

REGULAR VARSITY WORK IN SWIMMING TO START

Doughnut Meet Will be Held
Some Time in April

Regular Varsity swimming starts next week under the supervision of Coach Barnes, who states that practice will be held on every Monday, Tuesday, and Thursday at 4:15 o'clock sharp. Other hours devoted to swimming will be Monday, Wednesday and Friday at 11, at which time men try out for doughnut swimming should do their practicing.

If the men turn out and try to make something of the sport, it is the present plan to schedule several meets, one to be with the Agricultural Club, and one with the Multnomah club, if possible. "The number of meets which are scheduled depends entirely on the men," said Coach Barnes, "for if they do not take any interest in the sport, and will not train for it no meets will be held."

The doughnut swimming meet is to be held some time during the latter part of April, and will include both diving and straight swimming events. No organization will have to furnish a complete team in order to enter, but may enter only one man if that is all that they wish to. The events according to present ideas will include a 40-yard dash, which will be held in heats, but all the rest of the races will be held on the time basis. There will be a 100, and 220-yard free style, a 100-yard breast stroke, and a 60-yard back stroke.

The diving events will be the regular required events: straight front and jackknife. In addition to these three there will be three options, which the men can pick themselves. The points given in the meet will be on the same given as in used in boxing and wrestling with five points for first, three for second and one for third.

The present outlook for a strong swimming team is not good, but some of the men who are showing up best are Lyle Palmer, Lawrence Cook, and Ralph Taylor among the upperclassmen, and Horton, Calvin Arhur, Yoran, and Erikson for the freshman. All freshmen with any swimming experience, or with ability along this line are urged to come out and work with the Varsity, in order that the team next year will have some experienced men on it.

All men who intend to take part in doughnut swimming should come out and train, so that they will be in condition for the meet. This was not done in some cases in the wrestling and boxing meet, and as a result several knock-outs were recorded. This lack of training, according to Coach Barnes should be avoided as much as possible.

Experienced divers for the Varsity are entirely lacking, and everyone with the least promise should report to Coach Barnes as soon as possible. The men showing promise in this line of the water sport are Young, Faust, Angel, Gourley and Day.

An able instructor will be at the pool every day from 2 until 4:15.

"FOUR L" HEAD TO SPEAK AT SEABECK CONFERENCE

Prominent Men of Summer Among Leaders
for Annual Summer Gathering
Seattle Lawyer to Preside

Two of the prominent leaders of this year's summer conference of the Y. M. C. A. which will be held at Seabeck, Washington are Norman F. Coleman, president of the Loyal Legion of Loggers and Lumberman, and the Reverend Harold L. Bowman, pastor of the First Presbyterian church in Portland. Both of the men have visited the campus and have addressed the student assembly.

Frank S. Bayley, a prominent attorney of Seattle, who will be in Eugene March 15 to speak at the United Sunday School Rally of the University "Y," will preside at the conference this year. The other leaders will be the Reverend Merle N. Smith, of the First Methodist church of Pasadena, California, Ethan S. Smith, of the Seattle "Y" Preparatory school and the Reverend Henry C. Mason, pastor of the University of Washington Congregational church.

The charge for the regular student delegates will be board and lodging, \$15, registration fee, \$5 to cover program expenses, an addition to transportation charges. According to the bulletin issued, the round trip boat charge from Seattle to Seabeck is \$1.50. A higher rate of board and room will be charged for those who are present only part time.

Three of the eight members of the field council and advisory committee of the Y. M. C. A., which work in connection with the "Y" student department in staging the conference, are students of the University of Oregon. They are Roy Veach, Vernon P. Duncan, and L. P. Putnam, the original "Y" secretary. Duncan was originally elected as the delegate from O. A. C. but he registered at the University last fall. The council members are elected each summer at the conference.

FIRING ALMOST OVER

Lieutenant M. E. Knowles, indoor range officer of the military department, reports that most of the cadets in the department have shot all but one or two of the stages of firing on the range. Cadets who have not shot these must do so within the next two weeks.

ARCHITECTURE SCHOOL HAS GREATEST GROWTH

Increase is 60 Per Cent During Last
Year; Drama 57 Per Cent; History
54 Per Cent; P. E. Fourth

The school of architecture and allied arts leads the list of 15 schools on the campus in percentage of increase in major students for the school year 1921-22 over 1920-21. The list, recently compiled by the registrar's office, includes 15 departments and schools having more than 35 major students. The school of architecture has had an increase of 60 per cent during the last year. The department of economics shows the least gain with an increase of only one per cent over the preceding year.

Drama and the speech arts are a close second with an increase in enrollment of majors of 57 per cent. The department of physical education comes next with 48 per cent more major students than last year and law and journalism tie with increases in their respective schools of 46 per cent each.

The other schools and departments as they are listed follow with the percentages of their increases during the past year: Education 43 per cent, Romance languages 41 per cent, botany 39 per cent, English literature and rhetoric 30 per cent, chemistry 23 per cent, business administration 22 per cent, pre-medicine and zoology 8 per cent, music 3 per cent and economics one per cent.

