

## MEN PICKED FOR CLASS RELAY TEAMS SATURDAY

9 Instead of 16 Races Run;  
Turnout is Small

The class tryouts were staged on Hayward field Saturday afternoon, and under the influence of a warm sun about 60 men turned out to compete for places on their class teams. However only nine of the 16 races scheduled could be run because not enough men turned out to fill the places. Coach Bill Hayward had planned to have four races in each class, but the freshmen were the only ones to fill the requirements. The juniors came next with three races and the seniors and sophomores tied with one race each.

Hayward picked the first four men crossing the tape in each event to represent their respective classes in the interclass relays to take place next Saturday. The men who placed for the first are: in the 220, Virden, first; Breakey, second; Elsen, third; and Poulson, fourth. In the 440, Hardenberg, first; Curry, second; Linton, third; and McClellan, fourth. In the 880, Jordan, first; Schultze, second; Peek, third; and Carlson, fourth. In the mile, Theuring, first; Winther, second; Ellis, third; and Stanton, fourth.

The sopho one event, the 220 yard dash resulted with Lucas, first; and Risley, second; Covalt, third; and McCune, fourth. The junior's results were: in the 220, Oberteuffer, first; Larson, second; Wyatt, third; and C. Phillips, fourth; in the 440, Rose, first; Couborn, second; Jordan, third; and Dedman, fourth; and in the half mile Peltier took first, Bidwell, second; Kays, third, and Campbell, fourth.

In the senior 220 yard dash Sundeale took first; Kuhnhausen, second; Bowles, third; and Dunsmore, fourth. Because of the scarcity of men to compete for class honors next week's schedule will have to be altered some, though the new plans have not been decided upon as yet.

The men who turned out last week were the ones who have been turning out more or less regularly all term, but the coaches' hopes of seeing much new material show up did not materialize. From the relays this week Bill will have a fairly definite idea of who he will use against the Aggies in the All-State Relays on April 14 and 15. He is not optimistic over the outlook. According to his statement his chief hope lies in the field events. Even against O. A. C. Hayward does not expect to win a single track event, but hopes to take enough seconds and thirds to prevent the contest from becoming one-sided.

## GYM DEPARTMENT PLANS

(Continued from page one)

courts. The budget this year may contain a provision for 20 additional tennis courts, several running sheds, and five or six handball courts.

### Larger Facilities Needed

The present financial status of the University does not allow for a very wide improvement in the facilities, according to Dean Bovard, but the men's gymnasium is very much too small for the registration of the school, and if the enrollment grows from year to year, steps will have to be taken in the near future for the enlargement of these facilities.

"The apparatus is always ready for use at present, and the staff of the school is very much pleased with the amount of interest shown in the use of the different courts, but would like to see every man in the school out at least three times a week so that his physical education will keep pace with the mental development," concluded Dr. Bovard.

## WINNARD IS APPOINTED

Position on Fee Committee Given as  
Result of Faculty Request

As a result of the request from the faculty that a student be placed on the committee which is considering a change in the present system of laboratory fees on the campus, Norton Winnard has been appointed by Lyle Bartholomew, president of the A. S. U. O. to serve with members of the faculty who have been appointed to investigate the matter.

This request from the faculty indicates the enthusiasm with which the faculty is regarding the action of students in regard to the problems of government and policy which occur and show that the University faculty recognizes the value of the student council and is willing to cooperate with the students wherever possible, according to Bartholomew.

## GYM EXAMS TOMORROW

Grades of Men in Department Will be  
Posted for Inspection

Final exams in the men's physical education department will begin Wednesday, March 15, at the regular class periods. No examinations will be made up at other times except for valid excuses. All men registered, regardless of what they are now doing, will receive an incomplete for the second term unless they have passed the freshmen swimming test.

Grades will be posted for inspection March 21, down stairs in the men's gym. Any misunderstanding should be adjusted immediately with the office at that time.

