappeared. They searched high and low but without results. Nothing had been heard of her at dinner time last night. No one that the anxious room-mates phoned in inquiry knew anything about where she was. They tried the dispensary, without results.

At last someone thought of calling up the Emerald. Possibly they contemplated running an ad in the "Lost and Found" columns. One of the reporters thought of looking through the "Shack" for her.

They found her seated at a much-used typewriter with a stack of typed sheets on one side of her and the remains of handwriting manuscript on the other. She replied that copying her entire short story had been quite a job, but that now she could go to class tomorrow with it completed.

#### DEAN ALLEN IS IN SEATTLE

"Directing the Reporter" is Theme of Address Before Institute

Eric W. Allen, dean of the school of journalism, is in Seattle this week-end participating in the Annual Newspaper Institute conducted by the school of journalism of the University of Washington. Dean Allen is on the program for an address on "Directing the Reporter."

At the fourth annual Oregon Newspaper Conference here January 13 and 14, Professor Fred W. Kennedy of the Washington school of journalism made an address on the subject of doctoring sick newspapers. Dean Allen will return Saturday or Sunday.

#### BERKELEY WANTS DORMITORIES

Berkeley, Cal., Jan. 26.—(P. I. N. S.)—California made a step towards the erection of a dormitory system Friday when a resolution was passed by the Associated Students of the University of California favoring such buildings. The favorable attitude towards dormitories is a result of the general feeling that the University students should become better acquainted with each other.

#### NEVADA GIVEN FOSSILS

University of Nevada, Reno, Jan. 26.—(P. I. N. S.)—Within the last few days a remarkable collection of fossil fish has been added to the Mining Museum, the gift of Don Esparza, Jersey Valley, Nevada. According to Prof. J. C. Jones of the geology department, the specimens belong to the Niocene Age and swam among our snowy peaks four or five million years ago.

#### \$500,000 HALL FOR CALIFORNIA

University of California, Berkeley, Jan. 26.—(P. I. N. S.)—Plans have been approved for the construction of a four-story, concrete Educational building for the department of education. It will be erected at an approximate cost of \$500,000, and will be known as Haviland hall.

Students read the classified ads; try using them.

### OREGON HAS NO NEED OF DATE-MAKING AGENCY

Concert Tickets Disappearing Fast; Former Glee Club Men to Take Part in Final Songs

A "date-making agency," whereby bashful college boys and shy co-eds are brought together for mutual social enjoyment is being conducted at the University of Washington. It is apparent that Oregon has no need of such a bureau if the ticket sale to the Home Concert of the men's Glee club, Saturday night, indicates anything. Campus gossip says there are already several hundred dates made for the big event and more are in embryo.

Besides the 600 or more students who will "pig" to the Woman's building to hear the men sing are several hundred more who will enjoy the concert with members of their own sex.

John Stark Evans is putting final touches to the program and the concert is expected to be one of the best in years.

A feature of the event is the request that all former glee club men who attend be asked to go to the stage and sing Oregon songs with the glee club as a part of the finale.

The complementary dance, which was to have been given for an hour after the concert, will not be held on account of the health order by Dean Bovard. As the concert price has been cut from the usual charge of one dollar to seventy-five cents it is not probable that the absence of the dance will detract from the crowd.

#### HONOR SOCIETY INSTALLS

Women Medical Students Organize Into National Fraternity

A chapter of Alpha Epsilon Iota, national women's medical fraternity, was installed in Portland last week end in view of the fact that there are now a number of women students in the University of Oregon Medical School. Eight women medical students were initiated and later organized into a chapter. The initiation and installation was done by Dr. Bertha Stewart, of the health department, who was probably, prior to the installation Saturday, the only member of the fraternity in the state. Dr. Stewart is from the chapter at the University of Michigan.

The new members of the fraternity are as follows: Dr. Jessie Parrior (graduate), Grace Young, Mildred McBride and Zilpha Galloway, seniors; Rita Hough, junior; Ruth Watkins, Lerna Wilkes and Wilmath Osborne, sophomores.

#### BULLETIN TO BE ISSUED

Professor Stetson Asked to Describe Work of Junior High

Professor F. L. Stetson of the school of education has been requested by J. A. Churchill, state superintendent of public instruction, to prepare a bulletin on the Junior high school for the state department of education. The bulletin will be published in February and will cover the fundamental divisions of the school, the best practices in organization, administration, courses of study, and teaching methods of the Junior high schools over the country. Standards for classification of such schools will also be recommended.

#### WHITMAN TIGHTENS UP

Whitman College, Walla Walla, Wash. Jan. 26.—(P. I. N. S.)—Hereafter a student at Whitman must pass in at least 60 per cent of his hours, instead of in but 50 per cent, it has been announced. It is expected that this will weed out poor students, and raise scholarship still higher. The action is made necessary by an increasing enrollment and limited accommodations.

#### MEN DINED AT OSBURN

Guests at the Science Club dinner at the Osburn Hotel Wednesday evening were Dr. C. K. Edmunds, president of Canton college, Canton, China, and Professor H. E. Gregory, of Yale University. Dr. Edmunds was on the campus to address the student assembly with regard to Canton college, and Professor Gregory to consult University officials concerning a University of Oregon fellowship in research problems.

#### BRUINS TO SHOOT WITH O. A. C.

Berkeley, Cal., Jan. 26.—(P. I. N. S.)—California's Rifle club has accepted the challenge of the Oregon Agricultural College's team, to a rifle meet which will be held on January 27 and 28, both here and in Corvallis, Oregon.

### CALIFORNIA GETS I. N. S.

Introduction of Service Shows Change to Expansion Policy

Berkeley, Cal., Jan. 26.—(P. I. N. S.)—The Daily Californian publishes its first issue using International News Service today. The introduction of this service marks one of the greatest changes in policy ever made by California's daily.

Up to this time the Daily Californian has been a strictly campus paper. In following out this policy only news closely related to the University has been printed. It has been known as the largest college publication in the United States that confines itself to news that is directly related to the University.

It is planned that the paper will still be a campus newspaper and that University news will take precedent over the outside news.

#### BERKELEY ENROLLS 8829

Number This Semester is 35 Less Than Last Year's Figures

Berkeley, Cal., Jan. 26.—(P. I. N. S.)—Enrollment in the University for this semester numbers 35 less than that at the same date last year, according to latest figures released from the Recorder's office. The total number of graduates and undergraduates is now 8829, while the total for a year ago was 8864.

These figures are not final as students will be admitted into the University until March. However, it is expected that there will be few entrants from now on. The figures include students that have entered the University from the Davis farm branch.

#### ENDOWMENT CAMPAIGN ON

Stanford University, Stanford, Cal., Jan. 26.—(P. I. N. S.)—Stanford's Endowment Campaign is taking definite shape with the organization of committees and the assignment of districts so that "The First Million For Stanford" may be set well upon its road within a short time. The three counties nearest the university will form the first district of the drive that is to ultimately cover the whole nation.

#### WARNER MAY COACH

Stanford University, Stanford, Cal., Jan. 26.—(P. I. N. S.)—Glenn Warner, famous Pittsburg football coach, has been visiting Stanford for a few days, looking over the ground of which he may have charge if present plans work out for securing him as chief Cardinal football coach.

#### COLD WAVE HITS STANFORD

Stanford University, Stanford, Cal., Jan. 26.—(P. I. N. S.)—A wave of extreme cold has hit the campus for the last five days, ice having formed on all the puddles and to some extent on Laganita, an unusual fact. Overcoats in classrooms are quite the fashion at present.