OREGON FACULTY STAR DEFEATS INVADING FIVE

Game is Rough; Eddie Durno
is Outstanding Star

Last night the men's gym was the scene of a hard fought athletic contest which was a brawl between a basketball game and a tumbling contest. While the Aggie mentors won the tumbling events hands down with approximately 300 falls, the Varsity physical artists kept their minds on the sport that netted the points and ran up a total of 27 against 18 for the invading phalanx.

To say that the game was hotly contested would be putting it mildly, as there were times when a majority of the players entered for active service found themselves seated involuntarily on the floor. A few brilliantly acted scenes were put on by Coaches Rutherford and Huntington in the Aggies' territory. Both Shy and Dick spent about an equal amount of time in the leading role but Huntington lowered the visiting coach's batting average considerably by holding him to three field goals, whereas in the game last week at Corvallis Rutherford went hog wild and amassed a grand total of 21 points.

Eddie Durno had some hard luck in the initial canto when he and Phil Ringle both thought they were about to intervene some Aggies and crashed into each other full tilt, netting Eddie a badly cut head which supplied enough gore to make what approached a battle royal at times, seem realistic. In spite of his injury Durno was the outstanding star of the evening and succeeded in netting some pretty baskets; repeatedly he dribbled through and took a shot with invading instructors hanging on determinedly. Phil Ringle was going nicely at guard and got three baskets to offset the three he allowed Coleman.

The lineup: Oregon, 27 O. A. C., 18
Durno, 11 F. Coleman, 6
Scott, 6 F. Rutherford, 8
Bay, 4 C. Hubbard, 2
Huntington, 2 G. Hubbard, 2
Ringle, 6 G. Hager, 2
Ringle, 6 S. Willey
Referee—Roy Bohler, Willamette.

LAST UNIVERSITY HIKE OF TERM ON SATURDAY

Natron, Goshen, Pleasant Hill and Back
Via Pacific Highway Route of
Jaunt Set For 9:30 A. M.

The last University hike scheduled for this term will take place Saturday, March 11. River and hill country will be traversed by the hikers who will leave Eugene on the Springfield car leaving downtown at 9:30 a. m. and from the University at 9:40. The party will go to the end of the line and then hike to Natron, crossing the Willamette river at this point and hiking on to Goshen over the old road near Pleasant hill. From Goshen those who wish to do so may take the train back to Eugene while the remainder of the party will hike back to Eugene over the Pacific highway.

Dr. D. E. Lanefield, of the biology department, will lead the party. Fifteen cents is all one needs to participate in the hike, 10 cents for carfare and a nickel for hot coffee and cream, which will be served. Those owning cameras are urged to bring them and to use them on the trip, as a number of beautiful views will be seen, according to those who have seen that part of the country.

The state of the weather will not cause the postponement of the hike. Many people failed to make the last jaunt due to the fact that they believed that it had been postponed on account of heavy rains. As a consequence the Condon club suffered a deficit in the coffee fund, since only some dozen people participated in the hike.

The completion of next Saturday's trip will mark the end of this term's hikes. The idea of all University hikes for recreation and incidentally for instruction was first suggested by the hikes committee of the Condon club, campus geologists' society, and was worked out in cooperation with the recreation committee. The two previous trips taken this term have been pronounced decided successes by those who participated. Longer trips are planned for next term and will include points in the Cascade and coast range mountains.

POPCORN TO BE SOLD

Y. W. girls will sell 1000 popcorn balls which they will have ready for distribution before the assembly hour this morning. The money derived from the sale will be added to the fund being raised to pay the expenses of the delegates to be sent to the national convention in April, and the girls hope to dispose of the full number of popcorn balls on hand. Charlotte Clark and Elsie Lawrence are in charge of the sale.

FINAL LEMON PUNCH OF TERM TO APPEAR MAR. 15

Big General Number Promised
for Last Issue of Term

March 15 has been set as the date on which the final issue of the Lemon Punch will appear, according to Stan Eisman, editor. The issue promises to be a big one, comprising 28 pages, with several full-page cuts, 22 in all. The number will not be a feature issue as previously, but a general number, and so will cover a wider field of wit and humor.

The cover for his issue of the Punch is being drawn by Ray Bethers, well known for his illustrations and cartoons. There will also be a full page by Doc Braddock.

This is the fourth issue of "Lemmy" and all the efforts of the staff are concentrated on making it a big, live, snappy number. All contributions indicate that it will fulfill expectations.

At a meeting of the staff to be held the early part of next week, plans for the May issue of the magazine will be discussed and officers for 1923 will be elected.

The present officers of the staff are Stanley Eisman, editor; Harris Ellsworth, manager; Allen Carnross, literary editor; Ernest Haycox, Edwin Hoyt and Doc Braddock, associate editors, and Helen Dougherty, honorary advertising manager. The art staff is composed of Owen Calloway, Ray Bethers, Wilbur Hulin and Beatrice Morrow.

O. A. C. SHOOT PLANNED
The Varsity Rifle team will hold a shoot with O. A. C. the first of next term.

BEEF!

That's a big word and in common slang it means weight. It is used frequently in football coaching—and when directions are followed and "beef" is used in the right way, it adds materially to the strength of the team.

BEEF means just as much in the line of food. Good juicy steak goes a long ways toward building up a good healthy constitution. Eat more of it.