## STUDENT SECRETARIES GREAT HELP TO OFFICERS

Women's Organizations on Campus Represented in Group of Freshman  
Office Assistants

The freshman committee of the Associated Students office has assisted the officers very much in secretarial work, according to Helen Carson, secretary of the Associated Students. The committee is composed of one freshman girl from each woman's organization on the campus.

The correspondence, consisting of about 1000 letters, for the convention of representative students, to be held April 14 and 15, has been handled entirely by this committee, under the supervision of Winifred Graham.

The girls have clipped interesting and helpful articles from newspapers and placed them on file. They have helped with the calling of large committees, assisted in getting out the "Greater Oregon" correspondence, and have written letters for almost all the larger student activities.

The same 15 girls will do the work next term. This was the first term of actual work.

## SOPHOMORES AT TOP IN INTERCLASS SWIMMING

Senior and Freshmen Girls Tie in Race  
For Second Place; Last Meet  
This Evening

The sophomores defeated the seniors by a score of 40 to 31 and the freshmen won from the juniors 52 to 19 in the second interclass swimming meet Saturday afternoon. This victory for the sophomores gives them the lead in the series as they are now the only team which has not been defeated. The seniors and freshmen are tied for second place both teams having lost to the sophomores.

As usual Winifred Hopson, senior, was the outstanding star of the meets, taking first place in all her entries. Marie Strube, freshman, and Helen Hoefer, junior, did unusually good work for their teams and Agnes Schultz and Muriel Meyers showed up well for the sophomores.

The last meet of the series will be held tonight at 7:30 when the seniors will meet the freshmen and the juniors the sophomores.

## MILLER IS DEBATE JUDGE

Economics Professor Goes to Corvallis  
for O. A. C.-W. S. C. Debate

Professor Roland M. Miller of the economics department acted as one of the judges in the debate at Corvallis Saturday night in which the Oregon Agricultural College debaters won a 2 to 1 decision over the team from Washington State College. The question was "Resolved, that the principle of the open shop should be applied to the American industries."

William Kessi and Frank Rosebraugh, a brother of Art Rosebaugh, major in law here, represented the Aggies. The other judges were Leonard Riley of Linfield College and Paul Farrans, attorney for Southern Pacific system, Portland.

## PALMER PLACES IN MEET

University Swimmer Takes Third in  
50-Yard Event

Lyle Palmer, representing the University, annexed third place in the 50-yard dash at the Oregon state swimming meet held last Saturday in the Multnomah Amateur Athletic Club tank. First and second places were awarded to Leopold and Bushnell, respectively, of M. A. C. The time for the 50-yard dash was 0:28. The race was so close that it was considered by many to be a tie.

Erickson did not swim. The 100-yard back stroke event was cancelled and, although the officials approved of a plan permitting him to swim the event against time, this plan was not carried through, as the meet was too crowded. M. A. C. won the meet.

## BLEACHER PERMIT GIVEN

City Council to Allow Construction  
Along Mill Race

Permission for the erection of permanent bleachers along the mill race for use during Junior Week-end was granted yesterday at the meeting of the Eugene council. The matter was brought to the attention of the city officials, as a part of the structures will extend over a portion of surveyed street, which has not yet been constructed.

The council's permit will have to be supplemented by the sanction of the city building inspector who must be assured of the strength and safety of the bleachers. The city also reserved the right to move them at any time it is decided to extend the street.

## WHITMAN GLEE CLUB ON TRIP

Whitman College, Walla Walla, Wash., March 13 (P. I. N. S.)—The Whitman glee club, composed of 24 members, left here on the morning of March 9 for a 10-day trip through northern Washington. Concerts are scheduled for Yakima, Ellensburg, Seattle, Spokane, and smaller cities along the route.

O. A. C. COEDS WIN RIFLE MATCH  
Oregon Agricultural College, Corvallis, March 13 (P. I. N. S.)—O. A. C. co-eds won an unusually close rifle match from the girls at Syracuse university, with an average of 92.2 per cent. The O. A. C. team scored a total of 92.2 and the university finished with 91.5.

## DR. ZIMMERN TO START 3-DAY VISIT WEDNESDAY

Students to Hear Scholar;  
Faculty Plans Dinner

Widely heralded and eagerly awaited, Dr. Alfred E. Zimmern, noted English scholar and student of history, with Mrs. Zimmern, will arrive in Eugene tomorrow afternoon. He will be on the campus Wednesday, Thursday and Friday, during which time he will lecture to gatherings of students and faculty and will address one public meeting.

It was formerly intended that Dr. Zimmern should speak at one of the meetings of a world history class on Wednesday, but owing to the change in his plans which will not bring him here until the afternoon, this has been forsaken. In all probability he will be asked to meet with some student group on Wednesday afternoon. On Wednesday evening a dinner is planned for him at Hendricks Hall by the faculty.

It is hoped that both Doctor and Mrs. Zimmern will speak at the dinner. Exactly what Dr. Zimmern's schedule will be on Thursday and Friday has not yet been determined. The committee in charge announced that it was very sure that talks will be made by him on Thursday. It is also the plan of the committee to hold a public meeting, probably at Villard Hall, on Thursday evening when Dr. Zimmern will speak on "The World After the War." This will be the only public meeting that will be held during his stay in Eugene. Townspeople are invited to attend.

Dr. Zimmern, who is a celebrated scholar of Greek civilization and well-known as a historical writer and author of many magazine articles, has been for the last month in Portland where he was highly feted and entertained by society people and scholastic circles. Dr. Zimmern came from the east at the invitation of President Scholz of Reed college, and has been delivering a series of lectures at that institution. Through the courtesy of President Scholz, it has been made possible for Dr. Zimmern to visit the University for a limited stay during which time he will be busy delivering his lectures.

Dr. Zimmern is the author of several publications and has been a generous contributor to magazines. Two English publications, The New Statesman and New Europe, have given abundant space to his writings. Dr. Zimmern was a generous contributor to The New Re-

public during the war. His most recent article on "Convalescence in Europe" appeared in the January number of the Century Magazine. The University library has copies of his works including "The Economic Weapon in the War Against Germany," "The Greek Commonwealth," "The War and Democracy" and "Nationality and Government," with other wartime essays.

## DR. ELIOT TO SPEAK TODAY

Head of National Unitarian Association on Tour of Western States

Students of the University will have the opportunity of hearing Dr. Samuel A. Eliot, president of the American Unitarian Association, this evening at the Unitarian church. Parish supper will be held at 6:15 and this will be followed by a reception in honor of Dr. Eliot, at the chapel. The reception is open to the public.

At this time he will probably address the gathering on the subject of "The College Student and Religion." It is the hope of Dr. Frank Fay Eddy, pastor of the local church that Dr. Eliot speak on some such topic. In several of his addresses in the south Dr. Eliot has defended the college student against the attacks made on his morals.

Dr. Eliot is touring the western states in the interests of the Unitarian Membership campaign and also in the interests of the Indian Reservations. He is making short visits at the various Unitarian Parishes on his tour. He will arrive today and will leave for the north tomorrow morning.

Students read the classified ads; try using them.

Where All  
Search Ends

Search for the best in optical service inevitably leads to Moody's Quality.

The light of many years' specialized research and knowledge acquired in the development of eye-testing is reflected in the supremacy of Moody's glasses.

Our plant, with its efficient organization of skilled optometrists and opticians, is a mammoth unit itself, creating a tangible thing called Moody's Service.

Every operation in its vast service of manufacturing, fitting and adjusting, grinding and mounting the lenses, is centered upon the one object—the development of service.

Therein lies our success.

Our many years' experience is behind this system.

Complete lens-grinding factory on the premises.

## You Always Have to Pay

Whether you get your business education at some regular institution, or through the school of experience and hard knocks, you have to pay for it.

The latter is mighty expensive both as to time and money, often being at the sacrifice of health and happiness.

All the time that you are learning in this way you are working under a great handicap, and often you have to pass up splendid opportunities because of the lack of the necessary business education.

Our school is in session every month of the year.
